ARLINGTON WOMAN STILL MISSING

X-ray unit finds 33 cases of TB in northwest area

That the TB mobile x-ray unit has done a lot of good in suburban Cook county during the past year is shown by the fact that 487 cases of tuberculosis were discovered through its use.

Thirty-three of these cases were in towns covered by this newspaper, all of whom have been hospitalized in sanitoriums. Breaking these down according to towns shows Arlington Heights with 3; Barrington, 3; Mount Prospect, 2; Wheeling, 2; Palatine, 1; Northbrook, 3; and Des Plaines, 20.

Dr. Edward A. Piszczek, executive director of Suburban Cook County Tuberculosis Sanitorium District, told Paddock Publications Wednesday morning, "It is the aim of this mobile x-ray service to discover TB in the minimal or first stages."

If discovered then it would probably only require six months or less hospitalization and treatment, and the person would then be able to go back to his regular way of living.

IF DISCOVERED in the moderately advanced stage it takes anywhere from six months to a year and a half of treatment before the patient recovers. When discovered in the far advanced stage the patient may need several years of treatment, with a possibility of never recovering.

Approximately fifty per cent of the above mentioned cases were found to be in the far advanced stages, which means the persons have had the disease at least three or four months.

With these facts and figures citizens should be able to realize the importance of having an x-ray at least once a year.

"The sanitorium district has arranged for its mobile unit to appear in many suburban towns every other month, so people have no excuse, whatsoever, for not having themselves checked yearly for signs of TB," said Dr. Piszczek.

This service is absolutely free and is made possible through the cooperation of the Tuberculosis Institute of Chicago and Cook county. The Sanitorium district x-rayed nearly 100,000 persons in suburban Cook county during 1951 and hope to double that figure during 1952.

The mobile unit was in Arlington Heights Monday and 129 persons took advantage of its service. Seventy-nine of these were follow-up cases, persons who have had TB or showed some signs of the disease in previous x-rays, who had the large 14x17 pictures taken. The remainder had the regular x-rays which the mobile unit takes.

The unit will be in Arlington Heights again March 24, and will continue to come to the village the fourth Monday of every other month.

FROZEN HANDS VICTIM GETS NEW SCHWINN BIKE

Barbara Jean Schweigert, who froze her hands walking home from the Wheeling school bus during a severe storm December 21, has been presented with a new Schwinn two wheel bicycle from the Prospect Heights bowling league.

Barbara's dad, David Schweigert, Jackson drive, Arlington Heights, is a member of the league and when they heard that the little girl desired a bike when she arrived home from the hospital, they took up a collection to make this wish come true. Bud and Grace Miller, owners of the Wheeling bowling lanes, also contributed money.

An Arlington Heights resident has also offered a bike to the little girl, but the offer will now be refused. The Schweigerts, along with Barbara Jean, wish to thank everyone for their generosity. The little girl, who is now home, is coming along nicely, and it shouldn't be too long before she can go out and enjoy her new gift.

Dr. Dinkmeyer to speak at father, son banquet

Koehne Photo

Dr. Henry Dinkmeyer, Ph. D., D.D., president of Elmhurst college, will speak at the annual father and son banquet sponsored by St. John Evangelical and Reformed church. The banquet will be held Feb. 6 at 6:30 p.m., in the basement of the church.

A roast beef dinner will be served.

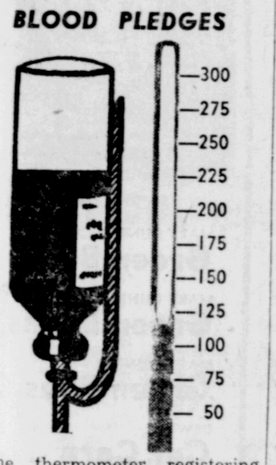

Tickets are available at $2 for men and $1 for boys under 12 years of age. They may be obtained by calling Miss Edith Hooker at Arlington Heights 2170 or Mrs. Mark Rightmire at Arlington Heights 1442-J.

Boy Scout fund drive to be held February 10

Final plans have been laid for the annual Boy Scout fund drive in Arlington Heights and Prospect Heights and team captains have been appointed. A door to door canvass in both villages will be made the afternoon of February 10.

Alvin Popp is chairman of the Arlington Heights drive and Herman Meyer is chairman for Prospect Heights. Both will be working with K. N. Hull, district finance chairman. (AM

BLOOD PLEDGES

The thermometer registering the blood pledges from Arlington Heights and Palatine has gone up to 115 donors this week. A total of 300 pledges is needed by the time the bloodmobile arrives in Arlington Heights February 19.

Anyone wishing to donate blood, which is to be sent to the Korean war front, should contact Mrs. Richard Bronwell, 3257-J, or Forrest Davis, 2340, in Arlington Heights, or Mrs. James Monroe, Palatine 913, and ask for a pledge card.

Illinois Bell offices move to new building

The business office of Illinois Bell Telephone Company for the communities of Arlington Heights, Mount Prospect and Prospect Heights will open Monday morning in the new dial telephone building on N. Vail.

The building, on which construction did not start until last spring, is practically completed. The installation of the dial equipment is being rushed as fast as the Western Electric technicians are able.

The company hopes to have the dial equipment in operation late in the summer. With the prefix CLearbrook 3- the new phone numbers have been released to subscribers. Many of them are ordering stationery with them as well as using trucks on which is painted the dial number.

COMPLETION of the building within 10 months is surprising to many persons interested in the erection of homes and commercial buildings. Construction work on the phone building has been up to schedule since the day it was started.

Operation of the dials cannot come any too soon for the 500 persons who are on the telephone waiting list. Some business places are vacant because the interested renters are unable to get an immediate promise of phone service.

Seven persons injured in two accidents

Six persons were seriously injured late Sunday afternoon in an auto accident at Higgins and Rohlwing rds.

Injured were Steve S. Podogorney, 26, driver of one car: Arthur Miclalicz, 26; John Olechoski, 26; Chester V. Moczulewski, 24, all of Chicago and passengers in Podogorney's car.

Also injured were Donald A. Duiel, 17, driver of the second car, and his father, Edward, 46, both of 283 Ardmore, Des Plaines.

All were taken to St. Joseph's hospital in Elgin.

Police were unable to determine immediately the cause of the accident because of the serious condition of the persons injured.

A short time before at Algonquin and Rohlwing rds. a 63-year-old woman was injured when an auto driven by her husband collided with a car operated by Edward B. Hillertz, 65, of Chicago.

Injured was Mrs. Rudolph G Thoke of Route 1, Huntley, Ill.

Teaching geometry the modern way at Arlington high

What is the best way to teach geometry?

Arlington Heights township high school wants to know and have instituted an experimental program to find the answer.

Three experimental classes have been designated by Roderick C. McLennan, a teacher at the school, who consulted frequently with Dr. E. H. C. Hildebrant and Dr. Cameron Meredith of Northwestern university.

The first group is taught the traditional way—out of the textbook.

THE SECOND group uses only newly installed laboratory equipment. Each student works with six different types of equipment.

The third groups combine both the traditional and laboratory method.

All three courses are designed to eliminate objections leveled against geometry as a course composed of memorization and little understanding. The best parts of each course will be sifted and integrated into one improved course.

According to Mr. McLennan, all students participating in the experiment are learning the basic facts of geometry as well as any class in any school. However, the two classes using the equipment are learning more than is included in traditional geometry.

A talk covering the program will be presented to the Arlington Area Educators Council at a 6:45 meeting to be held in the high school library January 31.

Set dates for annual Wheeling Days

Wheeling Days will fall on July 18, 19 and 20 this year. This was decided at a joint meeting of the Wheeling Chamber of Commerce and the Wheeling Fire Department held January 23.

Annexation

Arlington Heights village board will have the second reading Monday night on the proposed annexation ordinance. Contributions to the Fence Post this week cover both sides of the controversy.

Police of three counties and five villages engage in hunt

For the second time in as many days, a 30-man posse searching the wooded areas around Algonquin failed to turn up a clue in the week-old mystery of Mrs. Virginia Wing, 29, of 618 N. Belmont ave., Arlington Heights.

Mrs. Wing, mother of three children, disappeared last Wednesday after leaving her home for the train depot to pick up her husband, Robert, a food broker.

Her auto, a 1946 black tudor Plymouth, was found abandoned next day near the Lake in the Hills subdivision on Huntley rd., two miles west of Algonquin.

THE LIGHTS were still burning and the ignition switch still on. Her purse, containing no money but with papers intact, was found 200 feet away. A sack of groceries was still in the back seat.

The posse made up of McHenry and Cook county deputies and volunteers from Fox River Grove, Cary and Crystal Lake, searched the area near where the car was found.

Grappling hooks were used in the sluiceways of a lake. Stanley Perrson, manager of Woodstock airport, piloted a small plane and searched the frozen lake from the air.

Lt. Hugo Olsen, in charge of the investigation for the Cook county police, said photographs of the missing woman would be circulated throughout the Algonquin-Huntley area.

The investigation thus far has revealed:

MRS. WING left home shortly before 6 o'clock to meet the train. She had placed hamburgers on the stove before leaving. Officers say Mrs. Wing sometimes left food cooking and the children alone when she was to meet her husband.

Mr. Wing told police he called his wife in the afternoon and asked her to meet the train. She was not at the regular meeting place so he got a ride with a fellow-commuter. On the way home, he saw his wife pass in their auto but failed to attract her attention.

She was reported missing several hours later by her husband who told police he at first thought she may have gone shopping.

Chief of Deputies Harry Henerdeen of McHenry county said witnesses saw the Wing car about 9 p.m. Wednesday. It was towed in Thursday and the ownership traced.

THE GASOLINE tank was almost full, and according to Lt. Olsen, Mrs. Wing is known to have filled the tank Wednesday afternoon.

Meanwhile, Arlington Heights police were questioning commuters on evening trains in hopes that someone saw Mrs. Wing as she waited in her auto.

Mrs. Wing is described as being 5 feet 4 inches tall, weighing 120 pounds, with brown hair and blue eyes. When last seen she was wearing a green sweater and plaid skirt, a grey coat, tan-colored boots with red shoes.

Mr. Wing and the couple's children, Richard, 5, Janet, 4, and David, 10 months old, are staying with his parents, Mr. and Mrs. H. W. Wing at 1117 Asbury ave., Evanston.

Arlington Heights police files contain the notation that Mr. Wing first called them at 1 a.m. Thursday, saying that his wife was missing, but because he thought she might be attending a show not to send out any alarm. At 6:20 that morning he gave the police her description but asked that there be no broadcast until after he had time to make a few checkups in Chicago.

The police department prepared the message for release to the state police when authorized by Mr. Wing. The husband did not give the authorization until 10:32 that evening.

In its investigation among acquaintances and friends in Arlington, the police learned that Tuesday she had taken to Old Folks Home some food, saying that she had more than she could use. About 4:30 p.m. Wednesday Mrs. Wing with her children in her car drove to the Virgil Horath gas station for gas. The station owner and his customer passed the "time of day." Horath did not notice anything unusual about her actions except that she drove away from the station in the face of traffic, driving over to the third lane. He saw her cross the railroad track on State rd.

'Open Doors Overseas' lecture at Faith church Sunday

The Rev. Dr. Otto H. Schmidt of St. Louis, Mo., executive secretary of the Board of Missions in Foreign countries of the Lutheran Church—Missouri Synod, will be the guest preacher at Faith Lutheran church, South State rd. at Park, Arlington Heights, next Sunday, February 3, at 10:45 a. m.

Extensive travels in the Orient and inspection tours of the foreign mission fields lend on the spot interest and first hand knowledge to his lecture on "Open Doors Overseas." Under his sympathetic direction much progress has been made in advancing the Gospel of Christ in Japan, New Guinea, and the Philippines as well as in the work in the older fields of India and China.

Friends and neighbors in the community are cordially invited to hear this well-known Christian scholar, traveler, and preacher. During his stay in Arlington Heights Dr. Schmidt will visit with his sisters, Mrs. Harry Fausel and Miss Lane Schmidt, on N. Dunton ave. Old timers in the community will remember their grandfather the Rev. Henry Schmidt who was pastor of St. John's Lutheran church in Elk Grove for many years.

Arlington may accept pupils from Northfield

There is a possibility that the increased school facilities available when the addition to the Arlington Heights high school is completed will be put to almost capacity use without waiting several years for the boys and girls in the lower grades of the local elementary schools to enter high school.

Northfield high school district is in the midst of a factional site battle that has held up the construction of its own building. It has in previous years "farmed out" to neighboring high schools many of its pupils. Unless the Northbrook elementary school backs down from the ultimatum that it gave to the high school to "get out" of their building, the Northfield high school will have nearly 300 additional pupils for which "homes" must be found.

An "if and when" inquiry has been made by Northfield at the Arlington Heights and Palatine high schools. Both boards have advised the Northfield school under what basis their pupils could be accepted.

ARLINGTON HEIGHTS has made a tentative offer to accept students of the sophomore, junior and senior years with the brothers and sisters of such pupils. It will provide no transportation. Northfield does not provide any transportation for pupils attending other schools.

Palatine is understood to have given a somewhat similar offer but agrees to provide transportation for classes and also for special evening events, such as it is now providing for pupils from Schaumburg and Bartlett.

Both schools will charge practically the same tuition fee. Northfield's present teachers would have the privilege of accepting positions in the two schools. The Northfield students would not be placed in their own classes, but would be intermingled with the regular students.

There is a possibility that Northfield might use both Arlington and Palatine high schools.

Republican Women's club plans Candidates' tea for March 2

All candidates on the Republican Cook county primary ballot are being invited to a tea given by the Wheeling Township Regular Republican Women's club, March 2, at the Arlington Heights field house.

Bernice Van der Vries, who was guest speaker before the club Monday night, has already accepted the invitation to attend, and will act as guest hostess along with Marguerite Church, congressman of the thirteenth congressional district.

Mrs. Van der Vries is representative at large of the general assembly of the Illinois state legislature. Members learned from her talk what duties she performs in the legislature, along with facts about various bills which were approved with her help during the past session of the legislature.

THE CLUB, which meets on the fourth Monday of each month, will combine its February and March meetings at the March tea. Members and friends will be given an opportunity to meet personally all the Republican candidates appearing on the primary ballot, which, no doubt, will aid them in selecting their final choice among the candidates.

Primary elections are important, because it is in these that all the grass roots of the political set up are planted. In the primaries the individual has the right to suggest his choice of candidates, regardless of the thinking of the politicians.

The high school varsity debate squad has been invited to appear before the club in April.

Firemen answer two calls Monday morning

The Arlington Heights fire department answered a fire call at 8:45 Monday morning, when one of the Laseke Disposal trucks caught fire due to hot ashes being emptied into the truck box.

A second call at 11:45 a. m. took the inhalator squad to the home of Henry Martens, who suffered a heart attack. They were unable to revive him.

'Neighborhood News' added to the family

"Neighborhood News" is a new feature in Paddock Publications. It came into being a short time ago when reporters of two areas asked that their news be accorded a regular place in the paper.

Because some of these communities are served by more than one Paddock Publication, the neighborhood news was assigned a page in the feature section.

Thus the Wilson, Elk Grove and Feehanville school areas comprised the beginning of the special page. Forest River, Long Grove and Schaumburg were added. Last week, Arlington Crest joined the page and this week Pinegate Highlands makes its appearance.

The page is open to other communities in Paddock Publications area. If your community is not being represented get in touch with the publication office.

Pinegate Highlands has a community organization and over 30 families. It has several jobs that need doing and is looking forward to this paper to help the residents accomplish their aims

1952 FISHING LICENSES ON SALE AT VILLAGE HALL

Residents of Arlington Heights who desire to purchase fishing licenses for 1952, may now do so at the office of the village clerk. Forrest F. Davis, in the Arlington Heights village hall

Little change in state equalization factor

Increases in assessed valuations in Cook county will make little difference in the state equalization factor, which will be 1.40, compared to 1.41 last year.

This means that the realty valuations fixed by the office of Cook county assessor will be boosted two-fifths. A similar boost in valuations will probably be repeated each year hereafter, and persons filing schedules can accept that fact in determining their probable tax.

The increase in assessed valuations will not lower the tax rate of the individual where local taxing bodies increase their tax levies.

Sullivan not guilty of selling liquor to minors

Robert W. Sullivan, 809 E. Davis st., was acquitted of selling liquor to a minor by Chief Justice Thomas Kluczyinski in Cook County criminal court last Friday.

THE CASE was prosecuted by the State's Attorney who charged that Harry Hartleb Jr., 16, purchased six quarts of beer and two pints of wine from Sullivan at his Parkway Liquor Store in Arlington Heights. The liquor was bought after the Palatine-Wauconda football game September 22, 1951. The complainant, Dr. Harry Hartleb of Palatine, charged that his son purchased the liquor around 9 p. m. and then with some friends went to Roselle where Janet Mauser, 16, was giving a party. According to the state's witnesses the liquor was drunk here with the girl's parents' knowledge.

This was the same case presented before an Arlington court a few weeks ago, but the case was postponed and continued by the defense for so long that it was finally dropped in favor of the grand jury indictment of Sullivan.

FOLLOWING the state's case, Sullivan's attorney, James Maher, called Sullivan and his wife, Sarah Jane Sullivan, to the stand. Sullivan said a belt on the comrpessor broke and since it was a warm night he had to get it fixed immediately. After arriving at the store at 6 p. m., he called his wife to come and wait on trade for the evening. Sullivan said he worked at changing the belt from 7:30 to 11 p. m. Mrs. Sullivan said she waited on trade all evening but states she never saw Harry Hartleb Jr. in her life, much less waited on him. Sullivan denied being in the store at all from 7:30 to 11 but his wife said he was running in and out checking the ice box although he did not wait on trade.

Judge Kluczynski, in handing down his verdict, said that under Illinois law a person cannot be prosecuted unless he is the licensee. Parkway Liquor's license is made out to Robert W. Sullivan. The judge said this law should have been changed long ago. He said: "I am satisfied the liquor has been sold, but there seems to be a question about the licensee selling it, therefore the verdict is 'not guilty'."

Sullivan's only comment after the trial was: "The less said, the better."

Irvin McDougall, 433 S. Vail, and William Lowe, 600 S. Pine, were introduced as character witnesses for the defense but did not testify.

Parkway Liquors is now under new ownership and management.

Jaycees receive official charter at banquet

Charter night is a memorable occasion in the growth and development of Jaycee chapters throughout the world. Thus it was for the Wheeling township Junior Chamber of Commerce, January 17, when the local chapter was presented with its official charter at a banquet in Faith Lutheran church, Arlington Heights.

After the invocation by Rev. Olsen of the Mount Prospect Presbyterian church, chapter members, their wives and guests enjoyed a banquet dinner prepared and served by the ladies of the church.

CLINT LYMAN, toastmaster for the evening, introduced Ellis Fuqua, one of the foremost trial lawyers in northern Illinois, who presented Bruno Waara with the president's pin.

The highlight of the evening came when John King, state Jaycee official and youngest member ever elected to the Illinois legislature, presented to President Waara the charter certifying the official status of the local group as a member of the U. S. Junior Chamber of Commerce and of the Illinois Chamber of Commerce. King then paid tribute to the chapter by citing the swiftness with which it had launched upon a civic service through its campaign to publicize and secure pledges for the forthcoming blood drive.

THE CHARTER presentation was followed by a reading of the Junior Chamber of Commerce creed which states:

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

That earth's greatest treasure lies in human personality;

That service to humanity is the best work of life;

And that a fundamental belief in God is the best assurance of the preservation of democracy.

The group was then entertained by the songs of the Arlington barber shop chorus.

Frank Broad of the Chicago Jaycee chapter then delivered the famed freedom forum talk which points out the superiority of the American way of life and cautions against threats to destroy our fundamental liberties.

Father F. J. Wenthe of Our Lady of Arlington Nativity closed the meeting with the benediction.

'Frosty Frolics' at high school Saturday

The junior class of Arlington Heights township high school will be the sponsors of an informal dance to be held in the high school gymnasium Saturday, Feb. 2, from 8:30 to 11:30 p.m. The dance is limited to students of the high school. Bob Schweppe and his Dreamlighters will furnish the music.

Decorations will be quite elaborate and are in charge of a committee headed by Judy Peterson. The dance is to be known as the "Frosty Frolic," and decorations are in keeping with the theme.

Other committee chairmen are: Carol Glaeser, tickets; Mary Moreth, refreshments; Anita Glow, band; Carolyn Hinneberg, clean-up; Donna Hoym, publicity.

John Hookum is faculty junior class adviser and is being assisted by Miss Doris Black, Joseph Bryson, Fleet Combs, Miss Margaret Firth, Maurice Klotz, Nicholas Kushta, Mrs. Mary Ann Libner, Elliott Ormsbee, Edward Paulus, Don Messenger, and Miss Patricia Schipper.

Polio march nets $3,000 in one hour

As the siren blew and porch lights went on all over town Tuesday night, 200 women set out in the near-zero weather to call at each house with its welcoming light and collect for the March of Dimes.

This Mothers' March on Polio, which was really still in the experimental stage, was an overwhelming success. In one hour, last year's quota for the village of Arlington Heights was exceeded! The Mothers' March brought in approximately $3,000, which is in addition to the money which had been contributed to the March of Dimes prior to Tuesday night. People gave nickels and dimes, and dollars and checks, with the hope that their contributions would help not only the stricken ones but would finance the research necessary to stamp out infantile paralysis forever.

On behalf of the National Foundation for Infantile Paralysis, we thank Paddock Publications for its generous publicity, and we gratefully acknowledge the assistance of the following, without whose cooperation the March could not have been successful:

The pastors of our churches of all denominations.
Ralph Clabaugh and the principals of all public and parochial schools, from high school right down to the nursery school.
The Police Department.
The Fire Department.
Virgil Horath and all the local merchants.
Mrs. Nat Burfeind, president of the P. T. A.
The Arlington Radio & Record Shop.
The Rodewald News Agency.
The Arlington Theatre.
Each neighborhood chairman and each marching mother.
And every "good neighbor" who gave so generously.

Gratefully yours,
Mrs. Milton C. Haase, president, Arlington Heights Woman's Club.
Mrs. Charles C. Rehfeldt, general chairman, 1952 March of of Dimes for Arlington Heights.
Mrs. Joe Grant, publicity chairman, Mothers' March on Polio in Arlington Heights.

What Harry's budget means locally

If Congress adopts the 85.4 billion dollar budget submitted to it this week, the cost to individuals and businesses in Cook county will be $3,838,341,000. In DuPage county it will be $104,769,000. This was revealed in a study made by the Illinois State Chamber of Commerce of the Federal budget cost to citizens in each Illinois county. The cost to Cook county is 11.26 times (DuPage 10.4) as much as was collected in property taxes in 1951 for the operations of the county, cities, schools and all other units of local government.

Obituaries

Henry F. Martens

Funeral services were held Wednesday for Henry F. Martens, 85, late of 402 N. Vail ave., Arlington Heights, at the First Presbyterian church of Arlington Heights. Rev. C. Victor Brown officiated. Interment Randhill Park cemetery. Black's Memorial Home was in charge of arrangements.

Mr. Martens was born March 1, 1866, in Elk Grove township. He married Ruth Krebs June 12, 1912, in Chicago. A member of the First Presbyterian church of Arlington Heights, he was employed by the Arlington Heights public schools for many years.

Survivors include: two daughters, Mrs. Marcia Ruth Grady of Portland, Ore., and Mrs. Jane Salzman of Arlington Heights; a brother, Edward Martens, and four grandchildren. His wife, Ruth, preceded him in death in 1929.

Henry K. Moeller

Henry K. Moeller, 68, late of Forest Park, died January 19 at Englewood hospital. Funeral services were held January 22 at 2 p. m. at St. John's Lutheran church in Forest Park. Interment Concordia cemetery.

Mr. Moeller was born September 26, 1883, in Schaumburg and attended school and was confirmed in St. Peter's Lutheran church. He later attended Concordia Teachers' college in Addison and taught school for two years in Canada. He then taught in London, England, after his marriage in Canada to Auguste Voigtman in August 1906. In 1912 he returned to the United States to accept a position teaching in Clarinda, Ia. In 1918 he began teaching at St. John's Lutheran school in Forest Park where he taught for 30 years until his retirement after 42 years of teaching.

Survivors include: his wife, Auguste; two sons, Henry G. of Chicago and Waldemar of Rockford; two daughters, Mrs. Frieda Hariman of Chicago and Mrs. Ruth Buethe of San Francisco, Cal.; two brothers, Fred of Downers Grove and Herman of Schaumburg; four sisters, Mrs. Lena Koenig of Arlington Hts., Mrs. Amanda Rhunke of Downers Grove, Mrs. Martha Hageman of St. Charles and Mrs. Mathilda Hattendorf of Schaumburg; five grandchildren and one great grandchild.

Randall Lou Schroeder

Randall Lou Schroeder, 6, late of 1438 Summerset, Deerfield, died January 25 in the Highland Park hospital. Funeral services were held January 27 at Lauterburg and Oehler funeral chapel in Deerfield at 3 p. m. Rev Andrew Metill officiated. The remains were sent to Pembine, Wis., for services there January 28 at 1:30 p. m. at the Lutheran church. Interment Pembine cemetery.

The boy was born November 15, 1945, in Brown county, Wis.

He is survived by his parents, Mr. and Mrs. Alvin Schroeder, and a brother, Ronald.

Warren LeRoy Wolff

Warren LeRoy Wolff, 15, the foster son of Mr. and Mrs. Henry Gondenberger of 606 Elmdale rd., Glenview, died January 22 at the Roger Greaves School for the Blind in Paoli, Pa.

Periodical community drives in Glenview raised the funds to send him to this school. He had spent four years in the school. He was born May 10, 1936, in Chicago and was adopted by the Gondenbergers while still an infant.

Funeral services were held January 29 at 1:30 p. m. at Oehler's funeral chapel in Des Plaines. Rev. Lavern Anderson officiated. Interment Memory Gardens.

Plenty Coal

Illinois has enough recoverable coal to last for 1,500 years at present rate of production.

Anita Balfour — Phone Arl. Hts. 2006-W

Northwest Heighters Activities

Entertain

Saturday evening the Richard Bradfords entertained Mr. and Mrs. A. M. Howard of Hinsdale for dinner. The Howards moved to Terre Haute, Ind., Monday.

Mr. and Mrs. Adolph Wysocki and their three children, Tommy, Nancy and Carolyn of Chicago were guests of the Richard Olstas Sunday for dinner.

Mrs. Mel Laseke of 1003 N. Patton ave., will be hostess to a group of friends and neighbors for luncheon and cards Thursday.

The Gordon Cruickshanks, the Mark Crevistons and the Arthur Halls were guests of Mr. and Mrs. Chales Rehfeldt Saturday evening for a supper and pinochle party. The Halls received high honors.

Illnesses

The three youngest children of the Harvey Thompsons, Ronnie, Nancy and Pamela, have just recently recovered from chickenpox.

Six year old Kathy Ann Swinbank returned to school Monday after a three week illness of tonsillitis and an ear infection.

Jimmy Kaspar has been ill for the past week and a half. He hopes to be out of bed soon and back in school. His friends wish him a speedy recovery.

Mary Gail Gaenzle has been out of school more than a week with the measles.

Mrs. Betty De Zur has been ill for the past two weeks with the flu. Her son, Darryl, came down with chickenpox last Thursday.

Attend wedding

Mr. and Mrs. Richard Olsta attended the wedding of their cousin, Miss Jeanne Eckert of Chicago, who became the bride of Michael B. Graff, Saturday at 10 a. m. mass at the St. Philip Neri church. Smorgasbord and dancing were enjoyed by the 150 guests present at the reception. The couple will make their home in Florida.

Birthday celebration

Sunday Mr. and Mrs. William Groh and daughter, Susan, attended the triple birthday celebration of Mr. Groh's sister, Mrs. Walter Miczek and her two daughters, Linda and Sandra of Chicago. The entire Groh family gathered to wish them "happy birthday."

Visited

Mrs. Richard Yelton's mother, Mrs. Charles E. McDowell of Grand Lodge, Mich., visited with the Yelton family from Monday until Saturday.

Mrs. E. J. Lewinski returned home Friday after spending a week in Milwaukee visiting her sister and family, Mr. and Mrs. W. F. Kinnee.

Trips

Recently returning from a month's vacation are the Bernard J. Colvins, who motored to Tucson, Ariz., and enjoyed the pleasant weather. They took the southern route back stopping off in New Orleans and spending a few days in Memphis with relatives, Mr. and Mrs. Samuel G. Loring.

Mr. and Mrs. A. R. Campbell will leave soon for a two week's vacation in Mexico. They plan to spend some time in Mexico City and Acapulco. At present the Campbells are recuperating from vaccinations which they had taken in compliance with U. S. regulations.

E. J. Lewinski returned Saturday after spending a week at Atlantic City attending the Brokers convention.

Sympathy

Norbert Willging's father, E. H. Willging, 73, died January 16. Services were held Saturday in Dubuque, Iowa, with burial at Mt. Calvary cemetery. Mr. Willging was well known in Dubuque having practiced law there for half a century. He is survived by his wife, four sons and two daughters. Mr. and Mrs. Norbert Willging wish to express thanks to their kind friends and neighbors who thoughtfully sent flowers, cards and mass offerings.

Vandalism

Two cases of vandalism were reported in this community and in both instances it occurred Friday evening. A car aerial was removed from Richard Bradford's car and found broken in the snow. The Arnold Siders reported that the roof of their Buick convertible had been slashed in two places. Both cars were parked in the driveway.

Polio drive

The following women in the community volunteered to assist Mrs. Charles Rehfeldt, chairman of the Arlington Heights mothers' march on polio drive, in contacting residents. They are Mrs. Richard Bradford, Mrs. Thomas Gooding, Mrs. Russell Savage, Mrs. Arthur Komarek, Mrs. R. Anderson, Mrs. W. Hannum, Mrs. L. Knoeppel, Mrs. M. Fisher, Mrs. Arthur Shogren, Mrs. J. Johnson, Mrs. Herbert Boumann, Mrs. John Baker, Mrs. William Anderson, Mrs. Thomas Thackery, Mrs. Harold Olson, Mrs. L. F. Bryant, Mrs. Chris Blueberg, Mrs. Robert Skallerup, Mrs. Arthur Zander, Mrs. Glenn Buckley and Mrs. Edward Coburn. Mrs. Rehfeldt wishes to express her appreciation to these women and many others in different sections of Arlington Hts. who graciously responded to her request.

New arrival

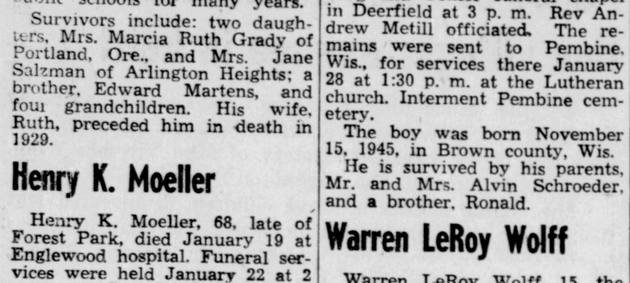

Mr. and Mrs. John Huskey are parents of a baby girl, Mary Beth, who was born January 20 at West Suburban hospital in Oak Park. Mother and daughter are doing well.

CARD OF THANKS

Gratefully acknowledging and thanking the kind neighbors and friends for their deep sympathy in our recent bereavement.

Mother Eickerly and daughters, Mary Dunn and Geraldine Crandall.

(A

CARD OF THANKS

We wish to express our thanks to all our neighbors and friends who were so kind to us during our bereavement, also for the beautiful floral pieces.

The children of Silas Nordmeier

(B5 Pal*

IN MEMORIAM

Dean W. Smith. In loving memory of our dear husband and father on his 69th birthday, Feb. 2.

God gathers the dearest of flowers
Into a garden of beautiful dreams;
He sprinkles the heaven with star dust
Through which a star for each soul gleams.
Today on your birthday your star shines so brightly
God's way of telling us you are happy and gay
For he knows how much we love and miss you
And how we yearn for you day by day.

Loving wife, daughters and family.

(B4

IN MEMORIAM

In memory of Frank Maierhofer.

How often do we tread the path
That leads me to the grave
Where rests the one we loved so well
But could not save.
Long days, long nights
You bore your pain
Waiting for the cure.
God saw that you were suffering
And the hills were hard to climb
And He closed your weary eyes
And whispered peace be thine.

Emily Maierhofer, and family.

(B4

You Decide . . .

In arranging funeral plans and arriving at costs, we strive to serve as a friendly family counselor, presenting complete information and advising in accordance with your best interests. You make the decisions. Our concern is to fulfill them in every detail, exactly as you wish.

Visit here

Mr. and Mrs. Charles Aldrich and son, Charles Jr., of Tulsa, Okla., have been visiting at the L. E. Aldrich home. Mr. Aldrich has recently completed his work on his degree at the university of Tulsa.

Mr. and Mrs. James Maynard and children, Jacquelyn and Elsa, of Rockford will visit with the Chester Moores Sunday. Mrs. Maynard and Mrs. Moore are sisters.

Move

Mr. and Mrs. Ray DeGreeff have moved to 310 N. Dunton ave. from the outskirts of Arlington Heights.

Mr and Mrs. E. Elliott (Bus) Ormsbee have moved into their new home at 605 S. Mitchell from 310 N. Dunton ave. Their year old daughter, Debbie, was taken to St. Joseph's hospital, Elgin, last week. She had bronchial pneumonia and is now recuperating at home.

Sidelights of Arlington Heights

Vacationers

Mr. and Mrs. E. Jack Beatty of Denver, Colo., visited their daughter and son-in-law, Mr. and Mrs. George D. Hitchcock, last week. Mr. and Mrs. Hitchcock are leaving Friday for Florida and will meet her parents in Nassau. They plan to be gone about two weeks.

Mr. and Mrs. Ralph Lilleburg returned home Monday from a 15 day vacation in Varadero Beach, Cuba. Mrs. Lilleburg arrived home in time to celebrate her birthday Monday evening at a family party.

Mr. and Mrs. Adolph Lindstrom left Saturday for a six week vacation in Florida and New Orleans.

Entertain

Mrs. F. Sesterhenn and Mrs. G. Leicht entertained their sister, Mrs. Lee J. Deitz of Wilmette, at a luncheon in honor of her birthday Wednesday at the Edgewater Beach hotel. Mrs. Deitz recently returned from Honolulu, Hawaiian Islands.

Mr. and Mrs. Alfred Jasper entertained Mr. and Mrs. Walter Harz and children, Marjory and Roy, of Palatine and Mr. and Mrs. Otto Mirs Jr. and daughters, Betsy and Patricia, Sunday.

Miss Laura Grothe and Miss Catherine Brady entertained Miss Dorothy Fox, Miss Grace Dresmel and Miss Edna Gammil at a canasta party January 22.

Miss Mimi Reeb entertained her sister and family, Mr. and Mrs. E. Jensen of Chicago, at dinner Sunday.

Mrs. Albert Adam entertained her pinochle club at cards and refreshments January 22.

Mr. and Mrs. Herbert Helfers entertained several guests from Franklin Park, Des Plaines, Park Ridge, Bensenville and Arlington Heights in honor of Mr. Helfers' birthday Sunday.

Week-end guests at the home of Mr. and Mrs. Louis Pedersen were Mr. Pedersen's sister, Miss Gertrude Pedersen; Mrs. Pedersen's sister, Mrs. Helen Scharfenorth, and Mr. Pedersen's niece, Mrs. Edna Trainer of Chicago.

Visit away

Mr. and Mrs. Fred Utterback visited Mr. and Mrs. Don Benson in Davenport, Ia., Sunday. Mrs. Benson is Mrs. Utterback's daughter.

Miss Grace Conrad spent last week end in Chicago visiting Miss Helen Hastings, a former teacher in Arlington Heights.

Mr. and Mrs. F. R. Martin and daughter, Marcia, visited Mr. and Mrs. A. A. Martin, who recently moved into their new home in Maquoketa, Ia. The highlight of the trip for Marcia was visiting her uncle's chicken hatchery.

Guests

Mr. and Mrs. Albert Sachs of Chicago entertained Mr. and Mrs. Frederick J. Bolain at a smorgasbord dinner at the Kungsholm restaurant in Chicago Saturday evening. After dinner the two couples returned to the Sachs' home.

Sunday dinner guests at the home of Mr. and Mrs. Louis Pedersen were Mr. and Mrs. Alfred Pedersen and daughters, Donna and Susan, of Edgebrook, Miss Gertrude Pedersen, Mrs. Helen Scharfenorth and Mrs. Edna Trainor of Chicago.

Celebrate birthdays

Betsy Wood, daughter of Mr. and Mrs. Sam Wood, celebrated her seventh birthday Saturday afternoon at a party for ten of her playmates.

Gerry Bolain, Connie Neumann and Jay Kreiner were among those attending the birthday party Sunday in honor of Skipper Witt's ninth birthday. Skipper is the son of Mr. and Mrs. Bud Witt.

Gary Peeters, son of Mr. and Mrs. Raoul Peeters Jr. of 317 W. Park pl., celebrated his fourth birthday Saturday evening. Guests at his party included Mr. and Mrs. Arthur Radtke and son, Paul, Mr. and Mrs. Herbert Carl and son, Gary, Mrs. Eleanor Fitzsimmons of Chicago, and his grandparents, Mr. and Mrs. Raoul Peeters Sr. of Arlington Heights.

Kenneth Wolf, son of Mr. and Mrs. Arthur Wolf, celebrated his fourth birthday Monday afternoon at a party for several of his friends.

Home from college

Miss Dolores Krause, daughter of Mr. and Mrs. Walter Krause, arrived home Wednesday to spend several days visiting her parents. She will have as her house guest Miss Dolores Scheler of Sterling, Ill. Both girls are freshman at Coe college, Cedar Rapids, Ia., and are on a five-day in-between semester vacation.

Bert Clarbour, son of Mr. and Mrs. Ralph Clarbour, is spending his between semester vacation with his parents. He is a student at the University of Illinois.

Week-end trip

Miss Suzanne Franke, daughter of Mr. and Mrs. W. G. Franke, visited her sister, Marilyn, at Iowa State college, Ames, Ia., over the week end. Saturday morning Suzanne attended classes with her sister, and at noon they went to a luncheon at the Student Union. The Pi Beta Phi dinner dance Saturday evening was the highlight of the week end.

Showers

Miss Lorraine Schoepke, daughter of Mr. and Mrs. William Schoepke, was the guest of honor at a bridal shower given by her sister, Mrs. Paul Gerrig, and her sister-in-law, Mrs. William Schoepke Jr., Friday. Miss Schoepke will become the bride of Martin Fanz of Brookfield February 16.

Mrs. William Beckman and Miss Vera Folkman were hostesses at a pink and blue luncheon Friday afternoon in honor of Mrs. Ralph Hauptly. Guests came from Chicago, Des Plaines, Mt. Prospect and Arlington Heights.

Mrs. Roger Grant was guest of honor Friday evening at a stork shower at the home of Mrs. George Dieber. Fourteen guests were present.

Recuperating

David Curtiss, son of Mr. and Mrs. V. S. Curtiss returned home from the hospital after undergoing an appendectomy recently.

Ill

Teddy Staahl, seven year old son of Mr. and Mrs. G. E. Staahl, is ill with a case of measles.

Miss Eleanor Schoepke is at the American hospital in Chicago where she underwent a major operation January 26.

Linda, Robert and Scott Schneberger, children of Mr. and Mrs. Rober Schneberger, are recuperating after being confined to their home with measles.

In hospital

Ira Melbourne, a member of the Arlington Heights police force, is undergoing treatment in St. Joseph's hospital, Elgin.

Move here

Major and Mrs. Daniel Selski purchased the home at 923 Salem ave. and moved in January 1.

Bridal shower

Miss Shirley Ann Harvel was guest of honor at a miscellaneous bridal shower given by Mrs. Dolores Page and Mrs. Evelyn Garlisch in Bensenville Saturday. Fifteen guests were present at the shower given by the intended groom's sisters.

Northfield high school board and plaintiffs discuss armistice

Representatives of both the Northfield township high school board of education and the plaintiffs met Monday to discuss the current site problem.

The plaintiffs suggested that the board call an election pursuant to a petition to be filed to authorize the board to acquire a 40-acre tract at Sunset Ridge rd. and Lake ave., and that the election be conducted so as to give the voters an opportunity to express a choice between the Oldfield site and this 40 acre site. The plaintiffs agreed to be bound by the result of such an election.

The board stated that it would call such an election as might be required by a proper petition.

In turn, the board requested the plaintiffs to consent to an immediate termination of the litigation so as to permit the board to start construction of a high school building at the Oldfield site in the hope that sufficient facilities to conduct a high school might be completed by October 1, 1953. The board stated that it feared another election might mean new litigation and that a change in site to Sunset Ridge would make it impossible to complete a high school for use during the school year, 1953-54.

The plaintiffs agreed to take this request under consideration

Sportsmanship members attend Glenbard confab

Members of the sportsmanship committee of the student senate of Arlington Heights township high school met with other sportsmanship committees of schools in the West Suburban conference at Glenbard, Tuesday. These meetings are held four times a year in order to discuss problems and promote plans for improving sportsmanship at all athletic contests between schools in the conference, which include Downers Grove, Glenbard, Hinsdale, Lyons, Maine, Riverside-Brookfield, and York, in addition to Arlington Heights.

Members of the Arlington sportsmanship committee include Garwood Leckband, chairman; Ralph Page, Nancy Middleton Carol Hedemark, and Arlene Gorder. They were accompanied by Miss Hazel Beverly, co-adviser of the senate.

Staff

Raymond E. Reed, director of the Toni Research Laboratories, states that hair is the strongest of the animal fibers. It has a tensile breaking strength of approximately 6,500 pounds per square inch. The breaking point of [illegible] iron is 15,000 po[illegible]

Architect's drawing of new dial telephone building

Telephone Business Office To Move To New Location

OPENS MONDAY AT 106 W. EASTMAN STREET, ARLINGTON HEIGHTS

Here's another step in the program to provide Arlington Heights, Mount Prospect and Prospect Heights with the finest, most modern telephone service!

On Monday morning, February 4, our Business Office will open up in smart, attractive, larger quarters in the new telephone building, 106 W. Eastman Street, Arlington Heights. You're invited to come in and look around.

We'll be glad to see you any time—whether you want to pay your bill in person or just want to ask questions about your service. Our office hours will be the same—8 a.m. to 5 p.m., Mondays through Fridays. An after-hours depository will be available to the right of the entrance for your use when the Business Office is closed.

No price can measure its usefulness

ILLINOIS BELL TELEPHONE COMPANY

Dial Equipment Now Being Installed

We're glad to report that the big, complex and costly job of installing the equipment is moving along right on schedule. Some 130 technicians and installers from Western Electric and Illinois Bell are carefully putting in the cable, power plant and dial equipment. Each subscriber line requires as many as 600 hand-soldered connections.

Telephones Are Being Equipped with Dials

Meanwhile, nearly 2,000 telephones have that "new dial look" and more are being changed over every day. Next summer your new dial system will go into operation, giving Arlington Heights, Mount Prospect and Prospect Heights the fastest and most accurate telephone service we can provide.

W. C. Lathen, Manager

Gems of thought

SURMOUNTING ADVERSITY

Circumstances do not shape men, but reveal them.
—Lamennais

Sweet are the uses of adversity;
Which, like the toad, ugly and venomous,
Wears yet a precious jewel in his head.
—William Shakespeare

Whatever purifies, sanctifies and consecrates human life, is not an enemy, however much we suffer in the process.
—Mary Baker Eddy

However things may seem, no evil thing is success, and no good thing is failure.
—Samuel Longfellow

Hath any wronged thee, be bravely revenged. Slight it, and the work's begun; forgive it, and 'tis finished. He is below himself that is not above an injury.
—Francis Quarles

In the Shadow of + + + The Steeple

by William O. McGill

The Italian cook book went back to the library yesterday — and who knows what kind of food our family will soon be eating. Mrs. McG. is an intrepid experimenter and a confirmed dabbler in dishes foreign and interesting. We haven't tried pemmican as yet — but it is a little difficult to buy dried buffalo meat these days.

In the midst of our stuffed cabbage, we began to consider why there are so many distinct national cookeries (if that is a proper word for a manner of cooking), and why there is not a distinctively American type of cooking.

WE FINALLY came to the conclusion that a great deal of what we know as national cooking is the result of poverty and scarcity and primitive conditions. The foreign cook endeavors to blend flavors and to make a "marriage" of the various items he has compounded. He has to do so.

If your methods of preservation are not so good, meats are likely to become tough; they are tougher if you cannot afford the better cuts. So the traditional foreign cook cooks his meat a long time in order to make it tender. He also does not have a great deal of meat for each meal, so he combines it. The Italian may stuff his cabbage head; the Chinese combine it with tomatoes and peppers.

A civilization which has been accustomed to a wide variety of fresh game—turkeys, passenger pigeons, buffalo and deer, has moved to a wide open range stocked with cattle, to pens of pigs. I have not compared these on the atlas, but I imagine the hog and corn belt is larger than central Euope and feeds a smaller population in the entire United States.

AMERICAN cooking has largely been confined to the development of refined methods of preparing individual items. You think of southern fried chicken, of western barbecued beef and pork; the contrast is not between materials so much as the contrast of individual items and a combination of materials.

The American Indian has an expression that you cannot know a man until you have walked in his moccasins for two weeks. One contributing factor to an understanding of our relations to other people might be an appreciation of their cooking. Why do they eat what they do, and cook it in the way that they do?

If you like the food, you may want to know the answer. It leads taking down the atlas or the encyclopedia, seeing what manner of crops they grow, what their economic situation is, what their religious convictions are. For instance, Italy raises almost no potatoes, Italians eat spaghetti for their starch consituent; Hindus believe in the transmigration of souls, they eat no meat lest they be eating a human life; mountain people have no beef, sheep and goats require more cooking, more tenderizing, and more spice flavoring to bring out richness and make the meat palatable.

What pleasanter way can you imagine to appreciate our role in the neighborhood nations than to eat your way to an appreciation of your fellowman? But keep the atlas and encylcopedia handy to answer the questions which arise.

SOUTH SCHOOL NOON HOURS

by PHILIP WORLAND

What to do with 261 third, fourth, and fifth graders and 142 kindergarten children presents quite a noon hour problem. Of the third, fourth, and fifth graders there are on the average, about 65 staying for lunch with the afternoon kindergarten arriving about the same time as those who go home for lunch. There are no first and second graders during the noon hour due to double sessions in those classes.

There is supervision both on the playground and in the building. Classes dismissed at noon are staggered to prevent a jam in the cafeteria lunch line with the first class dismissing at 12:15 and the last at 12:20. There is always a teacher on duty in the cafeteria during the time the students are eating. The duties there are primarily to keep order in the lunch line, prevent any unnecessary noise, and assist any students with milk cartons and so forth.

AGAIN AT 1 o'clock there is a teacher on duty at the main entrance. Due to double sessions there are classes going on in the lower rooms during the noon hour and students must stay away from the entrance and when they come in must be quiet and orderly. The teacher sees to it that it's kept quiet and that boots are removed and shoes cleaned when the students come in.

The playground is divided into two parts, one on each side of the building. On the east side there is a black top area and softball diamond for fourth and fifth graders. On the west side there is a black top area, slide, sand pit, and "Jungle Jim" for the third grade and kindergarten. A softball diamond is to be added in the spring.

Besides the stationary equipment there are rubber balls of various sizes, jump ropes, and plenty of balls and bats for both areas. Children are discouraged from bringing things from home.

THE PRIMARY duties of the supervisors on the playground are to organize games and prevent rough and tumble games which could cause serious injury. Such games as tackle football, baseball, and wrestling are prohibited. Snowballing on a separate area is permitted only when there is supervision.

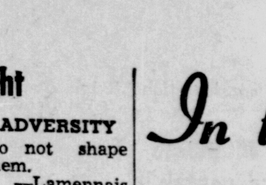

Besides the larger number of students on a small area the weather is the biggest problem. Because of small black top areas, games are limited on days when the playground is muddy. Keeping children out of mud and water is a never ceasing job of the supervisor.

Except on extremely cold or rainy days, children go to the playgrounds and stay until at least 1:15. After 1:15 teachers are in their rooms and children may enter the building, but must go directly to their classrooms and start constructive activities. It is desirable even on the cold days for children to go out for a few minutes for the fresh air and activity.

The inside duties are rotated among the women teachers and the outside duties are rotated among the men teachers.

Shampoo Hint

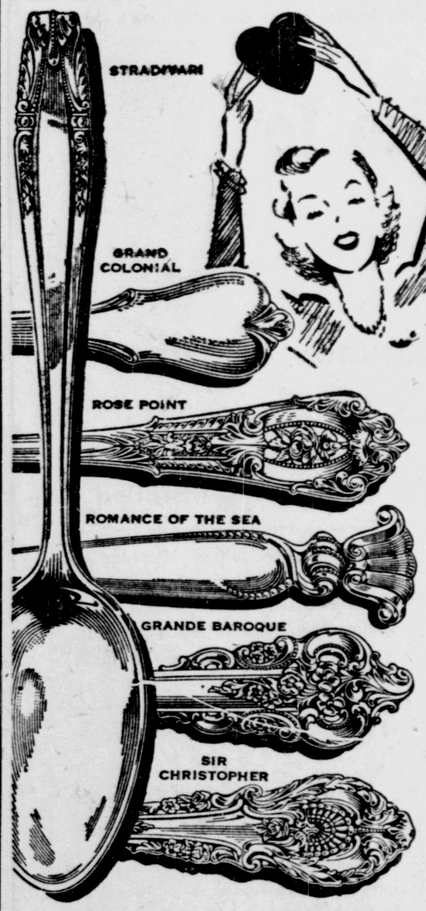

Rinse hair thoroughly with clear, warm water before applying a detergent shampoo. You'll find the preparation easier to spread through wet hair, and the resulting lather will be more abundant.

THE GREATEST CAR EVER BUILT
IN THE LOW-PRICE FIELD

The big 1952 FORD
Out-performs them all!
Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.
Out-rides them all!
The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.
Exclusive Power Pilot Economy!
Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.
Out-sizes them all!
The '52 Ford has longer wheelbase, wider front tread and greater length. It's big *outside* and big *inside*, with spacious seating for six and the largest luggage locker of them all.
New Coachcraft Bodies!
Ford's new Coachcraft Bodies are longer, stronger . . . distinctive in their modern beauty. They offer new hull-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!
Full-Circle Visibility!
With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.
Out-values them all!
With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

Fordomatic Drive, Overdrive, white sidewall tires (if available) and two-tone colors on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.
You can pay more but you can't buy *newer or better!*
'52 Ford
Come in and see it Friday

Crystal Lake man has every copy of magazine for 50 years

The golden anniversary issue of Popular Mechanics magazine holds more than the usual interest because of a picture of Chas. LaPlant of Crystal Lake who has every issue of the publication since it was founded 50 years ago. "If I stacked these 600 copies they would reach a height of 24 feet," said Mr. LaPlant who is proud of the fact that he has every copy.

It was in January of 1902 that the first copy of the magazine appeared. Although it was small, it held an immediate appeal for Mr. LaPlant. He read the first issue and liked it. He waited eagerly the appearance of the second issue of the monthly publication and these and succeeding issues held so much interest that he decided to keep them for a reference.

Illinois TAX FACTS

By George B. Mahin, *Executive Secretary Taxpayers' Federation of Illinois*

Members of the Federal Congress are on the spot. The President's 85 billion 400 million dollar budget has put them there. It means a 14 billion 400 million dollar increase in the federal debt. It means more inflation, higher prices for bread, milk, meat, shoes and shirts. It means profligacy as usual. It means that every member of Congress will have to choose between profligacy and economy. He'll have to make that choice almost every time he votes at the current session. His votes will be a matter of record. The record of how each member of Congress from Illinois votes as between profligacy and economy will be made known to you. By their votes you will know them! By their votes, you will know how to vote for members of Congress to represent you in the future.

The budget can without question be balanced, the Federal government can without question live within its unprecedented income of $71 billion dollars without impairing national defense, if Congress will cut out the waste from both the defense and non-defense budgets, refuse to authorize any new non-military programs, refuse to expand any existing non-military programs, refuse to vote for more pork barrel projects, and will pass the economy legislation recommended by the Hoover report. That's a big IF. But if each of us does his part, the members of Congress from Illinois will vote that way this session or else!

The difference between the President's budget and a balanced budget is 14 billion 400 million dollars. Illinois taxpayers' share of that proposed deficit is over a billion dollars. The total tax bill for all cities, schools, counties, townships and other local governments in Illinois in 1950 was $593,076,000, a little more than half as much.

Actually our stake in a balanced federal budget is much bigger than that. Higher prices, shrinking dollars, the future financial strength of America — those are the real stakes. You will determine the outcome. If you say, "Let George do it," it won't get done. Write your United States Senators Dirksen and Douglas and your Representative that you are going to watch how they vote on economy vs. profligacy, and that you will vote accordingly. Then vote at the April primary and November elections.

HOME OWNERS' QUESTION BOX

Q—Is there any secret to exterior color planning? I know of two houses that have bright red front doors. In one case this looks good, but in the other it's not at all attractive. Why?

A—There's no secret—but you should know that the roof is the color key. Pick the roof color first and then select other colors to blend with, contrast to, or accent the roof. A particularly wide range of solid and clended colors is available in asphalt roofing. For a red door, it's not necessary to have a brilliant red roof. An asphalt shingle color blend in which there is just a little red probably would be enough, in conjunction with the red door, to create a harmonious overall effect.

Q—How can I repair a crack in a concrete garden pool?

A—This can be filled with a mixture of one part cement and three parts sand, using only enough water to make a stiff paste. Widen the crack by undercutting the sides and pack it with the patching mixture.

Q—How can rust stains be removed from fabric?

A—Stretch the stained area over a pan of boiling water and drip the juice of a fresh lemon on it. Then rinse after three or four minutes. Repeat if necessary.

New Power

A big hydroelectric program for developing power and irrigation facilities is getting under way in Italy's Tiber River basin where the old Romans made engineering history with bridges, aqueducts and drainage systems.

Gains promotion at Harris Trust bank

Milton C. Burkhart, a resident of Scarsdale, Arlington Heights, has been elected vice-president and cashier of the Harris Trust and Savings bank, Chicago, by its board of directors. Starting with the bank 31 years ago after graduation from Northwestern university, Burkhart began his banking career in the Commercial bookkeeping department and transferred to the auditing department two years later.

He was elected auditor in 1928, assistant cashier in 1939, assistant vice-president in 1943 and cashier in 1946. Burkhart is treasurer of the Arlington Heights library. Mr. and Mrs. Burkhart reside at 521 Mayfair rd.

For the girls

The Girl Scouts of Arlington Heights are showing off their new 1952 Scout calendars, presented to each one of them again this year through the courtesy of Lattof motors. Troop leaders are finishing the distribution of about 500 of them.

Oldsen to deliver message on Lutheran Hour

Man must accept great religious truths by faith even when he cannot fully comprehend them by intelligence, Rev. Prof. Armin C. Oldsen will tell his international Lutheran Hour audience Sunday in a broadcast prepared for delivery over the Mutual network and affiliated stations.

Speaking on "A Vision of Christ's Divinity," Rev. Oldsen will say that, "Too many clergymen and lay leaders in Christian churches in our day have never really seen the vision of Christ's glory, not even with the eyes of faith. They have tried to humanize Him, presumably so that men could better understand Him. But in so doing they have taken from the story of His life, His passion, and His death, all the deep spiritual meaning."

Choral selections on Sunday's broadcast will be provided by the St. Louis Lutheran Hour a cappella chorus under the direction of Dr. William Heyne.

Plane just misses Barrington officer's home in Wisconsin

Jack Ryan, Barrington police officer, was mildly interested in the news flashes about crashing planes in his home town, Superior, Wis., but the news became a shock when he received a telephone call from his family telling him that one of the planes landed in the back yard of his home.

However, the falling P-51 fighter miraculously missed the house and landed in a 40-foot space betwen the house and garage. The plane just missed the house where Mrs. Ryan was in the kitchen and a son, Eugene, was asleep in an upstairs bedroom.

The plane burst into flames and live ammunition started exploding with some of the bullets penetrating the wall of the house. Despite the danger, Eugene, who was jolted awake by the crash, rushed out to see if he could help the pilot. The pilot had bailed out, however, when the wing of his plane was knocked off in the collision with another plane taking part in the war practice.

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

Many people have wanted to do their share to help the boys in military services enjoy their time on furlough or when simply passing through Chicago. The USO, of course, is the organization that sees to the needs and wants of these men, but its inaccessibility—it's located in downtown Chicago—has kept many Arlington people from contributing to it.

This year the Arlington Heights Woman's club has evolved a plan to make these contributions as easy as possible for us. Through its veterans' service chairman, Mrs. Walter Edelblute, members of the club and other interested villagers send to the center in alternate months cake, cookies, money for cigarettes and money for long distance telephone calls. Mrs. Edelblute herself takes these contributions into the USO.

Of the four contributions sent, the money for long distance calls perhaps deserves a word of explanation. In some cases, according to senior hostesses, servicemen coming to the center are so despondent, so lonely, that they won't even talk to the people there. They simply sit and stare. Through experience workers have learned that just about the best medicine for these boys is to talk to the folks back home, and it is for this purpose the telephone money is sent.

Mrs. Edelblute invites any one who'd like to join the other Arlington women sending gifts to the USO to contact her at 291-R. She will give details of the program and will gratefully accept all contributions.

Like links in a chain

A new idea being tried out nationally by various Women's Societies for Christian Service (the women's group of the Methodist church) is now underway in Arlington Heights. The plan is simple but effective and gives local women who are unaffiliated with a church organization a chance to see the aims of the WSCS.

The idea is this: In each neighborhood one active member of the WSCS is hostess at a "kaffee klatch" at her home. Other active members are invited to smooth the way, and so are a number of other women, the number being kept purposely small enough for congeniality and good fellowship.

The meetings have two purposes. First, it is an opportunity for the ladies to become better acquainted with each other on a highly informal basis, and secondly,—the primary aim—is to tell the visiting ladies about the WSCS, its aims and what it offers them in the way of chances for true Christian service. At the coffee party those who are definitely interested are invited to join the society, while others are invited to attend future meetings.

A unique idea this one; it puts service to the church on a personal basis where those already members of the group show newcomers just what the WSCS means to them.

Regular feeding attracts birds to home grounds

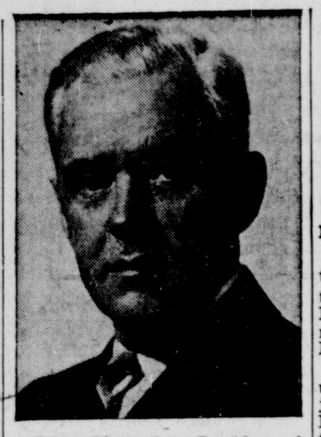

Feed birds this winter, and they're likely to stay around your grounds next summer—and that's good. Birds can keep your trees relatively free of harmful insect pests in season. But right now they need your help in the victuals department, advises D. B. Magruder, field representative of the Davey Tree Expert Co.

You've got to be constant to win feathered friends. So don't start feeding unless you expect to continue daily. There are two general types of feed — grain and suet. Set the bird meals in containers or shelves attached to the side of the house or hanging from tree limbs. There should be top protection against snow and sleet. Winter grain feeders are the cardinal, chickadee, titmouse and junco or snow bird. Suet diners are downy woodpecker, hairy woodpecker, nuthatch, brown creeper and the chickadee again.

Put out enough feed to last all day. In winter, birds have terrific appetites and will eat practically every hour on the hour. Also, place substantial meals at nightfall so that winged visitors can have early morning breakfast before you are likely to get up.

Once you've attracted your feathered following, you have another responsibility. Plan to plant fruit-bearing shrubs and trees this spring to add to the bird diet and provide more inducement for summer stays.

For the average sized plot, such trees and shrubs as dogwood, blackhaw, spice bush, honeysuckle, inkberry, bayberry, barberry, winterberry, sumac and mountainash make good plantings for both the birds and the landscape.

Telfer MacArthur, President of the Pioneer Publishing Company, who has been appointed County Communities Chairman for the 1952 Red Cross Fund, will head up all campaign activities in 179 suburbs in the Chicago Red Cross Chapter area. MacArthur will work directly with the area and fund chairmen of the suburban communities to help raise their share of the Chicago Chapter's 1952 fund goal. The month-long campaign, which opens March 1, will be carried to the 1,500,000 residents in all suburban communities in Cook and DuPage Counties and the southern half of Lake County, by thousands of volunteer fund workers.

NEW NEIGHBORS .... IN THE CITY OF GOOD NEIGHBORS

Mr. and Mrs. R. L. Schwyn

New residents now living in the Georgian home at 1125 Oakton st., Arlington Heights, are Mr. and Mrs. R. L. Schwyn, who moved here October 24 from River Edge, N. J.

The Schwyns looked through many suburbs and finally found just the home they wanted here. Mr. Schwyn, who is a salesman for Gummed Products Co. of Chicago, was transferred here. In his spare time he enjoys playing golf.

Mrs. Schwyn likes to sew and play bridge. Both Mr. and Mrs. Schwyn were graduated from Ann Arbor college, Ann Arbor, Mich.

Their son, William Paul, is 4 years old.

Mr. and Mrs. Nils Lindstrom

Changing positions has brought many families to Arlington Hts. The Nils Lindstroms moved here from Boston, Mass., November 15 when Mr. Lindstrom became a supervisor at the Revere Copper and Brass Co. in Chicago.

They are renting the home at 911 N. Highland ave. Mr. Lindstrom's sister lives in Arlington and probably had something to do with their moving here.

Nils Jr. will be 2 years old March 14. His dog, Lassie, and two kittens, which have not been named yet, are his pets.

Mr. and Mrs. M. J. Stross

The M. J. Stross family moved to 924 N. Highland ave. November 23 from LaGrange when Mr. Stross' company moved to Des Plaines.

Mr. Stross is a supervisory chemist in charge of the gas lab at Universal Oil Products Co.

Their son, Max Jr., was 5 years old in September.

Her home and son take up all of Mrs. Stross' time. Mr. Stross is a graduate of the University of Chicago.

Mr. and Mrs. C. K. Bobinette

Each member of the Bobinette family likes Arlington according to Mrs. Bobinette. The family moved into their colonial home at 308 Drury lane November 16, because they wanted to get out of the city.

Beryl, who is 8 years old, is in the third grade at the North school, and Charles, 5, is in kindergarten. Both children like the school.

Mr. Bobinette, who is a lawyer, enjoys playing golf in his spare time. Mrs. Bobinette lists gardening, her home and the PTA as her main extra-curricula activities.

Mr. Bobinette was graduated from Northwestern university, and Mrs. Bobinette received her degree from the University of Illinois.

Gems of thought

VALENTINE'S DAY

But if the while I think on thee, dear friend,
All losses are restored and sorrows end.
—William Shakespeare

Human affection is not poured forth vainly, even though it meet no return. Love enriches the nature, enlarging, purifying, and elevating it.
—Mary Baker Eddy

I could not love thee, dear, so much,
Lov'd I do not honour more.
—Richard Lovelace

The power to love truly and devotedly is the noblest gift with which a human being can be endowed; but it is a sacred fire that must not be burned to idols. —Maria Jane Jewsbury

Love is the hardest lesson in Christianity; but for that reason, it should be most our care to learn it. —William Penn

The desire to be beloved is ever restless and unsatisfied: but the love that flows out upon others is a perpetual well-spring from on high. —L. M. Child

Illini 'Boneyard' yields muskrats as well as junk

Thousands of students and alumni of the University of Illinois will remember the "Boneyard," some with a shudder as they recall a freshman ducked in its not too inviting waters. Very few will believe that there could possibly be anything other than an assortment of tin cans, old tires, slime and other unattractive accumulations of waste existing in its stinking liquid flow.

Before the Boneyard reaches the University bridges it meanders through a residential and industrial section of Champaign. Along its banks is the Collegiate Cap and Gown company, also known to numerous college graduates who have worn its gowns on memorable occasions. The genial president of this concern has a hobby that has resulted in almost unbelievable improvement to an otherwise gloomy factory yard. He has planted flowers, trees and shrubs that grow in profusion along the banks of the Boneyard and beautifies the factory locale.

RECENTLY he noticed that something was playing hob with his bulbs and flowers. He called in one of his employees, Howard Eccles, active member of the Champaign sportsmen's club, student of wildlife and a trapper by hobby. Howard diagnosed the trouble as muskrat so Prexy Hi Gelvin proposed that Howard attempt to catch the thief.

Neither of these two men would have believed that there could be any numbers of muskrats existing in the Boneyard, surrounded on all sides by nearly 100,000 humans, half that many dogs and twice that many cats and other predators. It is hard to conceive of a muskrat, one of the cleanest of animals, choosing to live in such a polluted stream, within the city limits of such a large town. With just 6 traps Howard has caught 20 muskrats, all well fed and with prime fur. These all came from about 300 yards of the famous Boneyard and the season isn't over yet.

Co-eds and flowers seem to attract many things, including muskrats.

Lois Jean Schaeffer and Marvin Moehling are wed

Community Camera

In a double ring ceremony January 26 Miss Lois Jean Schaeffer, daughter of Mr. and Mrs. Alfred L. Schaeffer of Dundee, became the bride of Marvin A. Moehling, son of Mr. and Mrs. Henry L. Moehling of Palatine.

Rev. Arthur Werfelmann officiated at the 8 p. m. ceremony held at St. John's Evangelical Lutheran church in Elgin. Miss Janice Voltz sang "Because," "The Lord's Prayer" and "O Promise Me" accompanied by John Wolfeil at the organ.

Palms and bouquets of white gladioli decorated the altar of the church.

The bride wore a gown of white satin and lace fashioned with a mandarin neckline, a basque waist attached to a bouffant skirt with a wide lace peplum and a lace edged cathedral train. Her lace edged fingertip veil was held in place by a beaded tiara and she carried a bouquet of white and yellow roses with a removable corsage of white roses in the center.

Miss Marge Lageschulte was maid of honor. She wore a forest green velveteen and nylon net gown fashioned with a strapless bodice and a detachable capelet of velveteen and a bouffant skirt of misty nylon net caught up on each side by a self color rose. She carried a cascade bouquet of white carnations with a center of orchid sweetpeas.

Miss Ann Kocyan, Miss Ruth Wacker and JoeAnn Schaeffer, cousin of the bride, were bridesmaids. They wore American beauty gowns fashioned like that of the maid of honor, and carried colonial bouquets of white carnations and sweet peas.

Miss Donna Overton, who was the flower girl, wore a white marquisette gown trimmed with tiny blue flowers and carried a basket of rose petals. Michael Meersman was the ring bearer.

The bride's mother wore a wine crepe dress, and the mother of the groom wore an aqua crepe dress. Both mothers wore corsages of white roses. The grandmothers of the bride wore white carnation corsages. The bride's grandfather and the groom's grandfather were also present at the ceremony.

Robert Moehling, brother of the groom, was best man. Leonard Schaeffer, brother of the bride, Ralph Plote and Don Roush were the ushers.

Following the wedding rehearsal Friday evening a luncheon was served at the home of the bride's grandparents.

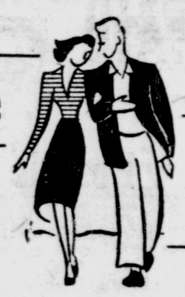

A reception for 300 guests was held following the ceremony at Turner Hall in Elgin.

The couple are honeymooning in the North and will make their home on the groom's farm after February 4.

The bride attended St. John's grade school and Dundee high school. Prior to her marriage she was employed at the Chicago Rawhide Co. in Elgin. The groom was graduated from Palatine high school and is now engaged in farming.

Guests at the wedding came from Wheeling, Arlington Hts., Barrington, Park Ridge, Bartlett, Schaumburg, Genoa, DeKalb, Palatine, Elgin, Dundee, Garden Prairie, Lake Zurich, Norwood Park and Richmond.

Romance of Jewelry

Jewelry is one of the most important accessories in a woman's wardrobe. It can make a dull dress interesting or add that extra touch of elegance to the almost perfect ensemble.

Short articles on jewelry will appear as a feature on this society page and will include information on the care and history of diamonds and gold, on costume jewelry, on the traditional meaning of birthstones and other subjects.

This week diamonds and the care of jewelry will be the topic of discussion. The diamond is the most romantic of gem stones —prized by lovers, treasured by kings, of indestructible beauty and everlasting value.

The scientific knowledge of a jeweler and his reputation for integrity are the best assurances of good value in selecting a diamond.

Today, the most popular cutting for the diamond is the "brilliant" cut of 58 facets. Proper cutting and polishing have as much to do with the value of a diamond as the quality of the original stone.

The diamond is 90 times harder than the sapphire or ruby, which are the hardest colored stones. A diamond, however, will fracture easily under a heavy blow.

The loveliest diamond is at a disadvantage unless it is kept sparkling clean. Scrub it in soap suds; rinse it with alcohol. Have a jeweler check the setting occasionally.

For both men and women, there is deep pleasure in owning a fine diamond—a lifetime possession whose beauty never diminishes.

Other gemstones and their settings are benefited greatly by a washing in good suds with a few drops of ammonia. Rinse well and dry. Take them to the jeweler for a thorough professional cleaning and a check of the settings — good security against loss!

Keep all jewelry in separate compartments or wrap pieces separately in tissue.

Pearls should be treated tenderly and kept away from other jewelry. They should be restrung every 18 months if worn often.

A watch should be wound at about the same time every day, and costly breakdowns can be avoided if it is inspected at regular intervals.

Engaged

Mrs. Catherine Sterner of Des Plaines is announcing the engagement of her daughter, Mrs. Dorothy Leiviska of Des Plaines, to Emil Berlin of Roselle rd., Palatine.

Mr. Berlin is the proprietor of Berlin's Feed Store in Palatine. No definite date has been set for the wedding.

Village Theatre group to entertain Woman's club

Eight members of the Arlington Heights Vilage Theatre will entertain the Arlington Heights Woman's club at the latter's regular monthly meeting Wednesday, February 6, at 1:30 p. m. The meeting will be held in the field house. The hostess chairmen for the day will be Mrs. Clifford M. Crane and Mrs. Donald Cox.

Two scenes from a well known comedy hit, which was equally successful on the stage and screen, will be presented under the direction of Mrs. A. Douglas Anderson. The all-female cast will include Mrs. Robert Hutchinson, Mrs. Robert Bishop, Mrs. Curtis Dahl, Mrs. Paul Espenshade, Mrs. Robert Flum, Mrs. Robert Hawley, Mrs. Dennis Malcolmson and Mrs. Alfred L. Wilcox.

The Village Theatre recently instituted an interesting innovation known as the talent bank. This is in the nature of a repertory group, which prepares skits and scenes for voluntary performances before community organizations.

The performers are all regular members of the Vilage Theatre, who enjoy acting so well they wish to appear more frequently than the usual semi-yearly plays the Village Theatre offers.

Club members who attend this meeting can look forward to an enjoyable afternoon.

Grandmothers' club receives charter

The Maine Township Grandmothers' club met January 9 at the home of Mrs. M. Slaick. A dessert luncheon preceded the business meeting at which time the chapter received its charter making it officially The Maine Township Grandmothers' club in affiliation with the National Federation of Grandmothers' Club of America.

The charter members are: Mesdames E. Hesse, E. Fochs, E. Schroeder, A. Guccione, L. Halberg, J. Waterbury, M. Slaick, M. Schultz, all of Park Ridge; H. Flanagan, F. Zuehls, I. Grothendieck, all of Chicago; H. Smith of Edison Park; M. Gilmore of Park Ridge Manor, and R. Feldten, A. Scharringhausen, and D. Rypkema of Des Plaines.

An invitation is extended to all grandmothers of the northwest area as far as Harvard. The only qualification for membership is that the applicant must be a grandmother.

Members are asked to bring a white elephant wrapped in disguise. Also bring one friend or more to the next meeting February 5 to be held at 8 p. m. at 508 Cumberland ave., Park Ridge. Entertainment for the evening will be furnished by Rose Feldten and Dora Rypkema.

Any one interested in visiting or joining this club should phone Mrs. M. Slaick at Talcot 3-1902 or Mrs. Rose Feldten at Vanderbilt 4-5969.

Favorites for Flavor

By LOIS SEILER

Attention salad lovers! Here is a frozen fruit salad that is perfect to serve at a luncheon or as an accompaniment for a fancy dinner.

Colorful as it is delicious,, this salad contains crushed pineapple, sliced peaches, red and green maraschino cherries, whipped cream and mayonnaise. It is placed in the freezing compartment of the refrigerator over night, and of course this feature eliminates last-minute preparation on the day it is to be served.

The contributor of this recipe is Mrs. G. B. Henneberg of 706 Se-Gwun, Mt. Prospect. She is vice-chairman of the Mt. Prospect Home Bureau and a board member of the Mt. Prospect Woman's club.

Two years ago, when Mrs. Henneberg was social chairman of the Woman's club, her frozen fruit salad recipe was made in quantity and served to 200 club members on Reciprocity Day. The salad was accompanied by cheese crackers and hot coffee.

Another desirable feature of the salad is that it can be kept in a deep freeze for a long period of time. Thus you can convincingly have a salad on hand for any occasion which might arise, and it especially comes in handy for unexpected guests. Mrs. Henneberg wraps the frozen salad in tinfoil or puts it in plastic containers for freezing.

This salad can also be made in individual molds. Just remove the molds from the refrigerator and let them stand at room temperature for about an hour before serving. Then the salad is easily released from the molds.

Dress up your family dinner tomorrow night by serving frozen fruit salad. You'll find it easy to make as well as delightful to taste.

Frozen Fruit Salad

1 No. 2 can crushed pineapple
1 No. 2 can sliced peaches
½ jar green and red maraschino cherries
1 pint whipping cream
1 cup Miracle Whip or mayonnaise

Drain the fruit well. Whip the cream and fold in the mayonnaise. Add fruit. Spoon into freezing tray or mold and place in freezing compartment of the refrigerator overnight.

OES meets, honors guest and members

Arlington Heights chapter 992, OES, met January 24. During the course of the meeting Mrs. Grace Turck, mother of Worthy Patron Harold Hastings, was introduced and presented with a bouquet of white flowers in honor of her twenty-fifth wedding anniversary.

After the meeting a complimentary card party was given by Kathryn Newberg, worthy matron, and Harold Hastings, worthy patron. As Mr. Hastings entered the dining room "Happy Birthday" was sung to him by members and guests in honor of his birthday January 14. Gertrude Schroeder, associate matron, presented him with a gift from the officers of the chapter.

Refreshments were served by Minnie Lange and her committee.

LEGION AUXILIARY MEETS

The American Legion Auxiliary of Arlington Heights will hold its regular meeting at the Legion home February 5 at 8 p. m.

Dorothy Carter becomes bride of Roy Thatcher

Mr. and Mrs. W. T. Carter of Higgins rd., Arlington Heights, are announcing the marriage of their daughter, Dorothy, to Roy R. Thatcher, former resident of Arlington Heights, now stationed at Fort Lawton, Seattle, Wash.

The groom is the son of Mrs. Archie Gillette of LaGrange and Charles R. Thatcher of Arlington Heights.

The couple were married January 15 at 8 p. m. in Hinsdale. Richard R. Brown, justice of the peace, officiated. Mr. and Mrs. Frederick K. Heckman of Zion, Ill., were their only attendants.

The bride is living at the home of her parents, and the groom has returned to Washington where he is awaiting overseas orders.

Delta Gamma alumnae to meet February 4

Delta Gamma alumnae from the northwest suburban area will meet February 4 at 8 p. m. at the home of Mrs. Vivien McKoane, 1026 S. Knight ave., Park Ridge.

Election of officers will be held at this meeting.

For further information call Mrs. Faraone at Mt. Prospect 916-M.

Mr. and Mrs. club to view films on winter resort areas

Two films, one on Yellowstone National Park and the other entitled, "Moon Over Sun Valley," will highlight the meeting February 8 of the Mr. and Mrs. club of the First Presbyterian church of Arlington Heights.

The group will meet at the church at 6:45 p. m. for the pot luck supper and program.

Leap year in Loveland finds Dan active

St. Valentine's Day arrives on Thursday, February 14. But Dan Cupid — with good reason — seems blissfully unaware that his "finest hour" is at hand!

1952 is Leap Year, and you'd expect the diminutive archer to be waxing his bowstring or gathering rosebuds. Instead, he's recently settled down in "Sweetheart Town"—your atlas calls it Loveland, Colorado — where Postmaster Elmer Ivers and 8000 townspeople have made Cupid their leading citizen.

IT ALL BEGAN several years ago, when Postmaster Ivers first received requests to "Please mail my Valentine with a postmark from Loveland on the envelope."

As the news went around, by word of mouth, a new romantic custom was born. Last year, more than 50,000 Valentines were remailed at the Loveland post office. They came from all 48 states and many foreign countries. The majority, naturally, were addressed to the same town their senders lived in.

Stamp-collectors tumbled long ago to the whimsical appeal of a Loveland postmark dated February 14. Honeymooners have also found the town a delightful haven for romance, recreation, and remembering long after their sentimental journey has ended. But the Valentine custom has truly put Loveland on the map —in red letters!

NOWADAYS, a crimson cachet is stamped on Valentines remailed from there. It reads, "A Valentine Greeting from Sweetheart Town." Everyone can use this popular postal service, free of charge. Just send your stamped and addressed Valentines to . . . Postmaster, Loveland, Colo

In addition to local residents, who give their support wholeheartedly, Valentines have been remailed for movie stars, politicians, radio announcers, pen pal clubs, and the young-in-heart of all ages. As many as 103 Valentines have been received in a single package!

Sweethearts, of course, are the most enthusiastic supporters of all. But "special title" Valentines for husbands and wives, Mom and Dad, and "just good friends" have nearly swamped the facilities available. Consequently, it's a good idea to mail your Valentines as early as possible.

LIKE MOST towns in the U.S.A. this year, Loveland is well represented by servicemen in Korea. As a gesture of thoughtfulnes, the home-guard of "Sweetheart Town" is sending each of their native sons a 1952 Valentine. American communities everywhere are invited to follow their friendly example. And it is suggested that air mail stamps be used to speed overseas arrival by St. Valentine's Day.

Probably, by now, you're wondering "What kind of place is this Colorado city?" Frankly, it's snuggled between some of the most beautiful mountain ranges in the world. It's an ultra-clean, community-minded town, where people take the name "Loveland" promptly and seriously.

LOVELANDERS trust and help one another. They don't allow cut-throat competition or over-charging in their business district. It's a model vacation area, but the town itself works hard, and does the best it can to enjoy life.

There you are most likely to discover Dan Cupid—who like his major-domo, Postmaster Elmer Ivers, never receives a Valentine himself. But both, you can bet, will be taking careful aim at unguarded hearts on Thursday, February 14!

Presenting the Younger Generation

Mothers' club and Missionary league hold joint session

The Women's Missionary league of St. Peter Evangelical Lutheran church, Arlington Heights, will meet in conjunction with the Mothers' club February 8 at St. Peter Lutheran school.

The Mothers' club will conduct its business session at 8 p. m., and the meeting of the Missionary league will get under way at 8:30 p. m.

Rev. E. J. Scheibert, missionary to the deaf in Chicago, will lecture on his work and give a demonstration of the sign language both for conversation and the singing of Christian hymns.

Sophisticated senior

This sophisticated college senior rates at the head of her class on her fashion score. In packing her back-to-school wardrobe, she included this crisp, fall cotton in eye-catching plaid. The versatile costume by Claire Tiffany of St. Louis includes a well-tailored classic dress with pleated skirt and a detachable fringe-trimmed cape that dresses up the cotton ensemble.

The four musketeers

Two children may wear some parents ragged, and three may be just plain bedlam in some families, but four youngsters in the William Cary family of 1415 W. Elm st., Arlington Heights, is just a nice group.

Pictured first is the baby of the family, 1 year old Dorothy Jean. This blonde and blue-eyed little lady is the object of much of the affection of her brothers and sisters and is never in want of a willing playmate.

Billy, the young man in the family, is 4½ years old, has brown hair and brown eyes. "He is a jolly fellow," described Mrs. Cary, "and enjoys his records and soldiers." Billy, like all the other children, is a quiet player. (We think Mrs. Cary is fortunate in this respect, especially since there are four wee folks in her family.)

And next is blonde and blue-eyed Mary Ann, the teaser of the group. "She's a playful little girl," said her mother, "and delights in teasing the others." Mary Ann is 3 years old, but is still "the baby" of the family.

Oldest and wearing a big smile is Joyce, the 6-year-old and a kindergartener at the North school. Joyce has light brown hair, brown eyes and is a quiet youngster. She enjoys her books more than other toys.

"I put them all in the same room and they have a wonderful time together," was the closing statement of Mrs. Cary. Grandparents are Mr. and Mrs. H. A. Des Marais of Oak Park and Mr. and Mrs. Robert Cary of Chicago.

Lively Larry

This pleasant expression belongs to Lawrence "Larry" Blaschke, blond and blue-eyed son of Mr. and Mrs. Raymond Blaschke of 308 N. Belmont, Arlington Heights. He will be 2 years old February 24.

Larry is always on the go and especially enjoys his little trolley and nail and hammer set, explained Mrs. Blaschke. "But a very decided characteristic of his is his desire to constantly be eating," she continued. Every time he thinks of it he wants a cookie!

Lois, 17, Larry's big sister, is a senior at the Arlington Hts township high school. Grandparents are Mr. and Mrs. Oscar Blaschke and Mr. and Mrs. Oscar Palm.

FRIDAY, FEBRUARY 1, 1952

DAR chapter to meet Thursday

The Eli Skinner chapter of the DAR will meet February 7 at 1:30 p. m. at the home of Mrs. Charles Cruickshank, 818 S. Dunton ave., Arlington Heights. Mrs. Kenneth Gregory and Mrs. J. A. Zimmerman will assist Mrs. Cruickshank as co-hostesses.

Mrs. Richard H. Morrow, a member of the Arlington Heights high school board of education, and Mrs. Robert L. Fontaine, a member of the Mt. Prospect board of education, will speak on "What You Should Know About Your Schools."

Legion Auxiliary holds benefit card party Friday

The Legion home at 121 N. Douglas ave., Arlington Heights, will be the scene of the annual benefit card party sponsored by the American Legion Auxiliary February 1 at 8 p. m.

Proceeds from this card party will enable the organization to continue its veterans' rehabilitation program at Elgin State hospital.

For tickets please contact Mrs. Anita Balfour at 2006-W.

Paul Reckwerdt baptized Sunday

Paul Jonathan Leonard Reckwerdt, son of Mr. and Mrs. Leonard Reckwerdt of 1040 E. Olive, Arlington Heights, was baptized Sunday at St. Peter Lutheran church during the 10:45 a. m. service. Rev. Luther V. Stephan officiated.

The baby's sponsors were Robert Knoerr of Chicago and Mr. and Mrs. Melvin Hartwig of Chicago.

A family dinner and get-together followed the ceremony.

Tell betrothal

Mr. and Mrs. Lawrence Gloss of Arlington Heights announce the engagement of their daughter, Shirley Ann, to Eugene William Harvel, son of Mr. and Mrs. Howard Harvel of Arlington Heights.

The wedding will take place February 8.

Jack Kolb wed recently in Belleplaine, Iowa

The marriage of Miss Rosemary McCoy, daughter of Mr. and Mrs. R. M. McCoy of Belle Plaine, Iowa, and Jack Kolb, son of Mr. and Mrs. Frederick Kolb of Prospect Heights, took place December 23 at the First Congregational church of Belle Plaine.

The bride, given in marriage by her father, wore a white satin princess style gown fashioned with long lace sleeves and a junior train. Her nylon net fingertip length veil was held in place by a lace bonnet trimmed with seed pearls. She carried a bouquet of stephanotis with a white orchid center on a Bible.

Miss Nancy Conrad of Belle Plaine was maid of honor. She wore an ankle length gold gown fashioned with a satin bolero and a corsage of turquoise blue and gold mums and stephanotis.

Miss Beverly Moser of Cedar Falls, Iowa, and Miss Marilyn Miller of Cedar Rapids, Iowa, were the bridesmaids. Their Belle Plaine Union Photo gowns were similar to that of the maid of honor.

The flower girl, Teddy Miller, a niece of the groom, wore a white dotted swiss and organdy gown fashioned with short sleeves and a double Peter Pan collar. She carried a basket of rose petals.

Phil Bennett of Waterloo, Iowa, was best man. Steve Malcolm of Belle Plaine and Jim McCullough of Chicago were the ushers.

Mrs. McCoy wore a beige and blue Chinese silk dress and a corsage of pink roses. Mrs. Kolb's dress was of dark green taffeta and her corsage of tea roses.

The soloist, Bill Taylor of Chicago, sang "The Lord's Prayer," and "I Love You Truly," accompanied by Mrs. Marie Christman at the organ.

A reception was held in the church parlors following the ceremony.

The newlyweds are now at home in Mundelein.

Adventure series to take pupils on 'Switzerland tour'

Ray Eggersted will present the fourth feature film of the current travel and adventure course Monday night, February 4 at 8 p. m., when he will show his film entitled "Switzerland."

THIS FILM was made this last summer and this will be his first season in showing it. Those who know the country may expect a breath-taking hour of color, mountain scenery, winter sports, Swiss costumes, architecture, and landscape.

"Switzerland" has attracted visitors from the entire world for generations. Although perpetual snows mantle the alpine summits, palms, magnolias and lemon trees grow along the shores of Lake Lugano. The massive alpine chain covers two-thirds of the country's area—the exquisite charm of its many lakes—a land of magnificent scenic beauty.

A modern country which clings tenaciously to its traditional customs, picturesque architecture, colorful costumes and unique headgear, festival dancing and carnivals. A land of many arts and skilled crafts—lace making—wood and ivory carving—watch making.

BASEL, Switzerland's gateway and only seaport with 2,000,000 tons of imports a year — stone-walled vineyards in Vaud, rising in graceful terraces beside lovely Lake Geneva—Neuchatel—center of Swiss watchmaking — the modern town of Zurich — laces of ancient St. Gallens.

Valais, highest Alps and Switzerland's richest fruit growing district. Alpine peaks cradling St. Moritz, world famous sports center. Snow capped Jungfrau, Monarch of the Alps. The mighty Matterhorn, mantled in white—soaring 14,480 feet. Historic Furka Pass and Mighty Rhone Glacier.

Bern, Swiss capital, retaining its medieval appearance, ornamental fountains, historic clock in the town square and zoological gardens. Picturesque alpine chalets and hotels with flower bedecked balconies. Summer villas, flanking Europe's deepest Lake Maggiore on the Italian border.

Delightfully synchronized with the music of the masters — this symphony of "Switzerland" offers the ultimate in travel and enjoyment.

Stork Feathers

Mr. and Mrs. William Boyd Jr. of 640 S. Bristol lane are parents of a daughter, Barbara Anne, born January 4 at Passavant hospital, Chicago, weighing 7 pounds 12 ounces. Barbara has a brother, Bruce, who is 2 years old, and a sister, Roberta, 12 years old. Mr. and Mrs. William Boyd Sr. of Toledo, Ohio, and Mr. and Mrs. J. F. Turck of Wilmette are the grandparents.

Mr. and Mrs. John Huskey are parents of a daughter, Mary Beth, born January 20 at 9:26 p. m. at the West Suburban hospital in Oak Park, weighing 6 pounds 11 ounces. The Huskeys have three other children, Carole, Kathy and Johnny. The grandparents are Mr. and Mrs. Raymond Hefty and Mrs. John Huskey of Chicago.

Parents of a son, Charles Donald, are Mr. and Mrs. William Weissmueller of 623 N. Beverley, Arlington Heights. The baby was born January 1 at St. Francis hospital, Evanston, weighing 7 pounds 6 ounces, and he has a brother, Billy, and a sister, Nancy. Mr. and Mrs. Howard Cartwright of Chicago and Mr. and Mrs. Anton Weismueller of Arlington Heights are the grandparents.

Mr. and Mrs. Matthew Weber of 1134 N. Pulaski rd., Chicago, former residents of Arlington Heights, are parents of their first child, Robert Matthew, born January 20 weighing 7 pounds 5 ounces. Mr. and Mrs. Edward J. Weber of Arlington Heights are the paternal grandparents, and Mrs. Clarence Johnson of Chicago is the maternal grandmother.

Mr. and Mrs. Bernhardt Langer of Palatine are parents of a son, Thomas Paul, born January 29 at 5 a. m at St. Joseph hospital, Elgin, weighing 7 pounds 4 ounces. Mr. and Mrs. B. A. Thomas of Palatine and Mr. and Mrs. Paul Langer of Des Plaines are the grandparents.

Mr. and Mrs. Ray Berglind of 638 N. Beverley lane, Arlington Heights, are parents of a son, Walter Ray, born December 20 at St. Mary of Nazareth hospital, Chicago, weighing 9 pounds 6 ounces. The baby has a sister, Barbara. Walter Berglind of Chicago is the paternal grandfather.

Maternity Center to hold enrollment and fund drive

Arlington Heights women are taking an active part in plans for the 1952 enrollment and fund drive of the Chicago Maternity Center. The drive will be held during February.

Mrs. Donald H. Shaw, 900 E. Euclid ave., chairman, and Mrs. Douglas Smith, 630 Beverley lane, co-chairman, have announced that 10 women have signed up for their Arlington Heights team in the campaign.

Members include Mrs. William H. Ball, 454 Banbury rd.; Mrs. Edward W. Crofoot, 630 N. Haddow; Mrs. C. W. Desgrey, 436 Lincoln lane; Mrs. L. Norman Hawkey, 310 Windsor dr.; Mrs. John A. Lindstrom, 824 S. Beverley; Mrs. Newell B. Parsons, 730 Burton pl.; Mrs. Robert M. Schneberger, 610 N. Douglas; Mrs. Robert M. Wallace, 920 E. Euclid and Mrs. F. Walter Meier, 1021 Illinois ave.

Mrs. Robert Cushman, 379 Stratford rd., Des Plaines, also will serve on the Arlington Hts. team.

Teams throughout Chicago and its suburbs will try to enroll 1,000 new members and collect contributions and pledges totaling nearly $100,000 for the Center. The money will help support the Center's program of delivering the babies of needy Chicago women in their homes and training doctors and medical students in obstetrics.

(B4

Four generations present at open house Saturday

The Lester E. Aldriches of 31 S. Dunton ave., Arlington Hts., held open house January 19 for many friends and relatives.

Present were four generations of the Aldrich family: Dr. J. F. Aldrich of Clarinda, Ia., L. E. Aldrich of Arlington Heights, Charles E. Aldrich and Charles Edward Jr. of Tulsa, Okla.

Also honored were Mr. and Mrs. Jack Aldrich of Arlington Heights, who were married recently.

SPONSOR SQUARE DANCE

New Mercury on display at Touhy Ave. Motors in Park Ridge

Completely new body styles are offered by Mercury for 1952, including the custom sport coupe with "hardtop" body illustrated here. Distinctive styling is achieved by a high prominent fender line, low flat hood contour with airscoop-like projection and a massive wrap-around double front bumper. The attractive appearance of the 1952 Mercury is further enhanced by a one-piece curved windshield, an extra-large rear window and luxurious interior upholstery and trim. A more powerful V-8 engine developing 125 horsepower and a stronger chassis are featured.

New '52 Ford trucks to be shown Friday

Ford's new truck line for 1952 offers the widest range of engines and power combinations in Ford motor company history, with models designed to fill 97 per cent of all modern hauling needs. The new trucks will be introduced to the public Friday, February 1.

Mr. Crusoe said the 1952 Ford truck line introduces a new sedan-delivery model called the "Courier" and offers five powerful engines, including three completely new high-compression, low-friction overhead valve units.

IN ADDITION to the Courier, series F-1 through F-8 Ford trucks range from light pickup units of 114-inch wheelbase and 4,700 pounds gross vehicle weight up to extra heavy-duty trucks with a maximum 195-inch wheelbase and gross combination weight ratings up to 41,000 pounds.

The 239 V-8's horsepower was raised to 106 and its torque increased to 194 pounds feet. The big six's new rating is 112 horsepower and torque of 217 pounds feet. All Ford engines are designed to operate on regular gasolines.

The three new low-friction truck engines are the cost clipper six, a 101-horsepower unit, and the new cargo king 145 horsepower and 155-horsepower V-8's.

Protected Paintings

Many fine paintings are protected with one or more coats of a refined wax-free liquid shellac. Popular reproductions of fine art paintings will have a greater depth and attraction with one or more thin coats of pure, fresh, white shellac.

Avoid houses with 'freak' features, appraiser advises

In shopping for a house, steer clear of those built at high cost with "freak" features, such as a different level for practically every room.

That's the advice of an appraisal expert in a recent issue of a publication for residential appraisers.

He lists two important reasons why an expensive home with extremely unusual features is not a good buy.

One is the difficulty in securing a mortgage, due to the fact that mortgage values are based on the saleability of homes to typical buyers. The other, closely related, is that the resale value of such a house may be very low if its unusual features were designed to suit the preference of one or just a few persons.

Builders and appraisers agree that a more conventionally designed home, provided it is constructed of quality materials and located in a well-established neighborhood, is a much better buy. In considering construction quality, these authorities say, it is wise to note the type of floors, for example, since the flooring is one of the most vital parts of a dwelling. Generally, a well-built home will be equipped with floors of oak or other hardwood.

Wallboard Procedure

New wall board must have all nail heads and cracks filled, all joints covered with special tape, before being painted. The wall board is then ready to be

Weekly recipe

What a grand surprise you will have when you taste Cottage Cheese Pie! It is another unusual dish which is not difficult to prepare, but, oh, so good. Combining cottage cheese and spices produces a flavor which will delight you.

Cottage Cheese Pie

1 unbaked pie shell
1 cup cottage cheese
½ cup milk
2 eggs
¾ cup sugar
½ tsp. cinnamon
¼ tsp. nutmeg
¼ tsp. salt

Method: Combine milk and cottage cheese and mix until creamy in texture. Separate eggs and add well beaten egg yolks, sugar, salt and spices to cottage cheese mixture. Beat egg whites until stiff and dry and fold into first mixture. Pour into a pastry lined pan. Bake at 450 degrees in pre-heated oven for 15 minutes; then reduce heat to 350 degrees and bake for 15 minutes longer.

UNUSUAL GIFTS — ART SUPPLIES OF ALL KINDS

Comedians in school minstrel show

Dick Riley, left, portraying Wishbone Brown, and Jim Whitelaw, as Sassafras Bush, in a scene from the Arlington Heights high school minstrel show held last Saturday. Wishbone had bet Sassafras he could make the pieces of apple disappear. When he failed to do so Sassafras apparently won, but not to be outdone Wishbone bets again that he can make the apples disappear under a hat. To prove the point he puts on hat and eats the apple, ending up as the final victor of the wager.

Glabe photo

The show was put on by the high school music department and nearly 1,000 parents and friends enjoyed being carried away to the "land of cotton."

Plan new grade school at Barrington

The advisory council to the board of education of community consolidated district No. 4, Barrington, meeting jointly with the elementary board, approved the board's proposal that a 13-room school be built on the south side of the village. Such a school could handle 420 children from kindergarten through the sixth grade, thus relieving the pressure on the school on Hough street.

Auto show to open in Chicago Feb. 16

Set to enhance its record as the nation's No. 1 automobile show, the 44th annual at Chicago will open next February 16 at the International Amphitheatre, and continue through February 24.

Exhibits will occupy 152,000 sq. ft. of space with passenger cars filling the entire second floor, and motor trucks, accessories, parts equipment and educational displays the first floor of the Amphitheatre.

The central arena accommodating 12,000, will be the scene of a brilliant stage revue, glorifying the newest passenger car models on a huge stage 150 ft. in width and 75 ft. in height. This spectacle featuring actors, actresses, singers, dancers, and community and suburban "queens" assigned to the various makes of cars, will be presented at 3:30 and 9 p. m. daily, and, will run approximately one hour.

Show hours daily will be 11 a. m. to 11 p. m.; admission price 90 cents, with 45 cents for children under 12 years of age, tax included, and no extra charge for viewing the stage spectacle in the arena.

Many Uses

While most people know shellac as a fine and protective finish for floors and various household surfaces, it has a multitude of uses in industry. It is used on everything from lead pencils to battleships.

CHRISTIAN SCIENCE CHURCHES

That religion need not be a theory but a practical application of that love which accepts into consciousness and puts into daily practice, the law of God, good, will be explained in all Churches of Christ, Scientist. The title of the Lesson-Sermon on Sunday, February 3, is "LOVE."

The Golden Text is from I John (4: 16) "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him."

Bible selections (King James Version) in the Lesson-Sermon include these passages:

"How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings . . . The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing" (Ps. 36: 7; Zeph. 3: 17).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"The precise form of God must be of small importance in comparison with the sublime question, What is infinite Mind or divine Love? . . . No form nor physical combination is adequate to represent infinite Love . . . The depth, breadth, height, might, majesty, and glory of infinite Love fill all space. That is enough!" (pp. 256,520).

Mechanical

About 92 per cent of the bituminous coal produced in U. S. underground mines is mechanically cut.

Announcing

More power for '52! For example: new Ford Truck 145-h.p. Cargo King V-8 delivers most horsepower per cubic inch of any gasoline truck engine among the five sales leaders!

New FORD TRUCKS for '52

Engineered for modern, low-cost Speed Hauling

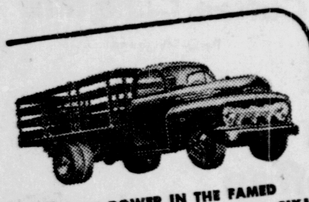

NOW FIVE great Ford Truck engines permit closer "tailoring" of truck power to your specific truck job. No other truck line in the low-price field gives you so *many power choices*, series for series, in ½-ton to 3-ton trucks!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

8 NEW ULTRA-MODERN HIGH-COMPRESSION, LOW-FRICTION, OVERHEAD-VALVE ENGINES! New Ford short stroke LOW-FRICTION design provides *gas savings up to 14%!* Fully proved! Ultra-modern high-compression punch with *regular gas!*

NEW DISTINGUISHED COURIER SEDAN DELIVERY! Beau Brummell for *looks*. A he-man for *work!* Choice of V-8 or Six! Fingertip shifting! 102 cubic foot body! Conventional Drive or, at extra cost, Overdrive or Fordomatic Drive!

MORE POWER IN THE FAMED "239" V-8 AND THE "254" BIG SIX! Advanced with greater power, economy and performance, Ford's 239 cu. in. V-8, proved in 2,000,000 trucks, now develops 106 h.p. The 254 cu. in. Big Six is also advanced to 112 h.p.

ONLY FORD TRUCKS GIVE YOU ALL THESE OTHER FEATURES:

1. **Choice of V-8 or Six!**
2. **Full-flow oil filter cleans every drop of oil.**
3. **Autothermic pistons to *maintain* high compression fit.**
4. **Precision-molded alloy crankshaft reduces journal friction.**
5. **Two fine cabs, the 5-STAR, and (at added cost) the 5-STAR EXTRA!**

F. C. A.

Ford Trucks for '52 cost still less to run!

Postage booklet on sale from Washington

A booklet entitled "first class post offices with named stations and branches" which quotes the public law 199 and contains a table showing the new rates of postage on fourth class mail matter, is availabe from the superintendent of documents, government printing office, Washington, 25, D. C. for $0.25 per copy. All requests for the pamphlet should be addressed to that office.

Wire Soldered to Oil Can Spout Prevents Clogging

GREASE and dirt can easily clog the spout of an oil can. The home mechanic can readily prevent this clogging by drilling a small hole in the

bottom of the can and inserting a length of piano wire. It should extend to a point slightly below the top of the spout.

The wire may be fixed firmly in place with a drop of solder, which also seals the hole.

Any dirt or grease that collects in the spout may be immediately ejected merely by pressing the bottom of the can in the usual way.—*Illustration reproduced through courtesy of Popular Mechanics.*

Synopsis of Christian Science lecture given at Mt. Prospect

Solution of individual and world problems of health and peace is a present opportunity through the scientific understanding and application of God's power, and this work is the most vital research in the world today, Mrs. Emma-Louise Garrett of San Francisco, California, said Sunday, January 27.

Such healing rests upon the fact of God's allness, and of the divine Mind as the sole cause of every real effect, Mrs. Garrett told a large local audience. She said it is brought about through the systematic, demonstrable understanding of the Science of divine Truth, as taught in Christian Science.

SHE SPOKE under the auspices of First Church of Christ, Scientist, Arlington Heights, in Central school auditorium, Mt. Prospect. She is on an extensive lecture tour as a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist in Boston, Massachusetts.

Formerly an official of a large research foundation, Mrs. Garrett spoke on the topic: "Christian Science: The Science of Changeless Being."

She described spiritual understanding as the great need of the hour. Spiritual understanding "is the primal, practical, and ultimate factor necessary in order to deal successfully with those suggestions which seem to project themselves as domestic inharmony, business complexities, wars, and the forecasting of war among nations."

Mrs. Garrett described the operation of Christian healing as understood and practiced in Christian Science, and illustrated how its Christian metaphysics are related to humanity's needs.

She described this reliigon as the "Science of Truth," and said it is necessary for those who practice it to act and think scientifically.

THE SCIENTIFIC method or process of its practice is research, a search directed to the discernment of Truth—and it is this discernment of the truth about God and man which restores and regenerates the human understanding and produces the change which is seen outwardly as healing, the lecturer explained.

The ability and power to subdue material conditions lies in a proper grasp of spiritual cause and effect, she went on. She said Christian Science teaches that God, the divine Mind, is the sole and infinite cause, and man is the idea expressing this Mind.

"The efforts of the world's best thinkers to find a solution to present day problems will meet with greater success when they turn to the major premise of God's allness," she went on.

FRIENDLY relations between individuals and nations, she said, "are in direct ratio to the understanding of this changeless oneness of God and man wherein is no suspicion and no strife . . . The oneness of God includes the essential oneness of man under the law of brotherhood."

The starting point of true prayer is the recognition of God as the only cause, and of man as the effect of this one cause, she declared. Prayer in Christian Science is the spiritual understanding or scientific thinking based upon a fixed and eternal Principle, entirely apart from conjecture — an understanding that is the very presence, the very activity of God, Mind. Such prayer, she said, "awakens thought to the realities that are."

She quoted the description of prayer by Mary Baker Eddy, the Discoverer and Founder of Christian Science: "It makes new and scientific discoveries of God, of His goodness and power. It shows us more clearly than we saw before, what we already have and are; and most of all, it shows us what God is."

THE HEALING of organic and functional disease by prayer in Christian Science is not mysterious, she maintained. It can be summarized as "Truth appearing and error disappearing."

"What appears as the healing of the body is in reality the redemption or transformation of consciousness."

This healing, the lecturer went on, conforms to the practice of Jesus, whose correct view of man's sacred and divine relationship to the great First Cause "unveiled man's original purity and integrity where, for instance, to spiritual ignorance, ten lepers or a withered hand appeared."

UNDERSTANDING of God as eternal Principle, and of the "inviolate oneness of God and man," as demonstrated by Jesus, is the key to health as it is to solution of social, economic and political problems, she said.

Saying that through scientific prayer every phase of human life is purified and uplifted, Mrs. Garrett explained how it confers a sense of permanent friendship far beyond what mortal sense can devise. In such prayer, she said, we seek the unfolding of the real God, and find in that unfoldment ourselves. "Thus we discover our own, draw them to us, and demonstrate here on earth the miracle of perfect friendship."

If every individual in this and other lands would persistently annihilate suspicion and strife in his own thinking, world peace indeed would be established, she said. "As the great law of spiritual cause and effect is learned and understood individually, we come consciously into scientific relationship with God and with one another.

"Is it not apparent that world peace cannot be forced; that it cannot be bought? Peace will crown our efforts when the scientific basis of brotherhood is universally acknowledged and lived."

MRS. GARRETT also dealt with education as viewed from the standpoint of Christian Science. "Education in Christian Science is a spiritual revaluation of human life. Its task is to recrient the individual to enable him to take a richer and more significant view of his experience, to place him above and not within the system of his beliefs." She said Christian Science is not so much a special interest separated from other interests as it is a method of transforming all our interests.

She added: "The effect of Christian Science is to broaden the interests and sympathies of people regarding their daily occupation or along with it — to lift thought out of the monotony and drudgery which are the common lot; to train habits of judgment and of appreciation of value; to carry on the struggle for human excellence in our day and generation; to temper passion with wisdom: to dispel prejudice by better knowledge of self."

True education in its broad and proper sense is salvation, she said.

Seeming versus Being

Christian Science has come to change things "as they seem to be"—so often unhappy and afflictive.

It has come to show that real being is wholly safe and harmonious. Furthermore, this spiritual truth is demonstrable *now* to meet human need—exactly as Jesus proved and promised. Thoughtful, honest study of the Christian Science textbook

SCIENCE AND HEALTH
with key to the Scriptures
by Mary Baker Eddy

shows what to do and how to do it. However dark or difficult things may seem, this great book shows plainly the way of deliverance. This way is open to all through *scientific prayer*. Such prayer brings peace and joy and power, as many grateful students will testify.

The textbook may be bought, borrowed or read at Christian Science Reading Rooms throughout the world.

SHOPPING with SHARON

You know it's really fun shopping and visiting places of business in Arlington Heights. Why, just last week at George C. Poole Inc. I saw a fashion preview and learned something new about the Ford. Friday, February 1, is the date set for the new Ford showing, but I had a sneak preview. You'll have to see the Fords on display at Poole's to appreciate my raving about them.

They're completely new in design. The colors, two-tones and solids, are just what you've been looking for. And the Victoria, my favorite, is more beautiful than ever. The '52 Ford is roomier, has a new engine and best of all a center gas pump. You can drive in the station on either side of the pump, and if the gas spills over, it won't run down your clean fender.

* * *

A great big red heart outlined in lace . . . Now what does that remind you of? Yes, Valentine Day is just around the corner, and in the window of Karstens-Helbig Jewelers is where you'll find that heart, together with perfect gift suggestions for every members of the family and for special friends you don't want to forget . . . Rhinestone snowflake pins and earrings are important fashion trends at $1.50-$2.50 tax included. Karstens-Helbig include a gift wrapping service, especially for men, at no extra charge. Choose your gift now and use the lay-away plan for Valentine Day.

Their complete line of cards includes special jewelry cards featuring lockets and removable corsages for her and tie clips for him. $1.50-$3.50. Jewelry can be changed to suit your individual taste. And don't forget that older person who will appreciate a card so much more than you realize. Also kiddie boxes.

Some place in the Karstens-Helbig window, only Friday, February 1, at 9 a. m., will be a piece of jewelry and it might have your name on it. This gift must be claimed by its new owner by 3 p. m. Friday.

* * *

These are the months for sales, and in Arlington Heights I have found some really unexpected ones. During the month of February at Arlington Heights Pharmacy you can purchase two full size Dorothy Gray lipsticks in beautiful metal cases for $1 plus federal excise tax. You can have either the Dorothy Gray regular long-lasting lipstick or the wonderful new super-stay lipstick. Both come in six luscious shades.

Wait a minute; don't run down to the Pharmacy until you finish. There's another sale on there. You can save $2.50 and still treat yourself to Helena Rubinstein's "look younger" contour corrective treatment. Estrogenic hormone cream and estrogenic hormone oil, a $6 value, are being sold for a limited time at $3.50 plus tax. Helena Rubinstein says that within a month skin over 35 will show remarkable improvement when this treatment is used consistently. Available pamphlets show you just how to give your skin this treat.

* * *

Well, let's admit it . . . this just isn't weather for washing. But at Wala Washerette you won't be bothered by atmospheric conditions. Even you who have washing machines will have to admit that it's no fun to try to wash heavy, bulky sheets and towels and then hang them up in the basement and hope that they will dry eventually and not smell musty.

Take them to the Washerette and in an hour and a half they will be fresh and fluffy and have that clean smell we all love. Two loads will cost you $1.15, and for 20c more they do the work for you. All you do is pick it up ready for use.

* * *

Treat your family . . . lend color to your table. The Arlington Cake Box will feature special Valentine cakes, cookies and petit fours that will top off your meal with a note of festivity.

Planning a party near Valentine's Day or maybe it's just a regular little get-together? Why not enlist the help of the Cake Box and be the envy of your guests? The bakers give special care to these cakes, cookies and petit fours and hence they should be ordered approximately two days in advance. They have all sorts of novel ideas or maybe you have a decoration scheme you want carried out by them. Stop in and talk it over. These pastries go over big at school parties too.

Public Notice

Notice of Proposed Change in Electric Schedule E-2-M.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on January 28, 1952, a revision of Rate 24, Municipal Pumping and Street Lighting Service. This filing proposes to lower the minimum use requirements of Rate 24, which rate is applicable to service for municipally owned pumping plants and street lighting systems.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

The Brightray series of alloys are composed of nickel-chromium or nickel-chromium-iron alloys produced, under carefully controlled conditions, principally for use in electric heating elements.

George C. Poole, Inc., now showing new Ford line for '52

The all-new 1952 Ford Customline Fordor Sedan features a completely new Ford Coachcraft body with curved one-piece windshield and rear window, triple-spinner grille arrangement and body highlights sweeping backward from the extended headlights along the hood and fender to the jet-tube taillight sections. Added styling features of the Customline Fordor are the chrome capped rear fender profiles.

WBBM producer to speak at St. John's Men's club

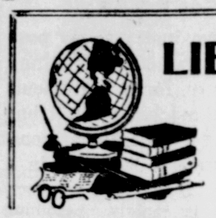

The behind-the-scenes story of radio will be told Thursday, January 31, by Hooper White, producer for WBBM-CBS, before the "1952 Kick-off meeting" of St. John's Men's club, Mt. Prospect, according to William C. Wendling, club president.

PRODUCER OF all John Harrington's air shows, including the Game of the Week, news events, John Harrington's Note Book and boxing at Chicago Stadium. White will tell some of the highlights of the radio personalities whom he directs and answer questions from the audience.

The St. John's Men's club will be host this evening to members' wives, Wendling said, and residents of Arlington Heights, Mt. Prospect and Prospect Hts. are invited to hear White at the 3 p. m. meeting in the undercroft of St. John's Episcopal church, 201 N. Wille st., Mt. Prospect.

WHITE, a resident of Evanston, has worked for the past three years on the Evanston Fourth of July celebration at Dyche Stadium. He was formerly continuity editor, program director, sports and special events broadcaster for a Kalamazoo radio station, before coming to Chicago. While attending North Central college, he held the state intercollegiate diving and backstroke honors.

New officers for the year for St. John's Men's club are: W. C. Wendling, 604 Nawata, Mt. Prospect, president; William B. Stevenson, 941 N. Mitchell, Arlington Heights, vice-president; Edward D. Baumgartner, 209 E. Euclid, Arlington Heights, treasurer; and Joseph H. Haynsworth, 642 S. Mitchell, Arlington Hts., secretary.

DID GALSWORTHY LEAST DESERVE THE NOBEL PRIZE?

Galsworthy's "Forsyte Saga" caused some controversy among Invitation to Learning experts Jan Struthers, Lyman Bryson, and Walter Cohen, but all agreed that Galsworthy actually did deserve the Nobel prize, at least as much as Sinclair Lewis and William Faulkner.

"The Forsyte Saga" is a story of three generations of an English family from early Victorian times 'til 1920, but beyond the obvious history of this property-minded family there is the theme of the impact of beauty on the sense of possessiveness. Whether Galsworthy actually achieved his purpose of showing the fatal disturbance that beauty makes is debatable. He does not make the reader feel the power of Irene's beauty as Soames Forsyte feels it. Irene is a thoroughly empty character according to Jan Struthers. Miss Struthers remarked that Irene may be a lady but that she is certainly no gentleman and that the subtitle of the book should be "Goodnight, Irene!" It is interesting here to compare Miss Struthers' opinions of another woman in literature, Diana of George Meredith's "Diana of the Crossways." This book was discussed on this program a few weeks ago and Miss Struthers was vehement in her admiration of Diana's beauty of character as well as of face.

In speaking of the strength of Galsworthy's book, the critics pointed out that the interlude Indian Summer is exquisite and that the passage on the death of the dog is excellent. Galsworthy's style is delightful they said and they recommended him to all.

Invitation to Learning is at 10:35 a.m. Sunday, station WBBM. Next week Ortega's "Revolt of the Masses" will be discussed.

Notice of Sale

Notice is hereby given that on the 9th day of February, 1952, the Trustees of Schools of Township 42 North, Range 11, East of the Third Principal Meridian, will sell at public sale on the premises hereinafter described at the hour of 1:30 o'clock P. M., the following described property:

Lot 3 in Owner's Resubdivision of part of Section 2, Township 42 North, Range 11, East of the Third Principal Meridian lying West of Milwaukee Avenue and South Dundee Road according to plat thereof recorded January 9, 1951 as document 14995384 in Cook County, Illinois.

The property has a frontage of approximately 121.2 feet on Dundee Road and is located between Willie Avenue and Milwaukee Avenue and has the following dimensions, respectively, on the West, South and Easterly lines: 252.9, 212.18 and 273.5.

which sale will be made on the following terms, to-wit:

1. The sale shall be for cash to the highest bidder;
2. The purchaser shall be provided at the cost of the grantor with a guarantee policy of the Chicago Title and Trust Company in the amount of the purchase price covering the date of the sale (or its customary preliminary report on title) showing title in grantor subject only to (a) special taxes or assessments for improvements not yet completed; (b) installments not due at the date thereof of any special tax or assessment for improvements heretofore completed; (c) general taxes for the year 1951 and subsequent years; (d) building lines and building and liquor restrictions of record; (e) zoning and building laws or ordinances; and (f) roads and highways, if any;
3. The Board of Education of Community Consolidated School District Number 21, reserves the right to reject any and all bids, for the parcel of real estate above described.
4. Purchasers shall deposit with the Trustees of Schools within twenty-four (24) hours of the public sale, 20% of the purchase price by way of certified check payable to the Trustees of Schools; the balance shall be paid upon the tender to the purchasers of a deed from the Trustees of Schools and the above mentioned guarantee policy or preliminary letter on title; such tender to be made no later than twenty (20) days after the public sale;
5. If the report on title or the guarantee policy required to be furnished by the grantor discloses any defects in title (other than such usual objections contained in owner's policies, and the matters to which this sale is otherwise subject) seller shall, upon tendering the same to purchasers or their agents, have sixty (60) days from the date which such report or guarantee policy bears in which to cure such defects and to furnish such guarantee policy or a later report showing such defects cured or removed. Every guarantee policy or report on title furnished by the grantor hereunder shall be conclusive evidence as therein shown, subject only to the exceptions therein stated. If such defects in title be not cured within sixty (60) days, the successful bidder may terminate the contract resulting from the acceptance of his bid, or may at his election take the title as it then is (with the right to deduct from the purchase price liens or encumbrances of a definite or ascertainable amount), upon giving to the Trustees of Schools notice of such election and tendering performance on his part and, in default of such notice of election or tender of performance within ten (10) days after written notice to purchasers or their agents of the inability of seller to cure such defects, the contracts resulting from the acceptance of the bid shall without further action by either party become null and void.

LETTERS of Judge Banks ... to his daughter

Dear Daughter:

Cash on the line! That's the way Ed always operated--until he bought a farm. It was hard for him to deviate from his formula of not buying anything until he could make full payment.

He had denied himself much to buy the farm. And he made it. Everything except that big tractor he needed. I advised him to get a loan from the bank, pointing out that there's a first time in everybody's life when it is smart to borrow.

It didn't take long before Ed found out that what he was saving in man hours and proper cultivation paid for the tractor in no time.

I hope you'll always remember that there's more than one way to be money-wise in the "LAND OF THE FREE AND THE HOME OF THE BRAVE."

Love,
Dad

Scouters elect officers and make awards at annual fete

by ARNOLD HATCH

Three hundred scouters and their wives attended the annual dinner celebration of Northwest Suburban council at Emmanuel Lutheran school auditorium, Des Plaines, Sunday, January 20. Two of the highest awards in scouting, the Silver Beaver award, five Scout Oscars, a Scouters Key and four scouters awards were presented. Council officers for 1952 were also elected.

The Silver Beaver award, highest honor the council can give for outstanding leadership to boyhood, was presented to Erich Schalk and Wm. Zeibell, both of Des Plaines.

The Scout Oscar, given by the council for excellence in leadership, was received by Ralph Spoo of Des Plaines, Harold Love of Skokie, Charles Sykora of Maine Ridge, Byron Foote of Des Plaines and Bart Meays of Palatine.

SCOUTERS KEY for excellence in specialized training and service was awarded to Arthur Fink, Park Ridge, while scouters awards went to Frank Moosbrugger, Skokie; Clyde Anderson, Morton Grove; Fred Collins and Elvin Hoch, both of Des Plaines.

In the election of officers George Sheppard of Prospect Heights was unanimously re-elected president of the Council for 1952.

Stan Huntington, scout executive stated in his annual report there are 4,485 cubs, scouts and scouters registered as of December 31. Such a program is too large for two scout executives so a third has been engaged and will start his duties around July 1. The 1951 expenditures total $27,600 with budget of $33,000 approved for 1952.

HE SAID these are serious times in which the Scout Law, "On my honor I will do my best" should be made the life of all boys and he extended his plea to adults of America as well.

He highly complimented William Miles for his outstanding scout activities, presenting a 20 year veteran badge to him through his son, William Miles Jr., because illness prevented Senior Miles from attending.

Bob Cunningham of Palatine, an Eagle Scout, master of ceremonies, complimented these men for their fine efforts in providing the excellent dinner and program: Erich Schalk, Bart Meays, Arnold Hatch, Wm. Mason, Byron Foote, Al Lowry, Jordan Minerva, George Sheppard and Frank Potter.

GEORGE SHEPPARD, council president, praised the men of the long range planning committee and the operating committee chairman for their part in making the scout program such a success in 1951: Wm. Kratt, Oscar Kurtz, Erich Schalk, Harold Love, Fred Welsh, Byron Foote, Otto Harz, Paul Fischer, John Klocke, J. R. Lawrence, Arnold Hatch, Charles Sykora, Wil Pilgrim, Ernie Cassel, Wally DeBuhr, Les McAuliffe, Cecil Nixon, W. Shatwell, Erich Church and Ralph Spoo.

The musical program was provided by the Hungry Five band (only there were ten of them) of Explorer Post 101, Park Ridge under the baton of Rod Dodds and the Des Plaines Junior String quintet of Troop 13, Des Plaines.

Rev. Erwin A. Wendt, pastor, Trinity Evangelical Lutheran church, Des Plaines, gave the invocation.

Mrs. Runde and her aids deserve credit for the fine baked ham dinner they served so promptly.

Colors were presented and retired by Explorers of Ship 136, Des Plaines, in spite of handicaps caused by close quarters.

Scout Oscars given five

Five Scouters received Oscar awards at the council dinner.

George Sheppard, council president of Prospect Heights, who presented the Scout Oscars, explained the award is given for excellence in leadership to the scouting program and represents service above and beyond regular responsibilities.

Ralph Spoo of Des Plaines has been very active in cubbing, serving as neighborhood and district commissioner in Algonquin district. He is a member of the executive board and chairman of the nominating committee. In addition to all of these activities, he is camping and activities chairman of Thatcher Woods council.

BYRON FOOTE of Des Plaines first entered scouting in 1942 as council health and safety chairman. In 1945 he became Algonquin district chairman, a position he still holds. When the community chest was organized in Des Plaines he was chosen secretary, a position he still retains.

Charles Sykora of Park Ridge started scouting in 1924 as assistant scoutmaster. He advanced to scoutmaster and in 1941 became scoutmaster of troop 2 in Park Ridge. He retired as scoutmaster in 1947 but continued a member of the troop committee. He served as district and council health and safety chairman.

HAROLD LOVE of Skokie joined scouting in 1944 as a pack committeeman, pack 231. Later he became chairman. In 1946 he advanced to scoutmaster of troop 31. Harold is a member of the executive board, was district leadership training chairman, a member of the Skokie district committee, district vice-chairman and now is Skokie district chairman.

Bart Meays of Palatine started as a scout in New York, later became a scoutmaster and district commissioner. He is Signal Hill district commissioner and a national council representative. In 1950 he conducted the finance drive in Palatine.

Last year ran the scout leaders training course in Signal Hill. Last summer he completed the first part of the Wood Badge course at region seven canoe base in Wisconsin.

Geo. Sheppard elected prexy

When Ralph Spoo, nominating chairman, reported his committee recommendations of officers for 1952 to the 300 Scouters at the annual dinner the entire slate was unanimously approved.

George Sheppard of Prospect Heights was re-elected council president for 1952. He has had many years of scout experience, serving in many capacities, including neighborhood commissioner, institutional representative, executive board member, Blackhawk district chairman and council vice-president.

Other members elected were:

Les McAuliffe, commissioner.

Signal Hill district: Roy L. Pierce, chairman; John L. Bell, Tom W. Pettise, Wm. Shatwell, Joseph McLoughlin, Wm. G. Mason, Henry Lipofsky.

Blackhawk district: Mark Creviston, chairman; James Wax, Arnold Hatch, publicity chairman, Robert Charles, Fred E. Welsh, Edward J. Emery.

Algonquin district: Byron Foote, chiarman; Ralph Spoo, Wm. A. Ziebell, Em. Cassell, finance chairman, Walter Zenner, Eric Church, training chairman, T. R. Smith.

Maine Ridge: Wilfred Pilgrim, chairman; Otto Harz, camp and activities chairman; W. E. DeBuhr, O. E. chairman; John J. Klocke, F. E. Gerard, Chas. Sykora, safety chairman, Wm. F. Kratt, L. R. planning chairman, Kenneth MacKay.

Skokie district: Harold G. Love, chairman; F. Elliott Jarvis, Francis Saunders, John Speer, Al Lowry.

National council representatives: D. P. Lewis, Erich Schalk, Martin Hapeman, Bart Meays.

Advisory members of executive board: Blair Plimpton, John F. Gillick, Rex Volz, Douglas Armstrong, J. R. Lawrence, N. M. Lattof, Oscar Kurtz, Hoyt P. Steele.

Honorary members of executive board: Chas. Passmore, Fred G. Smith, A. L. Webster, W. A. Miles, C. S. Stewart, Paul S. Byrd.

About Your Health

The compulsory retirement plans of industry today pose a problem for the millions of people reaching older age. Many of the persons face a rather empty future, for it is difficult to stop suddenly the mental and physical machinery that has been geared to business competition, the educational committee of the Illinois state medical society observes in a Health Talk.

Taken away from his job, whether it be manual or mental, the individual finds too many hours in the day and too much time to do nothing. Wise is the person who foresees this inactivity by preparing himself with an avocation.

IT IS NOT good to lose interest and a satisfying hobby will not only keep curiosity and zest alive, but very often will create a field of financial return.

Age is more or less an individual problem just as it is a normal growth pattern. Many persons at thirty suggest physical and mental characteristics of aging. Others at 70 may reveal a wrinkled skin which is offset by a sprightly walk and a mental agility.

Preventive medicine, through its control of many diseases that formerly took lives, is responsible for extending the life span. Today there are more than nineteen million people over 55 years of age. With a greater aging population, new factors develop for their care because this group faces such degenerative diseases as high blood pressure, arteriosclerosis, cancer and arthritis. Heart disease in its various forms leads the list.

Just as the specialty of pediatrics developed for the care of the growing child, so the specialty of geriatrics came into being for the medical problems of the older person.

THE DEVELOPMENT of these conditions may slow up a person in advancing years, but age itself is not a debilitating factor. Again certain physical changes are natural sequences. Muscles and chest become smaller and the waistline larger. The skin loses its elasticity and tends to wrinkle and to develop certain types of spots and moles. Hair is apt to become gray and thinner. In some individuals, mental deterioration is evident.

Because modern medicine is responsible for more of us "growing old," it will also establish a means for caring for the conditions peculiar to old age. Geriatrics is rapidly becoming an expanding field for study and research.

PERHAPS one of the greatest problems of growing old is the feeling that one is no longer needed, that usefulness is over. Everyone wants to be a contributing power, whether it be in business, the home or the community. The end of a long life of service and activity needs a compensatory substitute.

That is why the development of a hobby is encouraged. Accept the challenge of retirement by getting ready for it now. Maybe the younger years are the more productive ones, but wisdom and experience come with emotional maturity and there is great satisfaction in pursuit of an interest that will keep you happy mentally, and occupied physically. If your hobby is saleable you will again be gainfully employed.

Lutheran Hour director tours Latin America

Dr. Eugene R. Bertermann, director of the international Lutheran Hour, left January 22 on a three week tour of the four Latin American offices of the Gospel broadcast.

Dr. Bertermann will endeavor to expand the work of "Bringing Christ to the Nations" in Central and South America. The program is currently heard in 36 languages over more than 1,100 stations located in 55 countries.

Included in the itinerary of the radio director are the following cities: Guatemala City, Panama City, Rio de Janeiro and Buenos Aires. The program, which is sponsored by the Lutheran Laymen's league, also maintains 12 other foreign offices located in various parts of the world. The radio director will also visit the famous radio station HCJB, the "Voice of the Andes," in Quito, Ecuador.

Heart fund drive

Almost every resident of this area knows or is related to someone who has been affected by heart disease. That's why the Chicago Heart Association's 1952 Fund Drive, which was launched this week, is of utmost importance.

Goal of the 1952 Heart Drive is the raising of $600,000 in the greater Chicago area which will directly benefit residents in the form of vital medical research to track down the causes of heart disease, service to the community and education.

Register February 4, 5, 6 for adult evening school

Registration for the spring semester of the adult evening school at Arlington Heights township high school will be held Monday, Tuesday, and Wednesday, February 4, 5, and 6, from 7 p. m. to 9 p. m. Classes will be held beginning Monday evening, February 11, and Wednesday, February 13, and continuing for 10 weeks with the exception of the week following Easter.

CLASSES listed for Monday will include art, human relations training, interior decorating, books in the news, physical development and recreation, typing —beginning, tailoring, farm machinery, speech, investment of funds in modern times, hooked rug making, English—beginning, improvement in reading, square dancing, class piano for adults, improvement in English, and machine shop.

Wednesday classes will include business letter writing, ceramics, contract bridge—continued, dancing, driver training, electric shop, woodshop, typing — continued, Spanish, men's physical recreation, millinery, sewing — beginning, sewing — intermediate, shorthand—continued, slip covers, textile painting, how to figure your income tax, and jewelry.

Continuation classes which go on from the work taken up during the fall semester will include typing, shorthand, Spanish, and bridge. Students should not register for these classes unless they are prepared to take up the work at the point which class discussion will start for the second semester. There will be a beginning typing class Monday night for those who wish 10 weeks' beginning instruction in typing. This class is ideal for prospective college students or industrial workers who need limited use of the typewriter.

New courses for the spring semseter include human relations training, which is a course devoted to the analysis of problems that arise for store managers, buyers, department heads, and individuals who have to deal with human relations in business or social activities. Another new course will be books in the news designed to acquaint the student with new fiction, biography, and adventure, which will save the prospective reader many hours in book selection. A course in farm machinery will be new for the spring semester, which is a practical class in tractor and farm machinery repairs and adjustment. This is a three hour course covering work on mowers, plows, grain drills, and combines.

Investment of funds in modern times is a new course dealing with modern investments in stocks and bonds, insurance, trusts and equities. Hooked rug making will be offered again this spring; patterns, mats, frames, and other materials will be available through the instructor, Mrs. Ruth Carney. Class piano is a new class offered for the first time in the adult evening school designed to teach piano fundamentals, sight reading, elementary harmony and notation. The course entitled improvement in English will again be offered by Mr. Kolb. This class will stress grammar, vocabulary, correct business English and usage. All the foregoing classes will meet Monday evening for the spring semester.

NEW CLASSES for Wednesday will include business letter writing offered by Mr. Clarkson, who is on the staff of a downtown college. Electric shop, a course which will demonstrate how to make repairs to electrical equipment in the home. Men's physical recreation, an attractive class to be offered in the new gymnasium which will include light or invigorating workouts in volley ball, hand ball, basketball, and shuffle board. A new course in slip covers will provide an opportunity for the student who has had dressmaking experience to fit and cut clip covers, and the final Wednesday class that is new is entitled, how to figure your income tax. This class will be taught by a tax expert and will run for four weeks.

A class in golf instruction will be arranged as soon as the weather permits for students desiring individual instruction by leading professionals. The class may be held weekdays in the early evening, or Saturday mornings. Registration can be made by mail at the high school office or in person on the registration dates starting February 4.

Great Books course

A tuition free Great Books leader training course, open to the public, will begin Friday evening, Feb. 8, at University College, 19 S. LaSalle st., Chicago. The ten session program is open to all adults regardless of formal education.

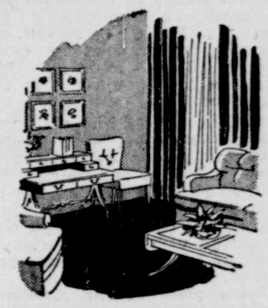

Prevention Year

Parents should be very careful about expressing fears of snakes or insects before their children. Children should be taught, instead, that very few reptiles or bugs are dangerous. They actually help man by destroying crop...

NOW! your home can be Beautiful

ROOM WITHOUT A MANTEL

The mantel is the logical focal point of the living room, but the room without a mantel need not be the problem room that it is generally considered to be. The most frequent mistake, in the absence of a fireplace, is to string furniture all along the walls. It is better to . . .

BUILD ANOTHER CENTER-OF-INTEREST . . .

. . . and group the furniture gracefully around it. One large picture, or a group of smaller ones, hung above the sofa will form a center-of-interest around which chairs and tables may be grouped for easy conversation. Other "uprights" that form fine focal points are break-fronts, tall secretaries and desks.

Have you a decorating problem? Come in and talk it over with us. Often the addition of just one new piece is all that's needed to give your entire room a refreshing change. We'll be most happy to assist you in any way we can.

A handsome desk forms the focal point in the group sketched. We have a large assortment of desks including Winthrops, Knee-holes, Secretaries and many others. Our typical low-budget prices prevail.

No living room is worthy of the name without an adequate number of comfortable lounge chairs. Choose yours from our wide assortment of sizes and styles.

We have a varied selection of furnishings, lovely decorator-type pieces that will companion amicably with what you already have in any room in your home. We'll be delighted to have you come in and let us help you make your selections.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40 and 50 years ago this week

Fifty years ago

FEB. 8, 1902

The Palatine Maennerchor will give a grand masquerade February 21.

M. Richmond is attending the Bonspiel in Milwaukee this week. He is quite adept in the game of curling.

Christ Blume has sold his Palatine milk can washing plant to William Hieber.

Quintens Corners received its first rural mail delivery Saturday with Al Mason as carrier.

William Bauman, Palatine, will work for August Grever at Quentins Corners the coming year.

William Gathman has purchased the Slade farm in Bloomingdale.

August Tonne is the busiest man in Itasca. He deals in stoves, windmills and milk cans.

Fred Elfring, Bensenville postmaster, is advertising an examination for rural carriers serving Bensenville area.

William Heidemann of Elk Grove, employed by W. R. Comfort and Co., Palatine, the past 12 years, died from a stroke he received while driving a coal wagon.

Buffalo Grove carpenters are putting the finishing touches on the J. B. Weidner Creamery.

A number of Schaumburg farmers are starting to raise pickles for an Arlington Heights firm.

Rudolph Schering, Schaumburg contractor, has started a hayrack factory.

The three old maids who hang out at Lawrence's, Meacham are pining for a cutter ride or any other excitement.

Rev. William T. Reynolds, pastor of Presbyterian church, Arlington Heights, married Helen M. Lorenzen February 6. An earnest preacher needs a worthy helpmate.

A little son came to the home of Mr. and Mrs. Henry Klehm, Wednesday, Feb. 5.

Conrad Niemeyer's old horse died February 1. "Old Tom" was 31 years old.

Forty years ago

FEB. 9, 1912

Mrs. Dorcas Vant Hawks, born in 1821, died February 4, 1912, age 90 years. She married and came to Arlington Heights in 1848.

Miss Lydia Noack, daughter of Reverend Noack, married to Reverend William Brueggemann January 28.

Miss Anna Sporlein and Henry Pfister of Buffalo Grove married February 6.

Prepare for war, invasion of Mexico by United States troops at an early date is probable. Army ordered to be ready.

Palatine, Lake Zurich railway stock holders hold annual meeting. H. E. Quindel of Schaumburg says his people will make good on promise of $100,000 for the road.

Dairymen are organizing to demand a square deal. Fred Blume of Palatine elected as one of two Cook County directors. He says the days of bluffing are past. Tuberculin test was wrong and did more damage than good and inside of a few years would have killed all the herds in the country.

A Cook County fair in Palatine is a possibility.

Henry G. Landmeier, age 69 years, died February 3, 1912.

Everybody attended electric railway meeting in Bensenville February 10. If we get this road, it will increase the value of our farms from $10 to $100 an acre.

Henry Beigel of Mount Prospect started out on his own as a carpenter and builder. He has a contract to build a 7-room house for Walter Krause in Mount Prospect.

John Koelling, age 70, died February 7.

R. Bray, Arlington Heights, after inspecting all cars exhibited at the auto show brought home a new 1912 E.M.F. 30.

Mrs. Rebecca MacNab, 81, died in Iowa.

Edgar Wessling, North Northfield, wants to trade his new driver which he bought a week ago for a slower one. His lady friend doesn't want to ride so fast.

Thirty years ago

FEB. 3, 1922

Palatine township high school calls an election to vote on $75,000 for high school. R. L. Peck opposes construction of new building. He says there is no Palatine township high school district. Two sections were stolen by Arlington Heights. District 13 voted $6,000 per roll school.

Plans for new Palatine sewer are announced. Town of Palatine must pay $5,000 for the right of way for the Northwest Highway from the village to the viaduct.

Palatine business office of the Chicago Palatine and Wauconda railroad has been moved to Wauconda.

Separate trial for Governor Small for alleged conspiracy to defraud.

The German republic has been recognizzed by the former Crown Prince, who expected before the war to sit in as the Kaiser.

Soldiers' bonus legislation is being pushed in congress.

A. C. Sporleder, Schaumburg, was surprised on his 56th birthday.

Mr. and Mrs. Earl Crandell, Roselle, entertained in their beautiful new home on Roselle ave. on their eighteenth wedding anniversary.

The civilized world is looking to the peace conference for relief. The same civilized world looks to China as a luscious fruit of which each nation wants his share and possibly a bit more.

The doctor who is coming to Bensenville has decided that the rent is too high.

The old Bensenville fire bell was moved from the tracks to the village hall lot.

The Mount Prospect mass meeting voted unanimously to have the village board call a special election to vote on a water works bond issue.

Miss Mabel Busse and Walter Spiegler were quietly married January 29 at Elk Grove church.

Twenty years ago

FEB. 5, 1932

A meeting of the Scarsdale property owners was held January 22 electing M. H. Browne, president, and Al Schwartz, secretary.

Palatine moratorium wins; saves bank. The moratorium was declared in the early hours of last Saturday by Mayor Oltendorf. 500 citizens attended a mass meeting in Cutting Hall, pledging themselves to help save bank.

A tax fight to the U. S. Supreme Court is necessary between organized real estate tax payers and the major holders of great wealth in Cook County was proclaimed Monday night at a mass meeting at Hotel LaSalle.

Inquiry at Peoples State Bank, Arlington Heights reveals the fact that banking conditions are normal here. The depositors are displaying the utmost confidence in that bank.

While two Palatine chain stores are closed Monday afternoon pursuant to the moratorium proclamation of the mayor, they are both open for business Tuesday afternoon when every other store in Palatine was closed tight.

Starting again this week, the Arlington Heights depot office is open from 7 a.m. to 6 p.m., but will be closed all day Sunday.

Prospect Heights Red Cross workers enroll over 100.

Mrs. Bertha Grupe dies at her home in Bloomingdale.

Erickson files for governor

With petition filing date for state and county candidates ending Monday, Jan. 21, scores of candidates made a last minute rush on the secretary of state's office at Springfield. A mid-week filer was William N. Erickson of Evanston, president of the Cook County Board, shown (left) entering his name in the April 8 primaries for Republican candidate for Governor of Illinois. Right is Assistant Chief Clerk William G. Lyons of the Index Division, receiving the more than 84,000 names on Erickson's petitions.

Erickson to conduct vigorous campaign for nomination

William N. Erickson, president of the Cook County board of commissioners and candidate for the Republican nomination for governor, as he officially entered the race issued the following statement:

"As the campaign unfolds I will analyze the plight of our state and present what I believe to be a sound program for restoring its health, vitality and strength so that we can face the problems of the future with confidence. I have been well trained in government administration during my five years as head of the largest county government in the world. I am proud of the record I have made as president of the Cook County board of commissioners.

"While the first hurdle in the months ahead is the Republican primary on April 8, the finish line in this race will not be reached until next November 4 as our people go to the polls to make their choice: the Democrat brand of socialism or the government of freedom, the Republican form.

"To each of those who signed my petitions and to every person interested in wholesome government for the State of Illinois, I pledge a vigorous and untiring campaign for nomination and election to office.

"With the aid of practical experts in every phase of state administration and state problems I will present to the voters a program designed to secure for the citizens of Illinois the same administration exemplified by my years as president of the Cook County board."

Brides-to-be

There has been a considerable decrease in the number of couples applying for marriage licenses this year compared to last year. County Clerk Richard J. Daley announced that 274 licenses were issued last Saturday, which is below normal He pointed out that a government report issued by the Census Bureau states: "One reason for fewer marriages now is the low birth rate in the 30's—depression years. Fewer babies then, fewer people of marriage age now. But in the late 50's and early 60's, the marriage rate will bound up again, reflecting the birth boom that started in '41 . . . as those babies grow up."

Following are the marriage licenses issued last week to residents of the north suburbs:

Alfred Cowan, Niles, Mary Haffaker, same.

Robert Dittmann, Skokie, LaVerne Poesche, Niles.

Bruno Morani, Des Plaines, Charlyne Xanders, River Grove.

Charles Schnetlage, Patricia Murphy, both of Barrington.

Harold Buchholz, Arlington Heights, Ruth Wolf, Arlington Heights.

Child health slate

Glenview village hall, February 7, 1-3 p. m.

Morton Grove village hall, February 7, 1-3 p. m.

Palatine village hall, February 14, 1-3 p. m.

Wheeling public school, February 11, 1-3 p. m.

Forest River community building, February 20, 1-3 p. m.

Palatine village hall, February 28, 1-3 p. m.

Northbrook youth center, February 22, 1-3 p. m.

Rug hooking popular in night school

Three area residents are on the staff for the spring term at Maine's adult evening school in Des Plaines. Fifty courses are offered. Classes begin Monday, Feb. 11 and Thursday, Feb. 7.

Mrs. Ruth Carney of 524 S. Mitchell ave., Arlington Heights, will again conduct a course in rug hooking. Mrs. Carney is pictured above with the last semester's class. This class is offered on Thursdays.

Verne Brownell of 121 N. Eastwood, Mt. Prospect, is the instructor in instrument flying. This course is designed for those who need link trainer experience. Practice is given in maneuvering of trainer with reference to instruments alone, orientation, radio procedures, and instrument let-downs. Mr. Brownell is a qualified CAA instructor. All instruction is individualized. The $6,000 link trainer is used. The enrollment is limited to five. Mondays.

Harold O. Klopp, landscape architect, Palatine, (Route 53 at Salt Creek) is offering a course in gardening and landscaping. It is slanted to the suburban homeowner. It includes plants and materials, spraying, garden planting, garden maintenance. Mr. Klopp is the consultant landscape architect for the landscaping of Eden's expressway and the consultant landscape designer for the Garden club of Illinois spring flower show at the Congress hotel. This class is offered Mondays.

In the future

A cleaner, in a lipstick-type case, is said to keep eye-glasses free from fog or frost for 24 hours . . . "Automatic bartender" pours cocktails to exact proportions every time, the maker claims. The new machine also keeps a record of every drink poured — making bookkeeping easy . . . Farmers can clear land more easily with stonepicker now being marketed, according to the manufacturer. The picker is said to cover two to four acres a day, pulverizing the top soil and picking it clean of stones from 1½ to 10 inches . . . Multi-use cake tray is now available. It doubles as a punch bowl, hors d'oeuvre tray, ice bowl and cocktail shaker.

More corporations

The number of corporations in good standing in Illinois and the amount of money paid by them to the state in taxes and fees both reached new highs during 1951, Secretary of State Edward J. Barrett reported.

There are approximately 65,000 corporations operating in the state and they contributed $4,031,195.18 to the state treasury last year, Mr. Barrett said. This was an increase of $45,667.03 over 1950's $3,985,528.15.

Since the bulk of the money comes from franchise taxes, the increase shows that business in Illinois is operating with greater capital investment, Secretary Barrett said. There has been no change in the tax rate.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Teacher's pay

I am a teacher's wife and mighty proud to be one, but very aggravated by the continual struggle of trying to meet our financial responsibilities on a salary which doesn't begin to measure up to the cost of living.

True, it's a struggle for many people these days. Yet there are few, few laborers who must work for a weekly average wage of $65.

With rent of $85-$90 per month to pay, how little of this salary is left for groceries, insurance, car up-keep, clothes, dental and medical care, etc.!! Take a few minutes and sit down and plan your budget on these figures. How well could you live on this amount?

Many teachers here are paid even less and have still higher rent to pay. How well would you manage?

One cannot possibly put the smallest amount aside in savings —every cent we make is spent on the barest essentials. We only hope and pray that nothing shall befall us which will call for a bank account. How often we find ourselves with only $3 or $4 in our pocket with "pay day" a week away—and it isn't because of poor management!

A teacher's hours are long—usually more than 8 daily hours spent in the classroom with a good many evening hours spent performing school duties which are expected but payless — still more time spent in home preparation for assignments, study, etc.

The situation to us is truly a grave one—yes, and a shameful one!!!!!

Everyone knows a doctor, dentist, or lawyer will rate high above us on the salary scale, but yet why should they? A teacher must spend just as much time and money as they on his education.

Would you say $65 per week is fair pay for a man who has struggled through 6 years of college and university training with a family? I don't!

Neither do I believe we can feed, clothe and shelter ourselves and children on the word "professionalism."

Public opinion is aghast at the thought of a teacher striking. But why not, if that is the only way we can make a living wage?

My husband loves his work, but he cannot be happy with it when his financial responsibilities pile up and the means to meet them decreases.

That's why we as one family in the teaching profession (and there are many more) shall be leaving this community before the next fall school term.

Once more we shall try to find a community where the pay scale may more nearly even itself with the cost-of-living. We cannot do it here!

If it's also impossible elsewhere, we shall be drawn into a more lucrative field of employment.

No doubt this letter shall be scanned and forgotten by most of you readers . . . only remember . . . your children's education rests upon good, conscientious teachers. Don't wait till most of them have left this profession before you realize something should and must be done for us!!

"A teacher's wife."
Arlington Heights.

No factory smoke

Arlington Heights can consider itself lucky to have good solid citizens like Geo. Schneberger, Geo. Harris, Mayor Goedke, Wm. Reese and others who are sufficiently interested to want progress in our town, progress with living wages. Most of the town residents are working people and would work closer to home if wages at present living conditions could be obtained.

Go to the station any morning between Monday and Friday and see how many commuters Arlington has, beginning with the 5:28 a. m. train. They aren't white collar workers leaving at that hour.

If all this labor, or part of it, could work here in a well run factory paying present scale wages we'd lower our own taxes, thus helping ourselves.

There's a good reason small factories with small pay don't want a modern decent wage factory moving into Arlington Hts. Maybe they'd like to have their cheap labor take over the land on the Kirchhoff subdivision for housing. Would that please Scarsdale Estates?

I can truthfully say I have lived near the Northwest highway and often walk to town, but have yet to be annoyed by what goes on in any of the manufacturing plants which I pass.

Factories here aren't belching smoke.

I've always thought we were living in a pretty nice town. There's nothing wrong with the town, but when a few people want to dictate what the majority should do, then it's time for the majority to tell these few where they can go. We can do without them.

A Resident
Arlington Heights.

Potato country

Could you help me with a potato problem? What variety does well in DuPage county?

I have tried various kinds, but don't get results and as I have repeatedly heard that DuPage county was potato country at one time, I wonder if you would know if it was a certain variety. Maybe you have heard the old timers say how, when and what variety to plant.

Thank you for any information you may give.

Is the price of potatoes high?

Mrs. John Ryvold,
Rte. 1, Box 113,
West Chicago.

Garbage dump

Deerfield has gotten into a squabble with the National Brick company over the dumping of garbage in the brickyard pit. Deerfield has to dispose of its garbage somewhere so the village has come up with this solution which has been kept very "hush—hush"—Dump it on Vernon township!

That Deerfield should even consider a move like this should arouse every property owner, not only in the area immediately affected, but all of Vernon township. If garbage dumping is permitted in any part of Vernon township, it would set a dangerous precedent. It would devaluate property. Vernon township must not become known as an area where surrounding communities can dump their garbage and thus avoid fouling their own nests.

The dumping of garbage in Vernon township would be a serious health menace. It has been said that the so-called Winnetka method of garbage disposal, where the garbage is burried would be employed by Deerfield. This is all right for Winnetka. Winnetka carries on this operation within their village limits. Winnetka gives it strict supervision. But what is most important — the Winnetka garbage disposal is effected in an area where there is a city water system with piped water. However, in the section surrounding the tract where Deerfield proposes to dump its garbage, is an area where all the residents get their drinking water from wells—wells that are open to contamination by seepage.

There is no reason to believe that the burial method of disposing of garbage as it would be practiced by Deerfield would be 100% effective. Adverse weather conditions or lax operation will bring about exposed refuse with the attendant odors, rats and flies.

The trucking of garbage from Highland Park and Deerfield to the proposed disposal site would also present a traffic hazard. Glenview has found this to be true. The trucking of garbage from Chicago to Glenview has created many accidents on Waukegan road.

It all adds up to the fact that Vernon township and the residents of western West Deerfield township must fight this proposal and fight it to the finish. What can you do to help? Be sure to be present at the special meeting in the Vernon township hall in Half Day February 8 at 2:30 p. m. Both men and women are urged to attend. If you can't come send a representative.

Roy H. Potter, President
The Vernon Township
Taxpayers' Association.

Feehanville school

On February 4th the directors of school district No. 26, Feehanville school, are receiving sealed bids for $170,000 worth of school building bonds. These bonds are offered for sale subject to an election to be called and held for the purpose of authorizing the issue.

More than one interested person living in the district has wondered what will happen to his property tax if this school building plan is adopted. For those who are interested we respectfully offer the following:

Taxes paid in 1951 were computed at a total rate of .25c per hundred dollars of assessed valuation. This rate would cost the house owner $15.66 on a $6,000 assessment. Now let us project what would happen if the new bond issue is authorized; approximately $8,000 will be paid on the principal in the year 1955; 3% interest on the total bond issue would add an additional $5,100, making a total of $13,100.

This amount of money extended against an estimated school district assessed valuation of $4,500,000 would cost approximately 30 cents on the new bond issue alone. The 1951 levy of $22,000 extended against the same valuation would require a rate of 50c plus. Old bonds and interest might cost an additional 2c.

We are citing the 1951 levy figures because we do not know what the later years' levies will be; we are confident, however, they will be substantially higher. When we total up the figures 30c for the new bonds and interest, 2c for old bonds and interest plus 50c for the latest education and building fund levies, we arrive at a grand total of 82c. Translated into dollars, this means that our $6,000 home owner will be paying approximately $49.20, in increase of $33.54 over his 1951 tax bill. This increase is more than twice as much as his 1951 tax bill.

Please notice that no provision is made for an additional teacher. This is important because to hire one new teacher at $2,600 will cost this district an additional 7c on its tax rate, so it is not entirely possible that our conservative estimate plus one additional teacher plus 1c for loss and cost of collection would produce a rate of 90c which would cost our householder $54.00 in taxes.

People in the district have to face the facts—modernization of their school facility is going to triple or quadruple the real estate taxes.

John P. O'Brien
Arlington Heights.

Sport page

We at Downers Grove enjoy your sport pages in the Arlington Heights Herald, especially your coverage of the West Suburban conference games. No other paper in the whole west suburban area has such coverage.

Julian M. Taylor

Tax saving

In last week's paper amidst a barrage of superlatives anent the factory annexation you stated "If the proposed Roth plant is given an assessed valuation of $1,400,000 it would cause a reduction of 7.3% in taxes for the property owner." Any Arlington Heights taxpayer is entitled to believe from that statement that if his tax bill last year was $200 that it would be reduced $14.60 and a $500 taxpayer would save $36.50. That is absolutely incorrect.

No doubt you intended saying that only the village portion of the total tax would be affected. The village portion of the 1950 tax was only 16% of the total. You should also mention that the Arlington Heights grade schools will not receive a nickel from this project, nor will the park district. This reduces the saving to a $200 taxpayer to only $2.33 provided the village stands still and does not increase its budget beyond the old tax rate and that the assessed value of the new plant is really $1,400,000.

Being a substantial taxpayer myself I am anxious and willing to have a tax reduction but I also am old enough to look a gift horse in the mouth and also to observe that generally the measure of success of large manufacturing companies is not necessarily gauged by their munificence in regard to civic affairs.

Are we to believe that the new factory, if annexed, will require no village services? No police protection? No snow plowing? etc. A plant using as much water as almost 200 residences will surely hasten the day when a new well and new pumping equipment must be provided for. Since interest rates and all other costs are much, much greater than when present wells and equipment were installed, such new installations will prove a burden on present residents which could well offset any tax benefit from the annexation of this factory.

Instead of boosting such a project we should discourage it, at least until civic services such as parking have caught up with the current population.

E. F. Laurin
Arlington Heights

An interview

"Arlington Heights must guard against becoming a tax stagnant community," according to William E. Borg of 918 N. Mitchell ave., a retired consulting engineer.

Mr. Borg made the statement last week as he joined the chorus of voices raised in favor of locating the Roth Manufacturing Co. plant in Arlington Heights.

"What the community needs is industry; not obnoxious industry, but industry that will be a credit to the community," he said.

He explained that you must have a modern factory that would attract a class of workers that would be of high standards.

According to Mr. Borg, there is no fear that such industry would attract workers who would want to erect low-housing units and thereby depreciate the value of the already high-cost housing in this area.

It is within the power of the zoning board to determine what kind of housing goes up in the community, and as long as the board keeps building standards high no undesirable housing could be erected, he related.

"The new factory is far enough away from Scarsdale, so why should Scarsdale wag Arlington Heights? It's just like the tail wagging the dog," Mr. Borg said.

Staff reporter

Read method

Today's article by Patty McArdle in Just Around the Corner should prove of great value to every prospective mother. My daughter observed the Read method of presenting the baby on two occasions and the job was perfect every time, even at 9½ pounds.

I shall be looking forward to reading the four concluding articles and mail them all to my daughter who may want to pass them on to potential mothers in her circle of friendship.

A Father
Barrington

JUST AROUND THE CORNER

from PATTY McARDLE

Dear Peg:

The "house lights" were dimmed, the excited chatter of the audience subsided. and Jane stepped forward to announce: "We shall now present, for your enjoyment this evening, the play "Clutterbuck." Since the programs didn't arrive in time (the audience chuckled) I shall give you the cast of characters in the order of their appearance and the scene of Act one . . . " The cast took their places on the "stage," and the fourth production of our play reading group got underway.

Although we have been organized for only four months, all of us enthusiastically agree that it is one of the most delightful activities in which a husband and wife can participate. If you don't belong to a group such as this, Peg, why don't you and your friends start one. I'm certain you'll be amazed at how much fun it is both for the cast and the audience!

IT WAS NECESSARY to limit our organization to twelve couples since most of us have either a medium size apartment or small house. And, at that, we must borrow chairs and frequently seat a few on the floor. This slight discomfort doesn't seem to annoy anyone—we have perfect attendance — "floor-sitters" and all!

Each month a couple volunteer to be host and hostess for a meeting in their home. They then select the play — usually one that has no more than eight characters because of the small "stage." Also, we "actors" and "actresses" like to have a large audience, you know. It is the duty of the host and hostess to procure the play books, either from another group in our community or from one of the libraries, and to decide on the cast.

ONE REHEARSAL is held before the play is presented to the rest of the group. Of course, no one but the "directing" couple and the cast knows what play will be given or who is to be in it—it's all done very secretly! The cast receives the books well in advance of the rehearsal and must be familiar with the play and especially their lines. On the night of the rehearsal the "stage" is set up in the most suitable part of the living room, the cast reads through the play, and the host and hostess direct and criticize.

Now, Peg, you are probably wondering how we ever got our husbands interested in this activity—in most cases it was a struggle! However, after observing the non-professional performance of the other husbands and seeing what a really hilarious time they were having, they all decided it was a pretty good idea. Bob was no exception to this—only under protest did he attend the first meeting. But, since then he has looked forward to our monthly gatherings, and, believe it or not, when Terry called yesterday to say that he was to have a leading part in the forthcoming play, I do believe he was pleased!

Ah yes, my dear, "the play's the thing."

My love,
Patty

It's a good idea to save sawdust from drilling or sawing and mix with clear lacquer or shellac for a quick-drying patch for holes in woodwork, floors or furniture. Mix it fresh for each patch, and keep a selection of wood dusts in small screw-top jars to match the wood of each particular job.

Smaller forage seed supplies likely here

The general trend toward smaller production of legume and grass seed is likely to continue during 1952, according to a report from the Illinois college of agriculture.

Agriculture economist J. L. Jordan and graduate student W. M. Herr say that the 1951 United States production of red clover, alsike, alfalfa, lespedeza, sweet clover and timothy—all six—was 27 per cent smaller than for 1950, and about the same as the 1940-49 average.

THEY FEEL that smaller production is likely again this year due to the current emergency and resulting economic situation. Emphasis will probably continue on production of food and feed crops, especially if the price of these crops rises faster than the price of forage seeds.

Illinois growers received lower prices in 1951 for red clover, sweet clover, timothy and redtop than the 1945-49 average, while prices of alsike and lespedeza were up.

Seasonal price rises from harvest time to sowing time have averaged 50 per cent in Illinois for sweet clover, 23 per cent for red clover and 42 per cent for timothy. These figures apply to the years 1934-50, excluding the war and price control years.

Birdsfoot trefore has advantages over alfalfa

Birdsfoot trefoil, one of the newer pasture legumes, has four advantages over alfalfa and Ladino clover, according to agronomists in the Illinois College of Agriculture.

They say that birdsfoot trefoil will last longer, even though closely grazed; it is more tolerant of acid soils; it is quite drouth-resistant; and it grows well in climate that has been hard on alfalfa and Ladino.

J. C. Hackleman, extension crops specialist, recommends the Empire strain of birdsfoot trefoil for Illinois. The legume is adapted to climate throughout the state. Some of the best stands are found in Jo Daviess, Stephenson, and Winnebago counties.

MAIN DRAWBACK of birdsfoot trefoil is that it's hard to get a stand. It seems to catch better alone and does not grow well in competition with grasses. Hackleman says not to worry if you don't get an excellent stand the first year. It's slow in coming and may take two years. He's known of several cases where the stand looked like a failure the first year but produced well the second year.

Yields of dry hay from birdsfoot trefoil, alone or in mixtures, have exceeded 5,000 pounds an acre. And a small patch at Urbana is still thrifty after 22 years.

World's heaviest litter

The 1951 National Duroc Ton Litter contest resulted in 156 litters from 18 states making the 2,000-pound weight at 180 days of age.

The dam of the above pictured litter raised the third place ton litter of the nation in 1950 and was a member of the fourth place ton litter in 1949.

With two litters weighing over two tons, the average for the 156 litters was 2,461 pounds. In order to enter the contest, the litter must be sired by a registered Duroc boar and out of a purebred Duroc sow and must be farrowed between January 1 and April 30. The official 180-day weight must be witnessed by an FFA or 4-H adviser, county agent, AAA committeeman, sow tester, veterinarian or some other person with public responsibility.

In the past 8 years of the Ton Litter contest, Duroc breeders have collected nearly $24,000 in prizes while 1,033 litters made the official weights. This year promises to be one of the greatest ton litter years in the Duroc breed.

The litter pictured above (16) weighed 4,599 pounds in 180 days.

LAW on the FARM

Community Sales

In 1951 the Illinois State Legislature enacted the Community Sales Law, an act to protect the purchaser at such sales from fraud, and to protect both purchasers and the public from the spreading of contagious animal diseases. In 1951 this law was amended as follows:

1. Operators of such sales must file a bond in the amount of $10,000 with the State Department of Agriculture; before amendment the amount was $1,000. If $10,000 appears inadequate, the amount may be increased to $25,000; the previous limit was $5,000.

2. The annual license fee was increased from $50 to $100.

3. Sales operators no longer are required to keep records on property other than livestock. However, with respect to livestock they must still make a record of:

a. The name and address of each person offering animals for sale.

b. A description of the animals.

c. Method of delivery to the sale.

d. Name and address of the purchaser.

e. The sale price and the commission and fees charged.

4. Animals known to be infected with or to have been exposed to any contagious disease shall not be consigned or sold through any community sale, except that animals reacting to a brucellosis test made at the sale by the supervising veterinarian may be sold for immediate slaughter only, under regulations of the Department of Agriculture. The veterinarian shall examine all animals, prohibit the sale of those that are diseased, and issue quarantines when applicable. Female cattle and bulls more than six months of age may be sold only if they have been tested for brucellosis and found negative within 60 days of the sale, or, if they are under 30 months of age and were vaccinated in calfhood, or if they are from a certified brucellosis-free herd.

There is a further provision that "springer heifers and cows, or heifers and cows with calves, are classed as breeding cattle and as such must comply with the requirements governing breeding cattle."

Guernsey cow increases nation's food supply

A registered Guernsey cow, Nan's Maybelle of Riverdale, owned by Buren R. Anderson & Son, Riverdale Guernsey herd located at Shanley Farm, Palatine, put 12,728 pounds of milk and 672 pounds of butterfat into the country's breadbasket. This is according to the official herd improvement registry record released by the American Guernsey Cattle club. "Maybelle" was a 7 year-old and was milked for 365 days.

Guernsey cows on official test have steadily increased production over the years. The average cow, in the United States produces only about one half as much as the average purebred Guernsey on official test.

The sire of "Maybelle" is Fairmount Golden Sunrise, that has eight daughters and one son listed in the Performance Register of the American Guernsey Cattle club.

This record was supervised by the Cook county dairy herd improvement association No. 1 under University of Illinois.

War on insects can be waged even in winter

Winter sounds the cease-fire in the amateur gardener's war on bugdom. But it shouldn't! Off-season scouting now can result in the severe depopulation of insect saboteurs. The home owner should seek out and destroy as many over-wintering eggs in his trees as he can. So arm yourself with a private eye's magnifying glass and your sleuthing will be lots easier.

It's not too difficult to spot the more common insect enemies in their egg stage, according to F. R. Lancaster, entomologist for the Davey tree experts. He recommends that gardeners be on the lookout particularly for the eggs of three types of pests — canker worm, scurfy scale and red spider.

INSECTS LIVE over the winter in one of four forms — adult, larva, pupa or egg. The egg stage is common. Eggs of the canker worm, probably the No. 1 leaf devourer, are laid like a pearl necklace around a twig or loosely under bits of bark. Canker worms are general feeders, and you may find egg clusters on virtually any kind of tree.

The scurfy scale is also a general feeder, but has a special penchant for elms. Eggs are covered by a protective scale — flat, pear-shaped and dirty gray in color. Turn over the scale carefully with the point of a penknife and you will see purplish eggs piled loosely underneath. Usually the scale is attached to the underside of small twigs. Tiny eggs of the red spider pest range in color from yellow to red and likewise are found on small twigs — either singly or in small groups.

THESE ALL are serious pests that menace the health of trees. So prune off all infested twigs within reach and burn completely. If infestations seem bad on lower branches and twigs, chances are the tops are similarly afflicted. Make a note to initiate a spray program in early spring. These tree enemies can be controlled by a dormant oil spray applied just prior to bud starting in the spring.

Deadline Saturday on Blue Cross enrollments

Saturday, February 2, has been set as the final date on which farmers of Cook county may enroll in the Blue Cross plan for hospital care and the Blue Shield medical-surgical plan, according to Elmer J. Steil, Des Plaines, secretary of the Cook county health improvement association, sponsoring the enrollment. The enrollment started January 21.

Blue Cross members receive all basic and most of the special services available in plan hospitals, without dollar limits, for up to 30 days in each calendar year, and at half cost for an additional 90 days in the same year.

Those eligible to join Blue Cross and Blue Shield through the HIA must earn the major part of their income through farming. Also eligible for membership are members of the Farm Bureau and the Cook County Truck Gardeners and Farmers Association who are employed in groups of less than five persons.

Feehanville

Since the decision on the Hinsdale school case has been handed down favorable to the schools, the Planning commission and the school board are going ahead full speed with the final steps necessary to bring the bond issue to a vote of the people of the district.

A petition is being circulated to hold the election. This petition is not a vote, but merely a formality which is required. The committee that is working on the petition consists of Mrs. Jack Dobbratz, Kenneth Kranz, Bill Haverkampf, Mrs. Hzalmar Sandquist and Idyl Nipper. All names and addresses should be spelled out on the petition. There must be no abbreviations. The petition will be completed by this week end. (Hope the weather gives us a break. It is cold work.)

We expect to have the plans ready for publication by next week's issue. All of the information concerning the building itself and the cost to the taxpayers in dollars and cents will be put in form so that it can be distributed to each household. Only that way can an intelligent vote be cast.

At the board meeting held last week, several things were decided besides the routine paying of bills. One of the most important was the decision to have a telephone installed in the school. There have been so many times in cases of emergency when it has been a great handicap not having a phone. The phone company has assured the board they will be able to install the phone within a short time.

Temporary guards were ordered for the windows and screens for the downstairs windows and a screen door for the door into the diningroom.

Arlington Crest News

Confined at home with measles are Susan Balducci and Laurie Nielsen. Both girls are pupils of Saint James school.

Mrs. Alice Nordstrom enjoyed a visit with her mother, Mrs. Anna Mogren of Chicago last Saturday.

Marjorie Stutz celebrated her 13th birthday January 26. Guests were Mr. and Mrs. Elmer Wulff of Mt. Prospect and Mr. and Mrs. John Wolff of Palatine.

Wayne Goodpasture attended educational sessions of the American Electroplaters Society Saturday at the Conrad Hilton hotel.

Schaumburg

January meeting of the Girls of Schaumburg 4-H club was an event of last Saturday afternoon at the home of the club leader, Mrs. Paul Engler.

Officers elected during the business session were Susan Alberts, president; Nancy Bullamore, vice-president; Marilyn Gieske, secretary - treasurer; Georgia Busching, program chairman; Diane Knutson, recreation chairman, and Ruth Volkening, reporter. Mrs. Davis is the newly-elected chairman of the northside clubs. She is also a member on the board of directors of the 4-H Home Bureau in Cook county.

A special guest at the meeting was the Cook county leader of 4-H clubs. Mrs. Jesse Coulter, who had prepared an interesting discussion for the girls.

Personals

Mrs. Amalia Meyer was taken to an Elgin hospital Saturday afternoon where she was under observation and had x-rays taken. She suffered a severe fall while visiting her daughter in DeKalb recently.

Marilyn Carlson, daughter of the Palmer Carlsons, fell on ice at school Monday and suffered a badly cut eye which was treated at a hospital, but she was later released. At home, her eye was treated with ice-packs the rest of the day. Marilyn is in fourth grade at Schaumburg Center school.

Ronald Vorreyer and John Saunders left Thursday evening driving to Fort Leonard Wood, Mo., where they spent the week end visiting John's brother, Ken, who is stationed there with the Air Force.

Birthdays

Celebrating birthdays recently were Ronald Vorreyer who had one Friday; Wilma Lichthardt and Mrs. Ed Freise, Monday, and Harry Loeding.

Hardest Iron

Ni-Hard, a nickel-chromium white cast iron, is the hardest product of the iron family. As a result, Ni-Hard liners have established outstanding performance records in milling of metallic ores.

AUCTION SALE

The undersigned will sell at public auction on farm located on the Burlington black top rd., 2 miles west of Udina Triangle, 5 miles west of Elgin, 3 miles northeast of Plato Center, 2 miles south of Pingree Grove, on

Wednesday, Feb. 13, At 10:30

HERMAN THRUN

TERMS: Usual bank terms. Not responsible for accidents. Lunch wagon will be on grounds.

Wm. Sullivan and Wm. Russell, aucts. Bartlett State Bank and H. W. Schnadt and Son, clerks.

MRS. JOS. REMSING Ph. VAnderbilt 4-8482

Forest River

For the benefit of those residents who are not quite up on the news of our district, there is a bond issue to be voted on for an addition as well as remodeling of the present Feehanville school. All residents of Forest River area, as well as the rest of the school district, should make it their business to get out to vote. Also it would be a good idea to get the facts of the bond issue by attending all the meetings to be held before the bond issue is voted on. The voting will be held within the next six weeks, perhaps sooner. An architect has been hired by the school board and a bonding company will be decided on to handle the bonds. An attorney has been hired to represent the school district. Notices of meetings will be announced as soon as the facts have been compiled.

The Ladies auxiliary and their friends sponsored a benefit party last Tuesday evening for Marie Schart, who has been a patient at the Cook County hospital for the last two months. Marie is getting along nicely from her reports by mail and the party was a complete surprise to her. Marie needs various treatments that do not come under a free program, including the medicines that are used or transfusions.

Mrs. Rose Ross returned home last Wednesday afternoon. She is getting along quite nicely.

Ronald Miske dropped in again unexpectedly on his family last Thursday evening. He came through with his lieutenant, who also has relatives in this area. The boys expect to be transferred, perhaps to Georgia for a few months from where they are expected to go to Japan. Our little bride, Mary, is undecided what to do, go to Georgia or stay here. Ronnie left again for camp, Tuesday.

The Wheeling Township vehicle stickers, given with the courtesy of Wheeling Township officials for 1952 are again ready and can be had after filling out the registration cards at the Joseph Remsing home on Brookfield ave.

The Women of the Moose held their mid-winter conference last Sunday. At these conferences the five top chapters in the district take part in the ritualistic ceremony of the WOTM. The Des Plaines chapter took the part of the balloting on new candidates. Those who attended the conference from Forest River were Magdalene Remsing, as the junior regent, Edith Engel as the pianist and Helen Cully as an escort to the junior graduate regent. The conference for this district was held at the Cicero chapter. The Des Plaines gals chartered a bus to make the trip. Twenty-two members attended from Des Plaines. Over 200 women were at this conference. A supper was served after the conference by the Cicero chapter.

Marie Schart extends her most grateful thanks to all her neighbors and friends who were instrumental in running the benefit for her at the Club house last Tuesday. Marie expects to come home soon, but says she will not be able to work for awhile and the money will help her then.

Jule Miske was initiated into the second degree of the Loyal Order of Moose last Sunday. The main purpose of the group is the maintaining of Moosehaven in Florida. Moosehaven is for the benefit of the aged members of the LOOM, both the men and women, while Mooseheart is for the benefit of the children and wives of the deceased members.

Tootie Seilheimer is flying down to Hollywood, Fla., Friday for a two weeks' visit with her sister, Lorraine Regan, and her family. Hollywood is about 15 miles from Miami. Tootie is looking forward to swimming in the ocean.

The Birthday club met this month at the home of Mrs. Henry Schmidt on Anita ave. The Birthday club has 12 members and meets each month to celebrate some member's birthday.

Delma Raw and her daughter Dee Gee, flew to Georgia January 20 for a short visit with friends and relatives and also is expecting to go to Meridian Miss. for a few days.

Don't forget to get your contribution or attend the March of Dimes party sponsored by the Fire department this Saturday at 8:00 p. m. at the Community house.

MRS. FRANK MacKNIGHT Ph. Arlington Heights 3717-M

Prospect Meadows

Transferred

Major Henry J. Robotkay left Monday after spending his month's leave at his home at 419 Oriole lane. He has been transferred from the anti-aircraft center at Fort Bliss, Tex., to the Far East command.

Major Robotkay has been on active duty with the anti-aircraft artillery since May 1951. He spent several years in the service before and during World War II.

The Major is from Chicago, and Mrs. Robotkay is originally from Minnesota. They have two daughters, Renee, who is 3½ years old, and Rose Ann, who is 10 months old.

During his absence Mrs. Robotkay, the children and his mother, Mrs. Anna Kronberg, will continue to live in Prospect Meadows.

Celebrate birthday

Sunday marked the fifth birthday of Rose Marie "Puddin" Dorlac. Her friends helped her celebrate at a party at her home. Guests included Kathy Michels, Kenny and Ricky Johnson, Vicki Krarup, David MacKnight and her brother, Billy. A pink color-vision cake with a moving merry-go-round was the highlight of the party. Favors were also given to the children.

Plan party

The committee for the Get-Acquainted party met last Friday at the home of Mrs. James Wilson, 628 Bunting lane. Further plans were made for the party which will be held Saturday, February 9, at Fred's Place. More than 200 tickets have been sold. Entertainment and other attractions along with refreshments have been planned.

Home from school

Miss Veronica "Chi-Chi" Brogini has just spent a week at home with her parents, Mr. and Mrs. John Brogini of 608 Oriole lane. Chi-Chi attends school in Milwaukee, Wis.

MARGARET WALLOR Ph. Arlington Heights 7187-R

Wilson Community

The next PTA meeting will be held February 8, at the schoolhouse when Founders' Day will be observed. Past presidents, Mrs. Freeman, Mrs. Moskal and Mrs. Wallor, will give brief talks, and a movie, "Highlights of Lincoln," will be shown.

The Arlington Knolls Ladies' club will meet February 6 at the home of Mrs. P. Armstrong.

The T. Fitzpatricks will move into their new home this week. Their residence was destroyed by fire December 30, and friends and neighbors have been assisting Mr. Fitzpatrick in the rebuilding project. The progress was remarkable, and although the interior is not finished, the house is livable.

Mr. and Mrs. George B. Flenner returned Monday from a two week vacation in Tuckerstown, Bermuda. During this time their daughter, Merle, visited her grandparents, Mr. and Mrs. W. S. Peach of East Orange, N. J.

The Boy Scouts had an outing at Camp Dan Beard last week end. Messrs. Gieske, Thompson, Kingsley and Griefen took the boys in their cars Saturday morning. Mr. Griefen stayed with the boys during the day, and Mr. Thorsen Jr. and Ray Russow were with them during the balance of the time. Scouts who went on the trip were Bill Russow, Wayne Gieske, Fred Wemlinger, Ronald Thompson, Phillip Getz, Bob Cunningham, Mike Schumacher, Bill Coates, Jon Coates, William Doering and Jimmy Kingsley. They took their campfire and cooking tests over the week end. Mr. Cunningham, Mr. Doering, Mr. Thorsen Jr. and Mr. Russow brought the boys home.

Mr. and Mrs. Eddie Miller entertained Mr. and Mrs. H. Edwards and children, Roger and Ann, and Mrs. Rittenhouse, all from Morton, Ill., Sunday.

Mr. and Mrs. Clifford Norman of LaGrange, Ill., were dinner guests at the home of Mr. and Mrs. A. Wallor last Sunday.

CHRISTINE BOBER Reporters CATHERINE MILLER

Arlington Heights 7222-R Bensenville 34-W-2

Elk Grove Community

March of Dimes

Here in school, as all over the country, the students are contributing to the March of Dimes fund. Each room has a March of Dimes container, and the students are generous because they know that infantile paralysis can strike anyone, any place and at any time.

Student council

The members of the student council met Thursday, January 24. They nominated candidates for officers. The election will be held February 7.

Roller skating party

The roller skating party will take place in the Arlington Hts. roller rink February 7. It would be appreciated if some of the parents who plan to drive their children to the rink, will also offer to take some of the children who do not have transportation.

Final tournament

The winner of the ping pong tournament of the fifth and sixth grade girls is Janice Goede. Christine Bober is the winner of the seventh and eighth grade girls. She will meet Janice in the final tournament this week.

LeRoy Rodgers, the winner of the fifth and sixth grade, and Hans Kosel, winner of the seventh and eighth grade boys will also play in the final tournament.

Correction

When we listed the children who were on the junior and senior honor roll in last week's paper, we omitted two names by mistake. Carol Tasche and Nedra Jean Helm, both of the seventh grade are on the junior honor roll.

Party given by Mothers' club

The Mothers' club invites everyone to its party to be held in the Elk Grove school February 15, at 8 p. m. Guests are asked to donate fifty cents and refreshments will be served for a free will offering.

Anyone wishing to donate a cake, should notify the school. A vote of thanks is given to all who have so generously donated cakes for past events.

HELEN RAPP Arl. Hts. 2348

Pine Gate Highlands

The Pine Gate Highland community has grown to a point where it should be identified. Each year has seen an increase in the number of homes erected and there are now 35 homes in the original "Eckhardt's Subdivision," at State rd. and Sunset drive, just north of Rand rd. All news for this area should be phoned in to Helen Rapp, Arl. Hts. 2348.

The family of Richard Daley are still visiting in Kansas City. Mrs. Daley, her mother and children seem to be enjoying their prolonged visit. This, of course has worked out nicely for the Terrance Fitzpatricks who are living in the Daley house on Waverly rd. since the disastrous fire of December 30, which destroyed their home across the road. The rebuilding of the Fitzpatrick house continues to amaze the neighborhood. Day by day, week by week, the progress continues, and the family has hopes of getting back into their own home in the near future.

The last two week ends Mr. and Mrs. C. J. Rapp entertained a group of friends who had not as yet come "out into the country" to see their home on Ridge rd. which they bought last July. It seems some Chicago folks think the Rapps really are "way out in the sticks."

The next meeting of the Pine Gate Community association is Friday night in the basement of the Enis Seppala home at the corner of Pine and Waverly rd. In addition to the fire protection election, which will be held next month, there are several other important matters which must be given immediate attention. The subdivision is sponsoring a stop light at Rand and State rds., and is now circulating petitions for their installation. Due to the increased use of this crossing by the children attending Wilson school, it is essential to secure all possible support for this project. An important discussion of road and drainage problems is also on the schedule and all members of the community are urged to attend.

MRS. MABEL LaMARCHE Ph. Libertyville 2-1378

Long Grove Events

Mr. and Mrs. G. B. Umbdenstock and Mrs. Emma Kruger were Sunday afternoon visitors in the Elmina Schley home in Libertyville.

Kenneth Hasemann arrived home Friday after graduating at mid-semester from Bradley college, Peoria.

August LaMarche has been on the sick list the past two weeks.

Mrs. Dorothy Wehrenberg and Ralph Sadler spent the week end in Calumet, Mich., with Ralph's mother.

Melvin Towner was inducted into the U. S. army Monday of last week and has been at Ft. Sheridan this past week. Sunday Mrs. Towner and Mr. and Mrs. Arthur Potts spent the day with Melvin.

Miss Marilyn Biere, student nurse at St. Theresa hospital in Waukegan, has been home the past two weeks caring for her mother, Mrs. Irwin Biere, who has been ill.

Mr. and Mrs. Richard Laystrom, Chicago, were Sunday afternoon callers in the August LaMarche home.

Walter Gosswiller called on his mother, Mrs. Mary Gosswiller, at Bee Dozer's Rest Home, Sunday afternoon.

Sunday is family Sunday at Long Grove church. There will be no Sunday school. Services will start at 10:30 a. m.

With Uncle Sam

In Newfoundland

Pfc. Bryan W. Barnett, son of A. A. Barnett, Box 2, Fairacres, N. M., has been assigned to Pepperrell air force base as an air policeman in Newfoundland.

Located adjacent to St. John's, oldest city in North America and capital of Newfoundland, Pepperrell houses the headquarters of the U. S. northeast command and its USAF component, the northeast air command.

A graduate of Union high school in Las Cruces, the 20-year-old airman was employed on a ranch near El Paso, Texas, before entering service in December, 1950. Prior to his recent transfer to Pepperrell, Airman Barnett completed basic training at Lackland AFB and Sheppard AFB, Texas, and served as an air policeman at Olmsted AFB, Pa.

Airman Barnett's wife, the former Miss Barbara E. Camp, lives at 433 S. Dunton ave., Arlington Heights.

From S. Carolina

S/Sgt. Earl Dueball and his wife are spending a few days at home before reporting to his new assignment at Langley Field, Va. S/Sgt. Dueball has been stationed at Greenville, S. Carolina.

In Korea

Pfc. Willard P. Wallgren, son of Mr. and Mrs. Paul T. Wallgren, Sunset drive, Pine Gate Highlands, north of Arlington Heights, is expected home from Korea in March.

Wallgren is stationed in the second division army tank corps and he wrote his parents recently that he hoped to get home under the present troop rotation system.

In Japan

Now transferred to the general's honor guard in the 187th airborne division at Beapu, Japan, is Doug Gilman of Arlington Heights. The outfit made one practice jump in Korea, then returned to base.

Doug went into service in August, 1950, two months after graduating from Arlington Hts. high school, going overseas in the summer of '51. He received basic and tank traiing, then volunteered for the paratroopers.

His address is Pfc. Douglas Gilman, 16335772, Hq. Hq. Honor Guard, APO 51, c/o PM, San Francisco, Calif.

In Georgia

Pvt. Robert Koelper of Wheeling recently returned to Camp Gordon, Ga., after enjoying the Christmas holidays at home. His address is: Pvt. Robert E. Koelper, U. S. 55195384, Co. H, S.C.R.T.C. Camp Gordon, Ga.

In Korea

From Korea writes Reuben Reuter, now of Elgin, former employee of Paddock Publications:

"I always look forward to receiving the paper and enjoy reading it. It is pretty much the same story here, day in and day out. I enjoyed the holidays as much as one can enjoy them when you are in a place like this. We had very good meals with plenty to eat. Course we eat pretty good here anyway.

"I hope to be back in the states next year this time, unless I get another extension tacked on. Originally I was inducted for 21 months and then it was extended to 24. I hope that is where it stays. We have had snow twice down here this year, once around Thanksgiving and again about a week ago. The first time, it melted as soon as it hit the ground and this last one was almost the same thing. Some of it stayed for a while but by noon it was all gone.

"I'm not complaining though. From the letters I receive there sure must be a lot of snow back home this year. In a way I am glad I am over here where I don't have to shovel and try to fight my way through the snow.

"About six weeks ago we got quite a scare when the Pusan arsenal caught fire and blew up. It was about 6 or 8 air miles from where we are but it shook all the buildings and awoke all of us. It was the queerest feeling to hear all the small explosions that sounded like small arms fire and then the larger explosions that shook every building around. Until we were able to find out what it was we didn't know if it was a guerrilla attack or what. I was about ready to start for the air raid shelter."

Reuben G. Reuter

His address is Pfc. Reuben G. Reuter, US 55108068, 3rd CID, APO 59, % PM, San Francisco, Calif.

In Korea

The once busy Wonsan-Hungnam transportation hub reeled Wednesday from the furious bombing by Skyraiders and Corsairs of Task Force 77. The assault destroyed two locomotives with four others punctured like sieves. Forty-eight rail cars were left in various states of ruin.

Glenview's dive bomber squadron, commanded by Lt. Cmdr. Soule T Bitting USN, of Arlington Heights, destroyed a bridge bypass and eight rail cars as well as cutting tracks in many places near Wonsan, despite anti-aircraft fire.

Bitting, who lives at 619 Campbell ave., Arlington Heights, was called into active military service with his squadron Feb. 1, 1951, and went to sea aboard the aircraft carrier Antietam in September. Bitting, 36, is a graduate of Northwestern university and was awarded the navy cross for sinking a Jap cruiser in World War II, and later worked for the sales department of the Minnesota Mining and Manufacturing company. His wife, Peggy, and two children, Linda, 5, and Soule T., Jr., 1, reside at the Arlington Heights home.

In Mississippi

Pfc. Peter Herbst Jr., son of Mr. and Mrs. Peter Herbst of 512 W. Campbell ave., Arlington Heights, is now stationed at Keesler Air Base, Biloxi, Miss., where he will attend radio school for 32 weeks. His address is: Pfc. Peter Herbst Jr., of 26368863, Box 736, 3385 Student Squadron, Keesler Air Base, Biloxi, Miss.

In Texas

Now stationed at Sheppard air field in Texas is Rudolph Vergin of Mt. Prospect. Sheppard is home of the world's largest aircraft and engine school. Rudolf will be taking specialized training there for the next six months.

Rudolf's parents spent the Christmas holidays with him in San Antonio, at nearby Lackland air base where Rudolph received his basic.

A graduate from Arlington Heights high school in 1950, his address is Pfc. Rudolph A. Vergin, AF 16392503, 3768 Student Squadron, Bks. 714, Sheppard air force base, Texas.

Bus driver pulls boy from creek

Prompt action of John H. Nemmer, 1274 Church st., Northbrook, saved the life of Raymond Bechtold, 2230 Center st., Northbrook.

Eleven year old Raymond and his friend, Abby Lopez, were returning from school when they stopped at the creek at the Walter ave. bridge. While playing, Raymond fell into the creek, the level of which was above his head at that time.

Mr. Nemmer was driving the school bus on Walter ave. when he was hailed by the Lopez boy. Stopping the bus, he went into the creek to pull th boy out. He then took him home where he recovered.

At Albion

Jack Mastney of 423 Mayfair rd., Arlington Heights, has just been elected secretary of Delta Sigma Phi, national social fraternity at Albion College.

Mastney, a sophomore at Albion, is the son of Mr. and Mrs. John Mastney.

Longer Life for Cover

Much-used, fabric-covered books can be protected with a coat of shellac.

Campus Capers

At Colorado

Miss Dianne Ashe, daughter of Mr. and Mrs. Charles Freeland of Arlington Heights and a freshman at Colorado college, Colorado Springs, Colo., is spending her vacation between semesters at Aspen Ski Lodge, Aspen, Colo.

At Denison

Denison University at Granville, Ohio, annually sets aside a week for its Christian emphasis program consisting of a series of panel discussions on topics of religious interest, a daily Bible study session, and a special daily chapel service. Talks by Dr. Howard Thurman, minister of the Fellowship Church in San Francisco, Calif., will be the feature this year.

Students from this area on the Committee of 100 that made plans for the week's activities Feb. 10-15 include George Peterson, son of Mr. and Mrs. Earle A. Peterson, 913 N. Patton ave., Arlington Heights sophomore.

At Lawrence Hall

Mrs. Robert A. Schiller, 807 S. Ioka, Mount Prospect, attended a meeting of the board of directors of Lawrence Hall, a home for boys from broken homes at 4833 N. Francisco ave., Chicago, Thursday evening, Jan. 24. Mrs. Schiller is president of the woman's board of Lawrence Hall, and one of the four women serving on the board of directors.

Every committee reported progress since fall. Father Donald J. Curzon, new executive director at Lawrence Hall, told of increased interest in work being done for the boys. Mr. and Mrs. Lourcay of Mt. Prospect have offered a music scholarship to one of the boys.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

The other night I had a dream, and while I do not believe in dreams coming true except in very rare and unusual cases, and then only as a matter of coincidence, this dream was so realistic that I have given it quite a bit of thought. I would call it a symbolic dream, which is only my name for it, and as I am not particular, you may call it anything you like.

It seems that in my dream, everybody I know and many people I don't were sitting about, stark naked, on kegs of dynamite, and all the kegs were joined by a long fuse. At regular intervals along the fuse were numbers, such as '52, '53, '54, and so on. Everybody was looking scared and desperate, and from time to time were fighting one another over their positions on the kegs, pulling hair and scratching each other's eyes out. There was much discussion going on, and it seems that someone had been informed that when the sputtering fuse burned a certain number, the whole shebang would blow up, and everyone would be blown to kingdom come. Some thought it was one number, others another, and that accounted for the scrambling for position, no one wanting to sit on the keg that would blow up first. I had number '52, and I was sweating bullets, so much so that I woke up shaking like a model T Ford on a dirt country road, and I climbed out of bed and got down on my prayer bones, my hair standing up like the bristles on a brush. You have no idea how thankful I was that I woke up before the fuse burned to my number!

Well, it seems to me that just about everyone in the world is setting on a dynamite keg these days, and about the only thing they are doing about it is to fight one another for position. And there is no doubt in my mind that two of these kegs have blown up already, one in Korea, the other in India. Where the next one will pop and when I do not know, but no doubt there are men in places of responsibility who do, and I hope they know what they are doing.

But as I see it, the problem is not basically a difference between two political systems, but one of controlling essential commodities and natural resources. Population growth among ignorant and backward peoples is definitely out of line with the capacity of arable lands to support them. The capacity of people to reproduce is practically limitless, but the capacity of natural resources to feed and care for them is very definitely limited. There are no new lands to discover. The havers are fighting the have-not-ers. While war and control by force may be essential as a stop gap, the only final solution is one of world wide education of the masses, deep religious faith, adherance to the Bill of Rights, and good common sense. Time is running out.

the New 1952 MERCURY

the car that puts you first!

And it's awaiting your personal inspection. Yes, the new 1952 Mercury is the car that is so completely new . . . so wonderfully different that you should see it and drive it to appreciate its true value.

Mercury's styling is new—the "fore-runner" of tomorrow. Its interiors are "space-planned" to give you more "move-around" room. And with Mercury's great, full 125-horsepower V-type, 8-cylinder engine you get economy-proved performance that you can depend on.

Mercury's all-new models are available with Merc-O-Matic Drive*, too. That's the smoother, more efficient automatic transmission that is unsurpassed when it comes to driving ease and simplicity.

So be sure to stop in today to see and drive the great new Mercury. You'll be glad you did . . . because if you go by value, you'll go buy Mercury—in 1952!

*Merc-O-Matic Drive (and white side-wall tires when available) optional at extra cost.

● **COUNTY POLITICS**

The big interest as far as Cook county voters are concerned regarding the April primaries seems to be centered in the race for nomination for state's attorney on the Democratic ticket, and in the race for the nomination for the governorship in the Republican camp.

On the Democratic ticket, the contest for state's attorney is the only live issue locally, but this promises to put plenty of life into the Democratic primary.

State's Attorney John Boyle was "dumped" from the regular organization, chiefly, it is said, at the behest of Governor Stevenson, who didn't like Boyle as a candidate. The regular organization endorsed former Judge John Gutknecht for state's attorney, and Boyle promptly filed his petition as an independent Democrat.

Boyle, who is committeeman from Oak Park, is head of the country town Democratic organization, who were supposedly favorable to him. At any rate, at the meeting of the central committee when Boyle was "dumped" in favor of Gutknecht, a large number of country town committeemen were conspicuous by their absence.

Boyle has many friends in the party despite Stevenson's dislike, and the Democratic primary for the first time in years promises a merry battle within the ranks of the party.

In the Republican primary the big issue is who is going to carry the county in the race for the governorship nomination. The candidates are: William Erickson, president of the county board; William G. Stratton, state treasurer; Richard Yates Rowe and Park Livingston. The real race in this big field seems to be between Erickson and Stratton.

Erickson has the endorsement of the regular Republican organization, but "Young Bill" Stratton has a big following in Cook county, as he has proved in the past, and is sure to give Erickson a hot run for his money right in Erickson's back yard.

A lot of practical politicians have failed to see why Erickson wants to be governor. He is president of the county board, a job which carries a heavy patronage. If he is elected governor, the county board, which is 10 to 5 Democratic, will appoint an acting president for the remaining two years of the term or until the next election.

This appointee is sure to be a Democrat and — bang — there would go the Republican jobs held by party faithful because of Erickson's being president of the county board and controlling those jobs.

These hard political facts have many good Republicans guessing and it is a situation that is lining up a lot of Stratton votes in addition to those which "Young Bill' has always had in Cook county. The fact, too, that because some sponsors of jobs in various county departments did not "go along" and endorse Erickson, a lot of job holders were fired from their jobs, and this has not set well with many voters, especially the "independents" who resent such "pressure politics," and all this has helped to create Stratton sentiment.

The other two candidates for the Republican nomination for the governorship, Rowe and Livingston, do not at this time seem to be serious contenders as far as the voters of Cook county are concerned.

Another thing which is going to help get out a good Republican primary vote is the race between Senator Robert A. Taft and Harold Stassen in the preferential vote for president. This race in the presidential primary will show how the voters feel as regards to these two candidates. From all sentiment coming from the "grass roots" of Illinois, it looks as if Taft is the big favorite among Illinois Republican voters for the presidency.

Many Taft followers are lamenting the fact that General Eisenhower is not in the race, so that a clear cut decision could be had between Taft's "Americanism" and Eisenhower's "Globalism."

The contests in the primaries of both big parties bid fair to bring the largest primary vote in Cook county in many years, as interest is high in the battles for local and state offices as well as in the sentiment sounding of the preferential primary vote for president.

● **FEBRUARY**

"When February sun shines cold,
There comes a day when in the air
The wings of winter slow unfold
And show the golden summer there."

So said the poet. February is here and we can be looking for some of those days when there will be a host of better days to come. In fact, we have already had a day or two of that nature. There was a clear crisp morning recently when the warmth of the sun cut through the icy chill of the air and gave a hint of warm breezes to come.

The birds that morning seemed to sense the hope of better days; they were more lively and vociferous than usual for a winter morning. A cardinal sent out its shrill whistle from a bush near the feeding ground, the call was answered by another cardinal in some fir trees not far away and still another cardinal whistled a call from a group of trees a block away.

The starlings, juncos, sparrows, bluejays and woodpeckers were also noisy that morning as they darted around the feeding ground and the bushes nearby. All bird life was full of pep and energy that sunny morning, as if they were encouraged by the warmth of the sun against the snow and could sense the unfolding of the wings of winter and the ... of the golden summer that is to come.

● **GROUND HOG**

Saturday will be groundhog day when, so the old adage goes, Mr. Ground Hog will poke his head out of his hole and gave us a forecast of what the rest of the winter is to be.

If it's cloudy and he doesn't see his shadow, he is expected to come out of his hole and scamper around for awhile with the declaration that the backbone of the winter is broken and that an early spring is on the way.

On the other hand, if it's sunny and he does see his shadow, he is supposed to dive back into that hole for six weeks more of winter. Regardless of Mr. Groundhog's verdict, there is the satisfaction anyway that the big part of the winter is over and this late in the season spring can't be too awfully far away, even though that forecaster that Jo Jost listens to and who predicted the big snows of December 14 and 24 right on the nose has come up with the prediction that we are going to have a big snow on February 20.

He also predicts that a fine spring is in store for us starting with April. Well, he sure hit it in December; let's see if he can do it again.

● **POLAR "BARES"**

Walter Schinkowsky is responsible for this one. Walter is wondering if a polar bear club is being started in Palatine; if so he wants to get in as a charter member. Walter said that the other afternoon as he was on his way home he was surprised to see two ladies on the bank of the creek divest themselves of their fur coats and approach the creek in bathing suits.

Evidently the icy water was too cold, for after a cautious sampling of it the would-be bathers contented themselves with playing around in the snow for a few minutes and then getting back into those fur coats and heading for home.

Walter has heard about that "polar bear" club in the city, where the members take a dip or two in the lake during the winter and is wondering if a branch is to be started here and if so when the charter list is to be opened for membership in the "bare" club

● **WIDE PUBLICITY**

Charles (Buckets) Folkert and his "Cork & Bottle" have received wide national publicity lately through an article appearing in a liquor magazine.

"Buckets" store was made the proving ground for a series of pictures on the subject of salesmanship and how a salesman should and should not act when trying to make a sale to a store keeper. The pictures which accompany the story "This is a salesman?" are a fine set of pictures and portray our friend "Buckets" as the great actor he is.

In some of the pictures, Charlie is supposed to register boredom, disgust, disinterest and various other reactions, and he does this to perfection. In one of the pictures, Cliff Wente appears as a possible customer looking as lifelike as can be.

"Buckets" took his part so well that if the packaged goods trade ever gets slack some booking agency will be after him as an actor. Meanwhile Charlie, the Cork & Bottle, and Palatine got some national advertising through the article.

● **CALIFORNIA**

Some of the fellows were talking about California weather and the mud floods out there one day and Charlie Moore, Palatine jeweler, said California was one place he had no desire to go to. It seems Charlie was there once when he was mustered out of the service. "I was there fourteen days," says Chuck, "and it rained every day of the fourteen. I never want to see that place again."

Charlie must have been there about the time of the last rain they had out there, for they have been telling about the seven year drought which the floods of this winter have at last broken.

● **SERVICE**

The secretary of state operates a branch office in Chicago where state vehicle plates may be obtained. In nearly every community some one makes a practice of picking up plates for their friends for a small fee. This is a great time saver for everyone, including the state, and gets the plates out more rapidly than if they all had to be mailed from Springfield.

Everyone had always thought of this Chicago office as a branch of the state office for the convenience and accommodation of the public—something that the taxpayers were paying for. But now comes a new wrinkle. The fellows who have been picking up plates for other people have recently been approached to make a contribution to the campaign fund of the secretary of state, telling the fellows of all the fine service they have been getting and asking them how they would like to be sent to Springfield for all those plates.

The state gets the money for the state licenses; what more does anyone want? The office of the secretary of state is supposed to be an office that furnishes service to the people of the state. Why should anyone be asked to "kick in" because they use the service to which they are entitled?

Of course, no one has to "kick in" to this petty political holdup, but the general idea of the whole set-up is very plain. It's just another one of those things that has been getting public offices and public officials into ill repute for a long, long time.

● **ENTHUSIASTIC**

Elmer Walter, who recently returned from a visit to his friends, the Herman Timmermans at St. Petersburg, Fla., was very enthusiastic about his trip into the sunny south. Elmer ran into fine weather while he was there and got around to see a lot of the sights.

Elmer is a great lover of flowers, being an expert breeder and fancier in the "mum" field, so naturally he took a great interest in the flowers he saw and he gave some varied descriptions of the floral and plant life of the deep south.

He said they were eating lettuce and radishes out of Herman's garden and that the tomatoes were just ripening. Elmer says in the area he visited the tourists were treated fine, prices were normal and they didn't try to "soak" an outsider the way they do in many parts of the state, according to reports.

"It's a great place for a winter vacation," says Elmer, "and I only hope that I can make another trip down there sometime."

It Takes More than a Screwdriver to Assure Television Performance

More than a thousand sensitive parts in your television set demand *expert* maintenance — the kind of matchless service rendered by RCA Victor *factory trained* technicians. Constantly increasing demand for this RCA service along the North Shore has proved its superiority. In fact, the demand has increased so much it has become necessary for the RCA Service Company to open a North Shore branch! FRIDAY, FEBRUARY 1, MARKS THE OPENING OF THE RCA SERVICE COMPANY AT 1755 ORCHARD LANE IN NORTHFIELD, ILLINOIS.

Remember, the RCA Victor Factory-Service Contract is available only to RCA Victor owners. Yes, you can buy this famous service contract with your new RCA Victor — it's television's greatest combination! *Finest* set, *finest* service. And your contract is renewable year after year, too. Be sure to ask for an RCA Victor Factory-Service Contract when you purchase your RCA Victor. Here are the marvelous advantages you'll get:

1 The best of 13 RCA antennas tailored for your location by RCA's own technicians.

2 Proper set up and adjustment of RCA Victor television in your home by RCA experts.

5 Expert RCA Victor television service and repairs by RCA's own technicians.

3 Instructions in RCA Victor television operation by RCA's own specialists.

4 Replacement of all parts and tubes necessary under normal use during one year. (Including costly picture tube).

If you already own an RCA Victor without this *protection,* why not get RCA *security* all the way. Call your RCA Service Company at WInnetka 6-5080 and provide for a maintenance contract right now.

At Orchestra Hall

Bruno Walter returns this week to the Orchestra Hall podium as honored guest conductor of the Chicago symphony orchestra for the final fortnight of Rafael Kubelik's six-week leave. Walter conducted the first two weeks and George Schick, assistant conductor, was on the podium in the intervening fortnight.

For the Thursday evening-Friday afternoon, February 7 and 8, concert pair, Walter has programmed the Mendelssohn-Bartholdy Overture to "A Midsummer Night's Dream," the Mozart E. Flat Major Symphony (K. 543) and the Mahler Fourth Symphony.

George Schick conducts the popular concert Saturday evening, February 9, when two soloists will be presented in debut with the orchestra: Miss Liv Solvig, cellist, who will perform the Boccherini B Flat Major Concerto; and Walter Fredericks, who will sing arias from the works of Wagner, Bizet and Giordano.

Bits o' business

The agriculture department took another look at 1951 farm production and found that it wasn't as big as expected. It immediately got out higher 1952 goals which, if met, would mean total output of six per cent above last year instead of the previously planned four per cent . . . A big wallet manufacturer reports that 90 per cent of buyers prefer accordion-type billfolds that hold eight or more pictures and identification cards . . . Cigarette makers turned out 416,100,000,000 units last year—a gain of 24,100,000,000 or 6.1 per cent over 1950 . . . That selling is getting increasingly difficult is the opinion of sales executives.

Modern Etiquette

Q. Are all the plates removed from a dinner table before serving the dessert?

A. Yes, the table should be plateless. The salt cellars, pepper pots, unused flat silver and nut dishes are taken off on the serving tray, and the crumbs are brushed off each place at the table with a folded napkin onto a tray held under the table edge.

Q. What is the proper way to introduce a young man to an elderly man?

A. The young man should be presented to the older man, mentioning the elder man's name first, as "Mr. Marshall (who is seventy), this is Mr. Hudson (or Edward Hudson)."

Q. Are gloves worn by the bridegroom and his attendants at a formal evening wedding?

A. Yes.

Q. Is it proper to chew gum in public places?

A. This depends upon just what kind of a chewer you are. If you are the nervous type of chewer, then it most definitely is better that you refrain from public gum-chewing. If, however, you can keep gum in your mouth without its being obvious to others, there is nothing wrong with it.

Q. Is it always necessary to answer a wedding invitation?

A. An invitation to a home wedding must always be answered. One to a church wedding must be answered only if it includes an invitation to the reception following.

Q. Is it obligatory that a woman wear black garments when attending a funeral?

A. No, this is not at all necessary. She should, however, wear dark-colored clothes—nothing gay.

Q. Is it proper to send engraved cards of thanks to friends who have sent flowers to a funeral.

A. No. When someone with real sympathy in his heart has taken the trouble to send flowers, then the receipt of a card composed by a stationer is almost a rebuff. A personally written note is much kinder.

Q. What are the symbols for the first 10 wedding anniversaries?

T. First year, paper; second, calico or cotton; third, leather or muslin; fourth, silk; fifth, wood; sixth, iron; seventh, copper or woolen; eighth, electric appliances; ninth, pottery; tenth, tin.

Q. When writing a letter to an acquaintance who calls you "Mrs. Bridges," how should you sign the letter?

A. As "Mary Bridges."

NU orchestra on air

Northwestern university's FM radio station WNUR will present the 35-piece WNUR studio orchestra in its first program of the year at 9:30 p. m. Thursday, January 31.

The student directed and operated station can be heard at 89.3 megacycles on the FM dial.

Highlighting a new program, "Pastels," the WNUR studio ensemble will feature modern semi-classical music.

Lessons In . . . . English

Words Often Misused

Write "I have already (one word) seen him," meaning before or by this time. Write, "I am all ready (two words) to go," meaning prepared to go.

The use of "retire," meaning to go to bed, is wrong. The word really means "to withdraw." One may withdraw from other persons without necessarily going to bed.

Do not say, "There is no place like New England." What you are really saying here is that there is no such place as New England.

Inquire, inquiry, and inquirer are preferred to enquire, enquiry and enquirer. However, enclose and enclosure are preferred to inclose and inclosure.

Do not say, "I shall follow after you." After is redundant, and should be omitted.

Do not say, "I don't particularly care for these kind of pictures." Say, "for this kind of pictures."

Words Often Mispronounced

Content (noun and adjective). Accent noun on the first syllable, the adjective on the second.

Irrevocable. Accent second syllable, not the third.

Persist. Pronounce second syllable sist, not zist.

Handsome. The d is silent in the pronunciation.

Laconic. Pronounce la-kon-ik, a as in ask unstressed, o as in on, accent second syllable.

Siesta. Pronounce si-es-ta, i as in sit, e as in less, a unstressed, accent second syllable.

Words Often Misspelled

Deuteronomy (Book of the Bible); observe the eu. Embezzlement; zzl, not zzel. Waver (to fluctuate); waiver (a relinquishing). Complacent (satisfied, especially, self-satisfied); complaisant (disposed to please; courteous). Coyote, though pronounced ki-ot, i as in kite, o as in oat. Dyeing (coloring), observe the ye; dying (expiring), no e after the y.

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Prestige; moral influence due to past reputation. (Pronounce pres-tezh, first e as in press, second e as in tea, accent second syllable). "No one without great popular prestige could have accomplished this."

Exemplify; to illustrate by example. "These acts exemplify his nobleness."

Idealistic; pertaining to an ideal; striving for an imaginary ideal perfection. "The artist's dream is purely idealistic."

Euphuistic; containing artificial elegance of language, or high-flown diction. (Pronounce u-fu-is-tik, both u's as in use, accent third syllable). "The political candidate punctuated his speech with florid, euphuistic phrases."

Arlington at Riverside Friday

Arlington travels to Riverside Friday in resumption of West Suburban conference play with a move up to fifth place in the offing for the Cardinals if they can turn the trick.

At present York is tied for fifth with Riverside and a Heights win, coupled with a York loss to Hinsdale, would elevate Coach Ray DeGreeff's boys.

Riverside rates the edge in this contest, the first meeting between the two schools this year. The game was originally scheduled to be played at Heights, but the home and home series was transposed to permit play in the new Heights gym the end of February.

A DEFINITE challenge looms in the frosh-soph division. Riverside has a 7-2 slate, good enough for second place. Arlington is one notch behind after that two point overtime loss to York last week end. If Coach Klotz' boys could win the preliminary, they would tie for second, though far behind pace setting LaGrange.

In other games this Friday Hinsdale travels to York, LaGrange plays host to Glenbard, and Downers Grove performs at Maine.

Saturday night in two non-conference games Riverside plays at Hebron and York travels to East Aurora.

Northwest towns sportsmen to meet

The Northwest Towns' Sportsmen's club will hold its next meeting February 5, at 8 p. m. at the Legion hall, Chicago ave., Palatine.

The entertainment for the evening will include a fly tying contest with prizes for the best flies tied by amateurs and professionals. There will also be movies on ice fishing.

Refreshments will be served. Anyone interested is invited.

The banquet held at White Bear lodge January 18 was a great success. The skeet shoot January 27 at the Hi-Shore gun club was also a success with a good turn-out.

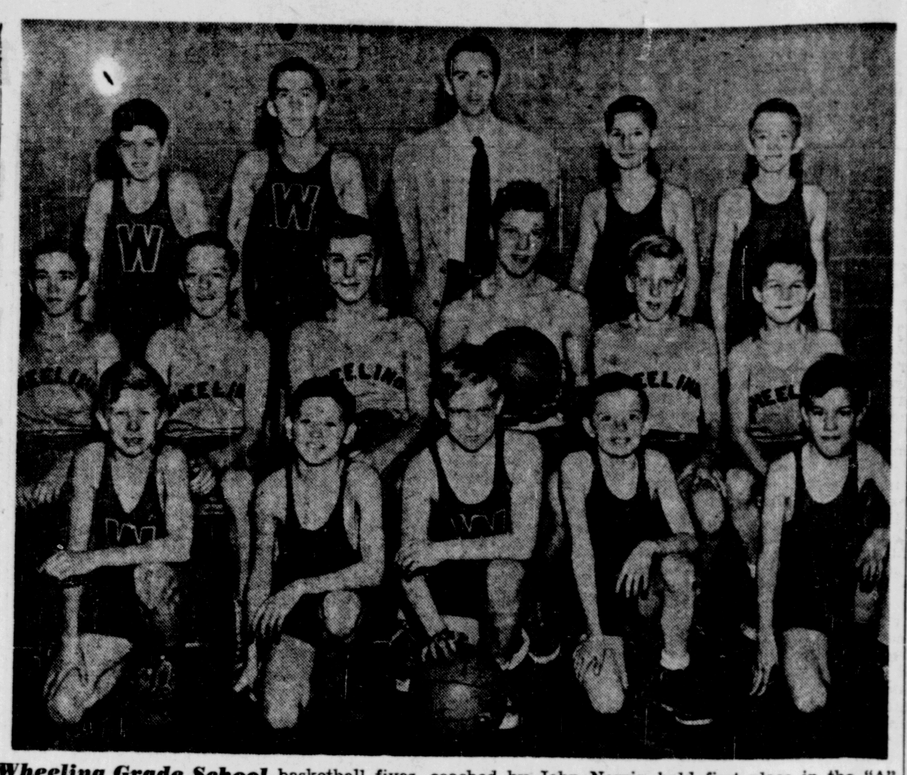

Memberships are open to any men interested in hunting, fishing and conservation. For further information sports fans can call John Lindstrom, Arlington Heights 2226.

No Sweet 16 tickets

Once again Sweet 16 tournament time is approaching with its attendant ticket headaches for the state association secretary. And once again it will be "no public ticket sale for the tournament."

Just four tickets for each school is in the cards for the entire state, with those ducats purchased only through the school principals, generally for use of coaches, school administrators, etc. Competing schools, determined after the sectionals have been played, will divide the remaining 6100 seats for each session.

Fans hoping to see the tournament will be out of luck unless they can make connections with someone from one of the competing schools, and then obtain tickets only for that particular session.

Wheeling Grade School basketball fives, coached by John Norris, hold first place in the "A" division and second in the "B" division. Middle row of the picture above shows the entire "A" division team, all eighth graders.

Leading scorers for this team are C. Anfeldt with 82 points in 7 games and L. Brumm with 79 in 6 games. On the "B" team B. Cokenower is tops with 76 scores, while R. Bruser has 41 points. Both have competed in six games.

Front row, left to right: B. Cokenower, W. Myers, W. Lynis, L. Cokenower and B. Dever.
Middle row, G. Meling, C. Anfeldt, R. Bower, L. Brumm, J. Freeman and R. Sieman.
Back row, M. Zollner, D. Bruser, Coach J. Norris, R. Wenghofer and N. Meling.

Regulars on the "B" squad include the Cokenowers, Lynis, Zollner, Bruser and Meling. Players who will be back again next year include Lynis, a seventh grader, Myers and L. Cokenower, sixth graders, and Dever, a fifth grader.

Community Camera

Palatine favored at home vs. Nor'brook

The Northwest conference season closes February 15 and only three week ends of games remain on the schedule. Friday Bensenville travels to Wauconda to get revenge for a last minute one point defeat suffered in an earlier meeting. Barrington, with the championship clinched, will try to make it an undefeated campaign and is a heavy favorite at Antioch. Both Barrington teams will be gunning for their 12th in a row. Ela-Vernon, minus their two forwards Helzer and Taggart lost by the eight semester rule, will face Grant at Fox Lake in the battle for second place. ....

Northbrook, loser of 10 in a row, has not come close to a victory but of late has been giving all comers plenty of opposition. Webster and Hauseman have been hitting the basket consistently and giving Art Landwehr, all conference center, the type of support on offense which was so lacking in the first half of the schedule. In spite of this, Palatine is a strong favorite to win their seventh in 12 starts Friday when they entertain the Vikings. Palatine took a couple of close ones from Antioch and Grant last week end.

ON NON-CONFERENCE calender, a pair of games loom up for Saturday night when Grant is at home to strong Dundee and Barrington is host to Tilden Tech of Chicago. Barrington's frosh-sophs meet a McKinley junior team which has won 10 out of 12. Tilden Tech is one of the strongest Chicago teams with a better than fair chance of going to the state tournament this year. Tilden is undefeated in Chicago competition, losing only to strong down state teams. Both Tilden and McKinley are high scoring teams employing fast break tactics. This should be one of the best double bills of the season at Barrington.

Grant has slipped some in the last month and Dundee is favored to win by a pretty good margin. Grant gave the Cardunals a tough game earlier in the year and could do so again should they bounce back into the form they showed in December.

It backfires

A quick, smart decision on Bob Chamberlain's part to call time out after a runaway ball had rolled into the Heights backcourt unescorted backfired Tuesday night at Downers Grove. The officials didn't recognize the play and gave the ball to Downers, which went on to win the contest.

Official ruling declares that when offensive team mishandles the ball so that it rolls into the backcourt, untouched and unchased by the opposing squad, a time out can be called by the offensive team before the ball goes out of bounds. Possession then reverts to that offensive squad.

Bob Chamberlain recognized that situation Tuesday night, called time out when Downers failed to go after the ball, then saw the ball returned to Downers when time was in again.

At the time Downers was leading by one point, the end was near, and it might have been a different story if Heights had been allowed to retain possession of the ball. An officials' apology was presented Wednesday morning, admitting their error. Arlington school officials are regarding the defeat as past history and letting it go at that.

Illini to open indoor track Friday night

Competition in five meets preparatory to defense of their Big Ten indoor track title March 7-8 has been scheduled for Illinois' 1952 team, Coach Leo T. Johnson announced.

The Illini opens the season in the Milwaukee Journal games Feb. 1, to which Coach Johnson has forwarded a tentative list of 18 entries.

OTHER MEETS are with Marquette Feb. 9, Indiana Feb. 16, Drake Feb. 23, and Purdue Mar. 1. All are scheduled for Illinois Armory which also will be scene of the 42nd Annual Western Conference championships.

Following the indoor season, Johnson's squad will be idle for six weeks before beginning the outdoor campaign at Drake Relays April 25-26, although individual competitors will see action in major indoor carnivals such as Cleveland KC Games and Chicago Daily News Relays.

The outdoor schedule follows:
May 3—At Purdue
May 10—Michigan
May 17—Wisconsin
May 21—At Ohio State
May 30-31—Big Ten Championships at Michigan
June 13-14—NCAA at Berkeley, Calif.
June 20-21—NAAU at Long Beach, Calif.

ELEVEN KEY lettermen return for Johnson's team which must defend both indoor and outdoor championships. Capt. Marv Berschet, Arlington Hts., will lead the group competing in weight events.

Kiwanis sports night

Initial plans for the Kiwanis sports night in Arlington Heights Thursday, February 21, include pictures of the Rose Bowl game and parade, according to chairman Herb Carl, and committee members Dr. Leland Linn and Don Hartmann.

To be honored at the affair will be University of Illinois track captain and member of the Rose Bowl football team Marv Berschet, and Vern Rascher, Arlington Heights captain of the Illini golf squad for '52.

Complete details have yet to be consumated, and may be announced in next week's paper.

Warren Lattof runs in KC meet in Boston

Warren Lattof, Arlington Hts. hurdler now performing for MIT, was surprised to find himself running in the same heat with Harrison Dillard January 22 in the Knights of Columbus meet in Boston. Warren finissed fourth of five men competing in the heat. Dillard is olympic champ.

At MIT Warren is rated tops in the high hurdles and second in the lows.

Pirates won't come out, top Antioch, 29-26

Palatine played good basketball to defeat Antioch Friday night in the lowest scoring game of the current season, 29-26. After Antioch took an early lead of 5-2 on baskets by Floyd and Lubkeman, the Sequoits stalled to try to draw out the Pirate zone defense. The Pirates let them hold the ball and the period ended, 5-3.

Free throws gained the lead for the Pirates and they moved ahead, 15-7, at half time, though Antioch still played cautiously even while trailing. In the third quarter Palatine piled up what looked like a decisive 26-13 lead on good shooting and fast breaks featuring Schrage and Buenzow. However, Antioch struck back with 10 points in a row in the last quarter to make the finish a tense one for Palatine fans. Paul Schrage's 13 points and Buenzow's nine were high for both teams.

THE GAME'S slowness was an advantage to both schools as it turned out for both teams were in good shape for Saturday when Palatine beat Grant and Antioch whipped Bensenville.

The Palatine frosh-sophs lost, 36-33, in a close ball game in which they led Antioch, 17-15, at the intermission. The game was all tied up at 25 at the end of the third quarter, but Antioch's freshman five took the floor in the final quarter and, paced by Bownlee's three baskets, pulled out in front. Harry Burtzlaff played the best all round game for Palatine.

WOLZ TAKES OVER LEAD IN WEST SUBURBAN SCORING

Wheeling drubs Prospect Heights In record 63-32

Wheeling grade school basketball team ran up a 63-32 victory margin over Prospect Heights Friday and set a school record that is indicative of changing basketball times in local grade schools. Wheeling leads the "A" division of the Little 7 league, 1½ games ahead of Mt. Prospect. The latter school leads the "B" division by a half game over Wheeling.

The game started as though it was going to be nip and tuck all the way. However, in the third quarter Wheeling solved Prospect Heights' zone defense and scored at will.

PROSPECT HEIGHTS changed to a man to man defense in the fourth period, but to no avail, and the game became one-sided.

Larry Brumm of Wheeling was the spoiler as he made 30 points—also a school record. His long set shots seemed never to miss as he made 14 field goals, most of them long ones near center court. Anfeldt played another fine game, making 17 points. Kosmin made 16 and Meling 2.

A stubborn Prospect Heights "B" team gave Wheeling "B" a fighting game from start to finish. However, Bill Cokenower of Wheeling started making points in the second half and couldn't be stopped by Prospect Heights' defense. B. Cokenower's fine play for Wheeling made the difference in this game. Final score, Wheeling 36, Prospect Heights, 25.

AT AN ASSEMBLY program Friday, January 25, athletic awards were presented by Jack W. Norris, athletic director, to the following boys:

Minor letters: Softball, Larry Cokenower, Gordon Meling and Roy Sieman.

Minor letters: Softball and basketball, John Freeman, Don Kosmin and Richard Bower.

Major letter with gold basketball: Larry Brumm.

Special awards: 2 years varsity basketball "B" team, Carl Anfeldt; 3 years varsity basketball "B" team, Billy Cokenower.

It is all over except a battle for the runner-up spot in Northwest conference basketball. Barrington's smooth working Bronchos rounded the turn into the home stretch of the league race with an 11-0 record and a four game lead with three to go over Ela-Vernon, Grant, and Wauconda (7-4) tied for second. It is Barrington's fourth championship in a row and Saturday night's decisive win of 65-41 over previously hot Ela-Vernon was the 51st victory in 53 conference games over the four seasons. Except for close games at Grant and Palatine Harman's boys have found the conference schedule a breeze and the remaining opposition is very unlikely to mar a perfect Northwest record.

Pick Grant in close race for runner-up honors

Ela-Vernon, Grant, and Wauconda will have a three week fight for second with the odds about even. Ela has the easiest schedule with Grant, Bensenville, and Antioch to play but the loss of Helzer and Taggart, regular forwards, at the semester may doom their chances for runner-up honors. Wauconda plays Bensenville and then meets Palatine and Grant. The Bulldogs beat Palatine and Grant, both by one point, in the first round and might easily drop both games.

Palatine on their narrow home court could be very tough for Bob Nolan, and if he is stopped at less than 20 points the Pirates are likely to win the game. Grant meets both Ela and Wauconda as well as Antioch. Coach Berberich's boys have not looked so good since the holidays. They lost a heart-breaking overtime game to Wauconda early in January and have not looked the same since. It is our guess, just as it was at the start of the season, that Grant will finish second.

Palatine playing poise won two close ones over week end

Coach Moylan's lament that he seems to always lose the close ones proved without basis in fact last week end when the Pirates beat Antioch, 29-26, and Grant, 40-39, to go over the .500 mark for the first time this year. Palatine showed the poise and confidence so noticeably lacking at Ela the previous week in winning both games in hectic finishes.

In both games it was little Paul Schrage who came through with the final points to clinch the victory. They say he is not very aggressive on the end of a snow shovel at home but he certainly can melt away the opposition with his hot shooting and competitive spirit on the basketball court.

Highest scoring player in entire Chicago area is Bob Nolan of Wauconda

The Northwest conference boasts the highest scoring basketball player in Chicago area varsity basketball in six foot three, 200 pound Bob Nolan of Wauconda. Averaging 24.6 points a game for the season, Nolan has cracked the league scoring record of 264 points. Nolan has 271 with three games in which to move the mark out of reach of most of the outstanding players to appear in the league in the years ahead.

Nolan has scored 45.4% of the Wauconda points this season, an unusual achievement in view of the fact the Bulldogs have won more than two thirds of all games played. Back in 1947 when Bob Thollander, the stocky Bensenville red head ran the record way up to 264 it was said it never would be beaten. Nolan was just four points short of the record last year.

As a marked man in every game and playing against veteran centers, all of whom are as tall or taller, he has really shown his class. Here is definitely a player who should make the grade in good college competition.

Northwest coaches plan spring sports activities

Monday night the coaches of the Northwest conference had a dinner meeting at the Farman hotel in Lake Zurich. The following items of business should be of interest to sports fans of the area:

1. The conference track meet will be held at Palatine May 21.

Vawter fourth with 142 points

Wolz of Riverside ran wild against Glenbard Tuesday night, sinking 13 baskets and seven free throws for 33 points and the lead in the West Suburban league individual scoring. He passed Bob Lyons of Downers Grove who, with 165 scores, now ranks second in spite of playing in one more loop game than Wolz.

Wolz had a poor night against Hinsdale Friday, garnering only 11 points but more than made up for it against Glenbard. He now has 62 field goals and 50 charities for his league leading mark.

JAY VAWTER, Arlington's towering 6' 8" center, continued on his usual pace Friday and Tuesday nights, getting seven buckets against York and eight against Downers Grove. Neither were enough, though, to bring his team victories. He now has 62 buckets, same as leading Wolz of Riverside, but has made just 18 free throws for 142 scores and fourth spot in the individual standings.

Wally Kirk of York had a big night against Maine Tuesday, garnering 29 points, his first big night since the Riverside game January 11 when he carded 27. Thirty points against Arlington the opening league game of the year was his only other high scoring adventure with the other six contests bringing him 5-16 points each.

DICK STEINER of Maine takes over fifth spot in the scoring race, though here again his team has played one more game than most. Maine and Downers Grove have ten games behind them, four to go, in league play, while all other schools have written just nine into the books.

Art Zitzka of Hinsdale is in sixth spot to date with 48 baskets, 27 charities for 123 points, while Joe McRae of LaGrange is next with 118 tallies.

THE REST of the Arlington squad is pretty far down in the standings, with Eakins and Chamberlain bunched at 50 and 46, and Grace and Schmidt having 33 and 31 in league competition.

Downers splits with Arlington

Arlington suffered its third loss in a row Tuesday night at Downers Grove when the varsity succumbed, 41-38, in a close one, and the frosh-sophs won, 37-32.

After an 11-10 Downers advantage the opening frame, the rest of the game was just a case of Downers stretching its margin to five points, seeing it cut to a single basket, then repeating the process.

High point man for Heights was Vawter with 17 points. Tops for Downers Grove were Lyons and McCollum with 14 and 12.

ACCURACY at the free throw line paid off for Coach Maurice Klotz' frosh-sophs at Downers, 37-32. The young Cardinals made good on eight of ten attempts in the final quarter which, coupled with two baskets gave the locals an even break for the night. Dick Winterbauer, who scored 16 points against Downers in the previous meeting, was out for this game because of the flu. Substitutes who performed creditably and filled the gap were Dave Ryden, George Skelton and Jack Sieburg.

Barrington clinches title with wins over Bisons and Ela

Bensenville loses to Antioch; Nolan sets record

Bensenville dropped to seventh place in the conference standings Saturday night when Antioch took their measure, 46-40, on the Sequoits' court. The Bisons salvaged the frosh-soph game, 37-30, to reach a .500 rating with a 5-5 record.

Antioch gained the winning edge in the first half when they built up a margin of 24-17. Antioch's big boys Dittmar and Lubkeman scored 13 points apiece to lead the attack. Merholtz had 14 and Szymonik 13 for the Bisons. Palm, Bison center and top scorer, was held without a field goal. It was Bensenville's eighth defeat in 10 games.

The Bensenville frosh-soph cagers came from behind in the evening's first game to topple Antioch, 37 to 30. The losers had held a narrow 16 to 14 edge at halftime, but could not keep up with the improving Bisons in the final quarter.

Heuer paced the victors with seven baskets and three charity tosses for 17 points, which was the top individual effort of the game. Vos and Wilson topped the Antioch point getters with three field goals and one free throw each.

Nolan breaks season scoring mark

Bob Nolan, one of the finest basketball players of all time in the Northwest conference, broke the league scoring record Saturday night as his team whipped Northbrook, 81-59, in a free scoring encounter. Nolan chalked up 14 fielders and four frees for 32 points and moved seven points over the conference's best season mark of 264.

With three games left in which to fatten his record, Nolan seems sure of going well over the 300 mark. Saturday Nolan had plenty of help from team mates. Prior with 14 points and Nickel with 13. Hauseman of Northbrook got 22, Webster 15, and Landwehr 13. Wauconda led, 49-21, at half time.

The Northbrook frosh-sophs lost to Wauconda, 54-37. Wauconda took a commanding lead in the first quarter and Northbrook could not come close to tying the score.

Bass was the high man for Wauconda with 16 points, while Lay was high for Northbrook with 11.

Mac Says —

(Continued from preceding page)

2. The conference frosh-soph track meet will be held at Barrington May 14.

3. The conference golf tournament will be held at Inverness golf club of Palatine Monday, May 26.

4. Wauconda will drop out of baseball competition this year and the other seven will play a six game card starting Tuesday, April 29.

5. The conference frosh basketball tournament was set for the week of March 10-14 at Wauconda with six schools competing. Barrington and Bensenville, as a year ago, declined to participate.

6. Mr. Eide, conference assignment chairman, will again hire baseball umpires. All schools expressed complete satisfaction with this plan, first used last year.

7. Conference baseball dates will be April 29; May 2, 6, 9, 20, 27; and June 3.

8. For the first time the schools having golf teams made a home and home schedule of eight matches involving Antioch, Barrington, Bensenville, Northbrook, and Palatine.

9. The meeting was presided over by Melvin Eide of Ela-Vernon, president, and Claude Bailey of Palatine, secretary.

Barrington shifts conferences and Palatine may follow

The only official news available to the press from the big January 23 realignment meeting at Lake Forest last week was as follows:

1. Barrington of the Northwest conference and Grayslake of the North Suburban will change places and swap athletic schedules effective September 1, 1952 subject to approval of their respective boards of education.

2. McHenry was announced as a new member of the North Suburban conference effective for athletic competition at the start of the 1952-53 basketball season.

3. The bid of Marengo and Harvard for membership in one of the two leagues was tabled for the time being with the possibility of consideration in the future.

4. Other changes in alignment of the two conferences are still pending with another change a possibility depending on the action of boards of education of schools involved in realignment recommendations.

Card frosh lose two more

Arlington's freshman basketball team dropped as close a match as could be desired Monday afternoon at Barrington when Coach Bill Beckman's cagers, playing without Mueller and Denny Maher, lost an overtime thriller, 35-33. Thursday the Arlington yearlings were defeated at home by Niles, 48-35.

Barrington scored four points in the last 17 seconds of regulation time, the final bucket being made by Folleth with two seconds to go. The same boy swished the net for the winning points in the overtime.

The score was tied at the quarter, 9-9, and at the half, 17-17. A 10-4 third quarter advantage brought the tally to 27-21 going into the home stretch. Suchy made the first bucket for Barrington in the overtime, followed by Jim Laughlin's bucket for Heights. The time was then ripe for Folleth's final effort.

THE LOSS gave Arlington a 3-4 record to date, with next game slated for this Saturday at Maine, starting at 9:30 a. m.

Against Niles Thursday Arlington's youngsters started slow and stayed that way until the final period when it was too late to change the outcome of the contest. Niles led, 7-1, 27-15, and 43-26 at the quarters.

High for Arlington were Brumm with 12 points and Mueller with 11. Karnatz was tops for Niles with 17.

Gets Coe jacket

Bob Pittman, Bensenville senior, will be awarded a jacket for having earned his third letter in football in a ceremony Feb. 16 at Coe college in Cedar Rapids. The award will be made during the half of the basketball game between Coe and the University of Chicago.

Pittman was honored in the Midwest conference last fall by being selected as a defensive tackle on the first all-conference team. He is the son of Mrs. Ralph Hartman, Maple ave., Bensenville.

Palatine cops thriller at Grant on Schrage's FT

by GERRY McELROY

The Palatine Pirates edged the Grant Bulldogs at Fox Lake Saturday night, 40 to 39, as Paul Schrage, Palatine guard, made a free throw in the last five seconds to give the Pirates their sixth win in eleven games.

The Pirates ran away with the Bulldogs in the first quarter, 15 to 6, as Meyer and Schrage hit for two field goals each and Don Buenzow racked up seven points on three baskets and a free throw. Jim Lumber contributed four of Grant's six first quarter points on two long shots both from about 30 feet out.

GRANT FOUGHT back in the second quarter as Stob recorded three baskets and Smejkal one, but they could not compete with Buenzow's deadly set shots from the side of the court. At half time Palatine was sporting a 23 to 14 lead and Buenzow a total of 13 points.

In the third quarter, Grant fans had something to cheer about as the Bulldogs scored 14 scores to the Pirates eight. John Stob, six foot, five inch center, and Roger Smith each dropped in two baskets and Krammer made five out of seven free throws. Shortly before the quarter ended Meyer and Abrahamson fouled out and Pirate hopes looked a bit dim.

TWO MINUTES after the fourth period was underway Don Buenzow fouled out, leaving Stob without much competition and in easy range to score seven points. With only four minutes left to play, Busch made a free throw to put Palatine ahead, 37 to 36, but Art Smejkal then hit a long side shot to put Grant ahead, 38 to 37.

With two minutes to go Kincaid made a long set shot and the Pirates were leading, 39 to 38, when Stob was awarded two free throw attempts. He made the first one but on the second he violated one of the least known rules in the book. A player is allowed only 20 seconds to shoot the ball after the referee has handed it to him. Stob gave the Pirates the break they needed when he made this costly error and the Pirates were given the ball out of bounds.

DRIBBLING DOWN the floor, Schrage was fouled and stepped to the free throw line with only five seconds remaining in the game. Schrage made the free throw to put Palatine ahead, 40 to 39, and Grant took the ball out of bounds, only to have the final buzzer sound as Paul Schrage was carried to the locker room on the shoulders of his teammates.

High scorer for the Pirates was Buenzow with 15 and Schrage following with 11. High point man for Grant was a mighty sad John Stob with 18 points. As bad as his error may seem, Palatine would have run away with Grant but for Stob's fine playing at center.

THE GRANT frosh-sophs bounced to an early first quarter lead of 13 to 4 over the Pirates as Tom Raffel, Bulldog forward, hit for two field goals and one free throw. At the end of the half the Bulldogs had extended their lead to a count of 21 to 11 as Guetzloff, Grant center, racked up three field goals and one free throw.

Led by Kolze and Burtzlaff, who each scored four points, the young Pirates erased Grant's lead to a meager three points as the Bulldogs scored only four the entire period. In the final segment Palatine threatened as they hit six out of 13 shots from the field, but the Bulldogs scored two straight buckets in the final two minutes of play to gain undisputed possession of second place in the Northwest conference.

High scorer for Grant was Bain with 12 and Guetzloff followed with 11. Kolze and Burtzlaff played best for Palatine and scored 15 points between them.

Arlington J.V squad loses to Niles, 42-39

Arlington's junior-varsity cagers dropped a 42-39 contest to Niles Thursday afternoon with all seven boys getting into scoring range but to no avail. The game was close all the way.

Consistency was the number one job for the afternoon as Coach Ray DeGreeff's charges tallied 11, 9, 9, and 10 points, while the winners were scoring 11, 11, 10 and 10 points.

Top man for Arlington was Bowersox with five baskets and five charities. Riha and Butterworth both tallied 12 scores for Niles.

Parls stuns Glenbard five

After Glenbard made a 225-mile trip, Paris played the role of a rude host when they whipped the visiting Glenbardians, 72-54 Saturday night.

Right from the start the Parisians set their scoring machine in operation and rolled up 16 points in the first round, doubling Glenbard's amount.

Glenbard caught onto the knack in the second frame when they rolled up 18 points to Paris 19. They kept slicing away at the downstaters until the end of the third stanza when they were within easy shooting distance. But a last period rally which netted 21 points set the Paris quintet far out into the lead.

John Wise was the big gun in Glenbard's scoring attack. The 6' forward racked up four baskets and six charities for 14 points. Willis was second with ten along with Weichenhain while Harp netted nine markers. Glenbard was further hampered by the finale when Harp committed his fifth miscue and was removed from the game.

Line-ups:

ALTHOUGH the night brewed unpleasant results for the varsity, Glenbard's reserves edged the Paris JV's, 40-39, in the first game of their Paris double-header. The Bards made a tremendous last frame stanza come-back to upset the Paris quintet. They rolled up 15 points in the last stanza to take the game out of the fire while Paris was only able to muster up seven markers.

Don Duffey spearheaded the Hilltopper floor attack. He controlled the backboard all evening and racked up high point honor with 15 points, four field goals and seven free tosses. Dave Clarke hit for seven along with Roger Steib while Dick Cline collected six points.

Arlington wrestlers beat Waukegan

Arlington's varsity wrestlers tripped Waukegan junior-varsity Thursday afternoon at the South school, 28-16, though several of the visiting grapplers are on the varsity squad. It seems Waukegan split its squad for two different meets, then lost the one at Heights.

The losers took the first three events in the lower weights, but Heights made a comeback with two straight pins, a decision, then two more pins before relinquishing a decision. Most decisive pin for Arlington was in the heavyweight loop where Brant took care of Brothortin.

In a series of exhibitions Mulso, Turk, Kennicott, and Milnamow gained pins for Arlington. Here again it was lack of enough opponents that forced Arlington into only a single meet, rather than a doubleheader.

103—Hagopian, Waukegan, pinned Campbell, Arlington, in :48 of 1st 5
112—Kennedy, Waukegan, pinned Thompson, Arlington, in 1:58 of 1st 5
120—Recieno, Waukegan, beat Welsh, Arlington, 5-0 3
127—Sargent, Arlington, pinned Saan, Waukegan, in 1:25 of 2nd 5
133—Worley, Arlington, pinned Kliora, Waukegan, in :28 of 3rd 5
138—Schaeffer, Arlington, beat Alexott, Waukegan, 6-0 3
145—Leckband, Arlington, pinned McDonough, Waukegan, in :56 of 2nd 5
154—Butler, Arlington, pinned Wheeler, Waukegan, in :28 of 3rd 5
165—Maricle, Waukegan, beat Emmerick, Arlington, 10-0 3
Hvy.—Brant, Arlington, pinned Brothortin, Waukegan, in :24 of 2nd 5

Bensenville close first quarter but then succumbs

by DUNLOP ANDERSON

The Barrington Bronchos methodically clinched their fourth straight Northwest conference basketball championship last week end as they overpowered Bensenville Friday night, 65-48, on the loser's floor, and returned home Saturday evening to beat Ela, 65-41, for their 11th conference victory of the season and 21st over two years. As the Bronchos have only three conference tilts left, and Wauconda, Grant, and Ela have each lost four times, the title is sewed up for Barrington.

The Barrington frosh-sophs also won two games as they beat the little Bisons, 38 to 27, and slashed Ela, 60-39. These boys now have 15 victories in 16 starts for the current campaign, and 38 out of 39 over the past two seasons.

Fred Cochran and Mickey McGowan, the one-two scoring punch of the Bronchos, led the way against Bensenville by scoring 23 points and 18 counters respectively. Karrigan was high point man for the losers, tallying 13.

FIRST QUARTER found Barrington stymied by the small Bensenville floor, and, largely because of McGowan's five field goals, led only 14-13 as the initial period ended. The Bisons furnished real competition briefly in the second quarter but Dave Heckmiller's five straight points gave the Bronchos a 22-16 lead they never relinquished. Barrington led 30-21 at halftime.

Coach Les Harman's lads were sizzling in the third quarter as they tallied 25 points to Bensenville's 13. Cochran, the stellar Barrington guard, scored 7 straight points at one interval as he hit from all parts of the court. The winners led, 55-34, at the end of three quarters, and were outscored by Bensenville, 13-10, during the last period when Harman substituted freely.

For Bensenville Palm and Karrigan rebounded well, and for the champs it was Heckmiller and Barry Berghorn performing most of the ball-plucking duties.

Barrington (65)	fg	ft	p
McGowan	9	0-2	2
Hohfelder	2	0-0	4
Berghorn	1	0-0	3

SATURDAY NIGHT the Harman quintet played host to the much-improved Ela Bears. Cole, Ela's 6'3" center, led the scoring with 18 points. With Ela having a height advantage over the Broncs and keeping the middle clogged, Barrington was forced to shoot from far out much of the time. This they did, and emerged victorious mainly because of the shooting prowess of three juniors. Cochran's 16 points, Berghorn's 15, and Chuck Hohfelder's 13 paced the winner's attack. Ela's Mickey Cuscaden, third high scorer in the conference, was held to six points, but played an excellent floor game.

Coach Ed Thommen's Bears stayed close to the winners for eight minutes as they tallied only 15-12 after the first quarter. However, Barrington's long-range artillery opened up, and the Bronchos' fire-wagon type ball was too much for Ela as the four-time champs led 33-22 at halftime.

BARRINGTON outscored the Lake Zurich cagers 18 to 12 during the third period and led 51-34. With Broncho subs playing much of the last quarter, the winners outscored Ela 14-7. Although Ela's size was a real threat, aggressiveness on the part of the Barringtonians turned the tide in their favor.

Taggart and Helzer, playing their last game for Ela, did a fine rebounding job for the losers as did Cole. Heckmiller and Gordy Liebert did the same for the victors.

Barrington hit 26 field goals in 78 attempts for 33%—5% under their seasonal average, while Ela had 17 for 54—a 31% mark. The Bronchos maintained their excellent free throw shooting—connecting on 13 out of 16 for 81%. Ela had 7 for 16 and 44%.

Barrington	15	33	51	65
Ela	12	22	34	41

COACH HAROLD Gaffney's Barrington frosh-soph hoopsters, playing without regulars Jerry Babb and Bunny Lindberg, still had little trouble in subduing Bensenville, 38-27, although the small floor somewhat cramped the usual wide open style of the winners. Pint-sized Roy Dewitz, Barrington guard, led with 17 points, connecting on eight long-range baskets. Elmer Saveley of the Ponies and Hever of the losers had nine counters each.

Barrington (38)	fg	ft	p

Bensenville	1	7	14	27

Saturday night the Barrington cagers made the Ela Cubs their 39th straight conference victim by conquering Mel Eide's boys, 60-39. The losers gave the Ponies a real fight for three quarters and trailed only 39-27. However, in the last quarter the Barrington boys unleashed a smashing attack, scoring 21 points to Ela's 12. Elmer Saveley accounted for 24 of the winner's points; Dick Popp had 14, and Roy Dewitz netted 12. Prouty's 12 points and Hilbun's 10 were high for Ela. Barrington's John Gruber and Vance Stayner filled in admirably both nights for Babb and Lindberg.

Prouty and Hilbun played good ball for Ela, but the rebounding of Stayner and Popp gave Gaffney's crew a decided edge around the basket.

Cuscaden's 31 leads Ela in Wauconda win

Ela's fast stepping cagers soundly trounced Nolan and company of Wauconda last Friday night, 74-58. It was the second game in a row that the Bears had tallied 74 points and again Micky Cuscaden led the basket sniping with 31 points on nine field goals and nine out of 10 free throws. Bob Helzer, playing his last home game due to the eight semester rule, bagged 10 field goals and two free throws for 22 points.

Bob Nolan of Wauconda had his usually good night at point getting with eight from the field and 11 from the charity line for 27 points but after a 15-all tie at the quarter Ela pulled steadily away in spite of the big Wauconda star's scoring. It was Ela's second win over Wauconda.

In the frosh-soph game the score was tied at the end of every quarter and the Ela Cubs won 38-37 in the overtime to avenge an earlier defeat in the first meeting of the two teams.

Northbrook gives Grant good opposition

Except for the first quarter when Grant piled up a 22-9 lead the Northbrook Vikings played Grant's second place team on even terms. The final score of 72-50 was a far cry from the tally of over 100 points racked up by Grant when the teams met in December. Art Landwehr's stellar performance was the big difference. The big boy who rated an all league position a year ago scored 28 points including eight from the field and 12 from the free throw line. John Stob had 19 and Art Smejkal 18 for Grant. Grant's frosh-sophs maintained second in the league with a 44-32 victory.

List of unclaimed bonus checks open to public

State auditor Benjamin O. Cooper said continuous followup by his office during the past three years to find owners of unclaimed Illinois World War I and II bonus checks has decreased the total amount of undelivered money from more than $300,000 down to approximately $40,000.

The list of remaining unclaimed bonus checks made public contains the names of 76 World War II checks ranging in amount from $50 to $900 and 120 World War I checks ranging from $6.00 to $300.00.

Murl Dunn, 114 S. Walnut, Arlington Heights, and Vincent Welch, Des Plaines, are included.

Paddock Publications has the complete list available for readers at its office.

Reading in Bed

Fourteen-year-old Dalton Turner read the New Testament from beginning to end while a patient at Arabia temple crippled children's hospital at Ho... Tex.

Hearing Aid

By makers of world-famous Zenith Radios, FM, Television Sets. Highest quality, only $75—why pay more?

What you can deduct for car

In order to aid confused motorists in the filing of their 1951 income tax returns the Chicago Motor Club released the following simplified list of legal deductions:

By special provisions of the law, in computing his adjusted gross income on Form 1040, a motorist may deduct automobile expenses incurred in carrying on a trade or business. For this purpose an employee generally is not regarded as being in a trade or business.

If the motorist files form 1040 and itemizes his deductions on page 3, he may include these allowable non-business deductions:

1: All sums paid during the taxable year 1951 in the form of registrations fees, driver's license fees and personal property taxes.

2. All gasoline taxes paid by motorists to the State. In Illinois the tax was $.03 per gallon until August 1, and $.04 for the balance of the year.

3. The interest on money borrowed for the purchase of an automobile.

4. Casualty losses sustained by reason of damage to a passenger car while being used for pleasure.

Infant Tastes

The newborn infant has a much more highly developed sense of taste than of sight or hearing. Every day-old child already has preferences as to what tastes he likes or dislikes. Sweet tastes are relished, but salt, sour or bitter tastes are rejected with a definte cry of distaste.

The pipe of the future!

CARLON PLASTIC PIPE is proving to be the pipe of the future because it eliminates many installation, maintenance, and replacement problems that are inherent in metallic pipe. This durable, lightweight pipe is guaranteed against rot, rust and electrolytic corrosion, and it has a projected service life more than double that of ordinary pipe.

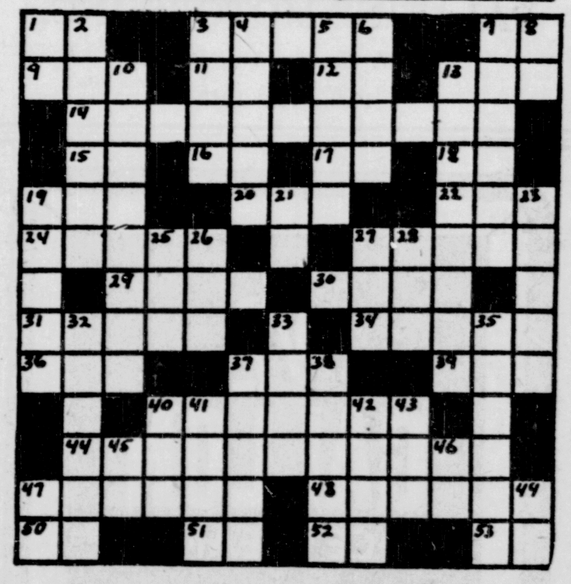

This strong, durable new pipe can be utilized for the transmission of drinking water in home and barn as well as for fowl and livestock watering. In addition, CARLON is recommended for land irrigation and drainage purposes, and for sewage removal.

You can win a big new '52 Ford!
It's built for keeps!

Watch this car change the industry!
FIVE CARS GIVEN AWAY
One to be Awarded Each Day on Friday, Saturday, Monday, Tuesday and Wednesday
(CLOSED SUNDAY)

HERE'S WHAT TO DO

1. Between 8:00 A.M. and 9:00 P.M. on Friday, February 1, Saturday, February 2, Monday, February 4, Tuesday, February 5 or Wednesday, February 6, visit the Ford Dealer listed below.

2. Fill out entry blank provided by the Ford dealer and drop into the entry drum in his showroom.

3. Contest entries for the new 1952 Ford are open to everyone except employees and their families of Ford dealers, Ford Motor Company and their advertising agencies.

4. All winners will be promptly notified.

Listen to "John Harrington and the News" over WBBM at 5:15-5:30 P.M., Monday through Friday, and the "John Harrington Show" over WBBM at 8:15-8:30 A.M., Saturday, during this period for full particulars and the announcement of winners.
